SUBMARINE NOT YET SIGHTED AT VIRGINIA CAPES

Little News from Subsea Merchantman Since She Began Her Return Dash from Baltimore Last Night.

Fortress Monroe, Va., Aug. 2.—Eighteen hours after the German merchant submarine Deutschland sailed from Baltimore on her return voyage to Germany she had not been sighted from the Virginia Capes or in Hampton Roads and nothing had been heard from her since 6:30 o'clock this morning when she was reported off Tangier Sound, about sixty miles up Chesapeake Bay.

Although last night she was said to be making 16 knots, she apparently has been proceeding since at a much slower rate of speed. On the trip up the bay after her arrival off the capes only 17 hours was required for the run from Hampton Roads to Baltimore.

But One Allied Warship.

Much surprise was occasioned here by reports brought by passengers on an incoming coastwise steamer that only one allied warship was on guard today off the capes.

At 2 o'clock the Deutschland had not been sighted at the capes. During the early afternoon a two funneled warship came near the three-mile limit for a few moments and then disappeared.

HEADING TOWARD LOWER BAY.

Deutschland Moving at High Speed When Last Reported.

Newport News, Va., Aug. 2.—The German merchant submarine Deutschland was sighted off Tangier Sound at 6 o'clock this morning. She was still heading toward the lower bay at a high rate of speed. Tangier Sound is about 75 miles above the capes.

Two aeroplanes were seen flying over lower Chesapeake bay at Hampton Roads shortly after daybreak this morning. They were not from the Atlantic coast aeronautical station here. It is believed they came from the armored cruiser North Carolina, on neutrality patrol off the Virginia capes. The machines maneuvered back and forth over the water at a moderate altitude.

Passengers arriving today on an Old Dominion liner from New York reported that when the ship approached the Virginia capes only one foreign warship was sighted. They told of seeing an object lying low in the water with two masts visible, toward which the foreign cruiser was heading. It looked like two huge buoys with masts above and some of the passengers thought it might be supporting a net. It lay just outside the three mile limit, where the channel is narrow.

MOOSERS MAY TAKE UP THREE COURSES

Indianapolis, Ind., Aug. 2.—Progressive national leaders began to arrive in Indianapolis today to attend the conference to be held tomorrow to determine the future policies of the party.

According to men prominent in the party in Indiana, three possible proposals may be considered. One of them is to name a presidential candidate; the second is to allow all progressives freedom to vote for any candidate they desire on the national ticket, and the third is said to be a possible attempt to have President Wilson endorsed.

Not more than forty or fifty progressives are expected at the conference, it was said here.

FEDERAL MEDIATORS WILL TAKE UP TASK

Begin Effort to Adjust Long Strike of Garment Workers.

New York, Aug. 2.—Three mediators appointed by the United States department of labor were to confer here today with manufacturers of women's garments and with leaders of the union of their employes in an attempt to end the strike of 45,000 makers of women's clothing which has been in progress for fourteen weeks. If the mediators fail to bring about an agreement it is understood they will start an investigation of the women's garment industry.

The ratike situation was complicated today by the action of 150 manufacturers of men's clothes who locked out yesterday 15,000 workers, increasing the number of idle garment workers to 30,000. There are reports that the union of workers on men's garments will call a general strike of 60,000 men. This action would bring the total number of strikers on men and women's garments in this city to 100,000 persons. Fully $100,000,000 in orders for women's clothes are waiting to be filled when the shops reopen. Manufacturers of men's clothing said orders for $150,000,000 worth of men's clothing had been placed for the fall season, and that orders cannot be filled if the lockout leads to a general strike.

PYTHIAN KNIGHTS ON A SIGHT-SEEING TRIP

Portland, Ore., Aug. 2.—The supreme lodge, Knights of Pythias, which opened its twenty-ninth biennial convention here yesterday, continued its sessions today. The better part of the day, however, was to be devoted to a sight-seeing trip up the Columbia river gorge.

Members of the supreme temple, Pythian Sisters, and the grand lodge of Oregon, who are holding their conventions here in conjunction with the supreme lodge, were included in the two parties that left here on the trip. One party went by boat and the other in automobiles over the Columbia river highway. They met at Booneville for a salmon luncheon. On the return trip those who traveled up by automobile will return by boat and the steamer passengers will travel back over the highway.

Tonight the Dramatic Order of Knights of Khorassan parade and ceremonial will be held.

OHIO POLITICIAN DEAD.

Toledo, O., Aug. 2.—James S. Bracely, Sr., 67, for a quarter of a century a prominent factor in Ohio politics, died suddenly at his home late last night from apoplexy. He was recognized as a leader of the Foraker faction in northwestern Ohio.

REV. F. PFOTENHAUER.

dle district of the Missouri Lutheran synod opened Wednesday morning at Emmaus Lutheran church. Rev. F. Pfotenhauer, of Chicago, general president of the Missouri snyod, delivered the sermon.

The five hundred delegates to this convention consist of ministers, teachers and lay delegates from all the congregations in the three states of Indiana, Ohio and Kentucky. The noonday meals are being served in the hall of Emmaus church by the Ladies' Aid societies of Emmaus, Emmanuel and Trinity churches. They are being housed in the homes of the members of these three congregations. The convention closes Tuesday, Aug. 8.

Rev. Pfothenhauer, in his sermon, spoke of the growth of the Holy Christian church and chose for his text, Ephesians 2, 19 to 22. In his preliminary remarks the president of the synod said the Holy Christian church is invisible against the so-called visible church, which consists of those who call themselves Christians, and includes people of all creeds. He stated that the visible church considered as an organization is of value only insofar as it really assists in advancing the growth of the holy invisible church.

NO INDICATION OF LENIENCY IS SHOWN

Plans Unchanged as Hour of Casement's Doom Approaches.

London, Aug. 2.—Roger Casement's solicitor, Gavin Duffy, of Dublin, had not received word this morning of any change in the plans for the execution by hanging at 9 o'clock Thursday morning of his client at Pentonville prison.

Premier Asquith had received an extensively signed petition from Ireland, but beyond a formal acknowledgement, he had not further communicated with its originators.

Casement, according to Solicitor Duffy, who sees the condemned man frequently, remains unconcerned. He no longer looks dejected, or depressed, and betrays no emotion as the hour for his execution approaches. He eats well, favoring fruit and iced drinks.

SENATE PLEA IS SENT.

Washington, D. C., Aug. 2.—At President Wilson's direction today the state department cabled to Ambassador Page for presentation to the British foreign office the resolution passed last week by the senate requesting the president to urge that Great Britain extend clemency to Irish political offenders. The resolution, designed chiefly to aid Roger Casement, sentenced to hang tomorrow, was held up by legislative formalities and reached the white house today. Acting Secretary Polk and Ambassador Page would not be instructed to make verbal representations in handing the resolution to the foreign office.

ACCIDENT FAILS TO DAUNT BRIDEGROOM

Indianapolis, Ind., Aug. 2.—An automobile accident which bruised him considerable was not allowed to interfere with the wedding plans of Leo Faust today. He and members of his family were on the way to the home of Miss Hattie Angrick, the prospective bride, when he says a railroad gateman dropped the gate in front of his automobile after he was on the track. An approaching train made it necessary to run through the gate. It was splintered and the front of the automobile damaged. After receiving emergency treatment from a physician Faust hurried to the home of his bride to be, and, although he was bandaged and his clothes were wrinkled, the ceremony was performed as planned.

BANDIT HUNT FUTILE ONE

No Trace of Brigands Discovered After Report of New Invasion.

AMERICAN TROOPS ON A HURRY CALL

Rush from El Paso to Take Up Search in Early Morning.

El Paso, Tex., Aug. 2.—A thorough search of the territory between Finlay and Fort Hancock by United States regulars failed to disclose any Mexican bandits. This information was contained in reports to Gen. George Bell, Jr. Troops had been sent to the district early today upon receipt of advices that approximately 150 bandits had crossed the Rio Grande.

The cavalry is supported by a battalion of the Twenty-third infantry rushed from El Paso to Fort Hancock early today in response to reports to Gen. George Bell, Jr., commanding the El Paso military district that bandits in large numbers had crossed the Rio Grande in that vicinity.

First reports to General Bell from the cavalry column said three hours' search of the hills disclosed no trace of bandits.

The report of the absence of the bandits was from Captain William Kelly, jr., in command of the two troops of the Eighth cavalry, sent from El Paso. A similar report was received from Pop Alhson, civilian scout of Sierra Blanca, who stated that he had combed the hills without finding trace of bandits.

Reports of the presence of bandits were received shortly after midnight from Sergeant Harry F. Smith, commanding an outpost of the Eighth Massachusetts infantry east of Fort Hancock. Smith stated his men had watched the party cross the Rio Grande and move northwest in American territory.

Held in Readiness.

The infantry, transported in motor-trucks, is being held at Fort Hancock together with a motorcycle squad also sent from El Paso to reinforce the cavalry should the trail of the bandits be picked up. Reports to General Bell estimated the number of bandits from 50 to 175. One report said the bandits form the main body of which the five who engaged a joint command of Mexican and American cavalrymen below Fort Hancock on Monday were the advance guard.

Previous reports that bandits were in the neighborhood had been brought here Saturday by officers of the First Delaware infantry. They asserted that the troop train on which they were riding en route to Deming, N. M., was fired on in the vicinity of Finlay.

There had been various rumors here through the night of bandit activities in the neighborhood of Fort Hancock. One version had it that a band of a hundred or more Mexicans crossed the line to avenge the deaths of the Mexican cattle thieves shot down Monday in the fight with an Eighth cavalry detachment about six miles from the fort.

JOSEPH ZIMMERMAN AT BROADWAY PARK

Hon. Joseph Zimmerman, candidate for United States senator on the socialist ticket, spoke at 12:30 o'clock Wednesday afternoon to an enthusiastic audience at McCulloch park on Broadway near the Fort Wayne Electric works. He outlined the policy of the party, and stated that the socialists were gaining in numbers in every section of the country.

He will speak at the same place again Wednesday evening at 8 o'clock, and socialist leaders in the city are anticipating an exceedingly large audience to hear the able speaker.

FRENCH SCORE IN NEW BLOW

Paris Claims the Capture of Strongly-Fortified German Position.

TEUTONS PRESSING CLOSER TO VERDUN

Renewed Effort to Take Stronghold Showing Some Progress.

Today's War News Given in Summary

Dealing another powerful blow at the German lines, the French last night took a strongly fortified position between Hemwood and Monacu farm, close to the River Somme northwest of Peronne, according to this afternoon's Paris bulletin. There has been bitter fighting in this sector for several days and a repulse for the French when they advanced in strong force near Monacu farm was claimed yesterday by Berlin. South of the Somme near Estrees a German trench is reported by Paris to have been won in a French attack.

Apparently the Germans are making a renewed effort to force the issue at Verdun, Paris last night reporting heavy attacks east of the Meuse in which the French lines were temporarily penetrated in some sectors. Today the French war office admits that in the continuance of these attacks the French lines have been pushed a little farther back in the Vaux-le-Chapitre wood and at Chenois, northeast of Verdun.

In air fighting along the Somme front, where thirty-three aerial engagements took place yesterday, the French claim notable success. Fifteen German machines were driven out of action, seriously damaged by the French airmen; according to Paris, one of these air craft was seen to fall in flames.

Paris, Aug. 2.—North of the river Somme last night the French troops took a powerfully fortified German work between Hem wood and Monacu farm, it was officially announced by the French war department this afternoon.

On the right bank of the river Meuse, north of the fortress of Verdun, there was a violent series of engagements throughout the night at Vaux-le-Chapitre wood and Chenois, expanding to the east as far as to the south of Damloup. After a series of unsuccessful attacks, some with asphyxiating gas, the Germans gained a little ground in Vaux-le-Chapitre wood and at Chenois. During the actions the French took prisoners 100 Germans, including three officers.

A Russian reconnoitering party, the statement adds, made a bayonet charge in the Champagne region, dispersing a German detachment.

TO DEMOLISHED TRENCHES

Berlin's Version of Operation in Somme Region.

Berlin, Aug. 2.—(Via London, 5:11 p. m.)—On the high road between Maricourt and Clory, in the region of the River Somme, French troops penetrated "To our completely demolished trenches," says the official statement issued today by the German army headquarters. The Germans captured a hill in the salient

D. C. FISHER SUFFERS ATTACK OF PARALYSIS

Improvement Later Reported in Condition of Well-Known Citizen.

D. C. Fisher, 73 years old, one of the best-known Fort Wayne insurance men, suffered a slight stroke of paralysis on Wednesday morning at 9 o'clock at his home, 129 West Jefferson street, leaving his left arm affected. Mr. Fisher also experiences slight difficulty in speaking.

Dr. G. Van Sweringen, who was called in the case, said that later in the morning Mr. Fisher's condition was more favorable. Mr. Fisher had been troubled somewhat with rheumatism in the left knee for a week. Wednesday morning the knee suddenly weakened and he fell to the floor. Partial paralysis had developed in the knee, but it passed away, leaving nothing but the arm and the usual effects of the

WILSON UNCHANGED IN SUFFRAGE STAND

President Still Believes It Matter for States to Determine.

Washington, D. C., Aug. 2.—President Wilson has not changed his position that the woman suffrage question should be dealt with by the states, it was announced today at the white house. The statement was brought forth by the announcement yesterday of Charles E. Hughes, the republican nominee, that he favored an amendment to the federal constitution giving the vote to women.

A delegation of suffragists saw the president yesterday and afterward indicated they believed he would make a new statement on the question before the convention of the National American Woman Suffrage association in September. At that time the policy to be pursued in the presidential campaign will be determined by the suffrage association. Today Secretary Tumulty discussed the question with the president and afterward announced that Mr. Wilson's position on the subject was unchanged. This position as outlined several times to suffrage delegations within the last three years is that while he favors votes for women, he is opposed to federal action.

The president voted for woman suffrage in New Jersey last year. It was indicated that today's announcement was final.

WILL START COUNT OF VOTES FROM THE WEST

Rail Men Believe Strike Sentiment Will Be Almost Unanimous.

New York, Aug. 2.—A committee of fifty men continued the counting of the strike vote cast by 400,000 employes on 225 railroad systems in the United States. Timotny Shea, who is in charge of the counting, said he believed the vote would be almost unanimous to quit work if the railway officials persisted in their refusal to grant the demands of the men for an eight hour day and time and a half for overtime.

The counters expect to finish today the counting of the vote in the eastern territory. They will then take up the western vote.

The ballots counted today are mainly votes of the eastern and southern members of the "Big Four" railway brotherhoods. The western and southwestern chairmen will arrive in a few days with the ballots from their respective communities. It is expected that the lowest number of votes cast in favor of the strike will come from the eastern members of the railway unions. Thus far, the largest number of votes in favor of the strike have been cast by the members from the south. An official of the southeastern association of trainmen who is in close touch with the situation, declared today that 99½ per cent of the members of the four orders of railway workers of the south favor the strike. It had been expected that the counting of the votes would be completed by Aug. 7, but at the rate the count is being made it ought to be completed before that, unless there should be some unexpected delay.

LUECKE ASKS APPROVAL OF PLANS FOR MEETING

Martin H. Luecke, democratic chairman of the Twelfth district, left for Indianapolis, Wednesday afternoon, to confer with members of the democratic state central committee relative to approval of plans for the keynote address which John A. M. Adair, of Portland, candidate for governor, will deliver in Fort Wayne, August 19. As soon as approval is secured Mr. Luecke will be ready to announce a program.

Democrats in all counties of the district are marshalling their forces for the approaching Adair meeting and expect to make it one of the biggest ever held at a campaign opening. Meetings will be held in all counties of the district between chairmen and precinct committeemen August 12.

DESPITE ALLIED BLOCKADE.

Merchant Shipping Cleared from U. S. Ports at New Mark.

Washington, D. C., Aug. 2.—Merchant shipping cleared from ports of the United States in the year ending June 30 set a new record, notwithstanding the allied blockade, the closing of the Black sea and the withdrawal of German and Austrian merchant ships from trade. Bureau of navigation reports made public today show the tonnage cleared was 25,500,000, of which 2,500,000 originated in the United States and 23,000,000 was foreign. The previous high-water mark was [illegible] cleared in the year ending [illegible].

RAILWAY MEN SHOW FIGHT

Resent Jersey City Ban on Bringing in Cars of Explosives.

MORE BODIES FOUND AFLOAT IN THE BAY

That of Capt. Leyden Paves Way for Prosecutions for Manslaughter.

Jersey City, N. J., Aug. 2.—Agents of the city commissioners today were sent to the terminals of railroads entering this city to put into effect the order of the commission placing a ban on the storage of ammunition in cars upon piers in this city and upon its shipment through this city to steamers going to Europe. This action was taken because of the great explosion of ammunition at Black Tom pier Sunday morning.

The order becomes effective tomorrow afternoon. All the railroads having terminals here have received notice to discontinue moving the war explosives through this city. The order directs that every freight train coming into Jersey City must be halted at the city line where the conductor will be required to show his manifest and if this reveals that any of the doned. M. H. Luecke is general chairman of the movement to build the swimming pool. The committee named to district the city for subscriptions has no doubt of ability to raise the funds.

PLEDGE BLANKS ARE GIVEN 80 ROTARIANS

Will Start Canvass to Get Funds for Municipal Swimming Pool.

Subscription pledges were on Wednesday being placed in the hands of Rotarians and by Thursday eighty members of the Rotary club will have joined a canvass of the city to raise $6,000 to build a municipal swimming pool for Fort Wayne. To simplify the work Rotarians have been given city blocks to solicit with which they are familiar each one being responsible for a certain locality.

Solicitations Started.

Some solicitation was started Wednesday, and it will be continued until Friday noon, when a report at luncheon of the Rotary club at the Commercial club will be heard. Plans to make the campaign a one-day affair were aban-

New Ft. Wayne Battery Reaches Peace Strength

Nicely located in their new quarters in the Empress theater building, Battery D, the local artillery organization, arrived at peace strength at noon Wednesday. Captain John Scheffer is preparing to send in a list of 133 names to the adjutant general tonight. This will warrant the mobilization orders which are expected to be received Thursday evening.

It may be several days before the Fort Wayne boys will leave for Fort Benjamin Harrison, but it is very likely that they will be on their way by Monday noon. However, this is only a supposition, and it may be possible that the battery will leave yet some time this week.

Four men from Huntington passed the examination Wednesday morning and were mustered into service. They are: Charles S. Beard, John H. Reeves, F. L. Gee and H. E. Chesterman.

Wednesday evening will be the regular drill practice night and officers will be chosen. Captain Scheffer announces that he wants every member of the battery present at tonight's meeting. As the men have been mustered in this order is compulsory.

SPEEDERS ARRESTED BESIDE OPEN GRAVE

Chauffeurs for a Funeral Party Taken in Charge at Cemetery.

Chicago, Aug. 2.—Five men were arrested at an open grave in Oak Ridge cemetery yesterday when a motorcycle policeman, who had pursued them into the cemetery, seized them as speeders.

The men arrested were chauffeurs who had driven the mourners to the funeral of Mrs. Henry Howard, of 4828 Langley avenue.

While passing through the village of Bellwood, it is charged, the chauffeurs exceeded the speed limit.

Widower in Collapse.

Constable Henry Ernest pursued the autos and reached the cemetery just as the casket was being lowered into the grave. The funeral was interrupted and Henry Howard, the widower, collapsed, it is said.

When the last rites were finished the constable conducted the party back to Bellwood. Ernst refused to permit the drivers to take the mourners home and appear later to answer the charges, but compelled the party to remain outside the building which serves as the Bellwood general store and courtroom for more than an hour, while Justice of the Peace William Rowe approved the bonds.

The chauffeur of a private car, not hired by the undertaker, paid a $5 fine and went home, but the others announced they would fight the case.

Denies Speeding Charge.

L. V. Gustin, of Boydston Brothers' undertaking establishment, protested to the justice that the road was so rough through Bellwood it was impossible to make more than twelve miles an hour and that no car could make the speed of twenty-five miles charged.

A continuance to Aug. 8 was granted and Gustin hurried back to Chicago, where he placed the matter before Charles M. Hayes, of the Chicago Motor club. Mr. Hayes referred it to State's Attorney Hoyne and asked for an investigation into the actions of the constable.

"I couldn't believe we were under arrest," said Mr. Gustin at night. "I know we were not going faster than ten miles an hour. When we got to the courtroom the constable charged us with making twenty-five miles an hour. Then I heard him whisper to the justice, 'Better change it to fifteen miles an hour.'"

SIGNS TELL WAY TO CATTLEMEN'S PICNIC

Signs three feet long and a foot wide, showing the route by way, either of the Leesburg road or Lincoln highway, to the farm of Arthur Herriman, where a picnic of shorthorn breeders will be held Thursday, have been posted by C. Henry, county agent, who announces there should be no difficulty in finding the place of holding the picnic. These signs will aid those persons who attend the affair, but who make the trip independent of the general party.

Persons taking the Leesburg road will leave the city by West Main street, going to the end and then following the Bass road to the first sign and continue the course from that point as signs direct. Persons taking the Lincoln highway route should leave on Wells street to reach the Lincoln highway. It is estimated that 2,000 persons will attend the picnic at which prominent breeders of shorthorn cattle and members of the faculty of Purdue university will be the speakers.

POLICE NOW GUARD FILTRATION PLANT

Pittsburg, Pa., Aug. 2.—The Pittsburg filtration plant at Aspinwall was under police guard today following the reports that striking white wings and rivers of the Pittsburg street cleaning force were inducing filtration laborers to join the strike. A number of men failed to report for work this moning, and disquieting rumors were in circulation.

The city council has refused the demands of street men for an increase of five cents an hour in wages, and Robert Swan, director of public works, has discharged the 1,100 strikers, employing men to take their places. The strikers are members of the American Federation of Labor.

BORDEN'S ASSETS ARE APPRAISED AT $533

The Hat Merchant's Stock Shrinks in Value Following an Inventory.

George A. Dehm, one of the three persons appointed to appraise the assets of Abe D. Borden, bankrupt hat merchant, at 629 Calhoun street, has filed a report with Sol A. Wood, referee in bankruptcy, showing Borden's assets to be $533 including stock and fixtures of the store. Borden listed assets of $1,575 in his petition in bankruptcy.

Benjamin Wartell, trustee in the bankruptcy, has filed a petition with Mr. Wood asking an order of sale. Mr. Wood has not acted on the petition. According to the appraisement Borden's stock is worth $240, the fixtures and furniture comprising the remainder of the assets. Borden's liabilities are in excess of $2,100.

Denies an Exemption.

Sol A. Wood, referee in bankruptcy, has denied Meyer Edelman, former Fort Wayne ready-to-wear merchant, who filed a bankruptcy petition May 1, an exemption of $600 on the ground that he is not a householder in the state. Edelman's family, Mr. Wood found, resided in the state of New York. Edelman claims the exemption because his daughter came to Fort Wayne and resided with her father two months and his son was here at the time the petition was filed. Edelman set up his store in Fort Wayne in March, 1915, and did busiess at 117 West Berry street.

Village Merchant Bankrupt.

Walter E. Badean, retailer of notions and dry goods at Stroh, Lagrange county, has filed a voluntary petition in bankruptcy in the United States district court. He lists assets of $2,710 and liabilities of $6,572.84. His stock is valued at $2,000.

FUNSTON ANGERED BY BORDER FAKERS

Will Rid Camps of Writers Who Send Out False Reports.

San Antonio, Aug. 2.—General Funston last night sent to the war department at Washington a telegram announcing his intetio to rid the various nouncing his intention to rid the various guardsmen camps of newspaper correspondents of conditions in the camps. He referred to such correspondents as "pests," and said he had endured them as long as he purposed to.

An order has been sent to all district commanders along the border covering future action against newspaper men sending out dispatches which may be classed as untruthful. In each instance the offender will be tried by a special court of militia officers from his state. If found guilty he will be ordered from camp.

Sissies Do Kicking.

"The great mass of the guardsmen are standing the hardships of camp life well," said General Funston, "and have no cause for complaint. It is only molycoddles and sissies who kick. These are the ones that tell tales to special correspondents."

The general's telegram, which was sent to the adjutant general, said: "I wish to call attention of the war department of the carnival of lying being indulged in by many of the correspondents who accompanied the state troops to the border.

"While there are honorable exceptions, many of these correspondents are men of no judgment.

"They persistently neglect to say anything about the excellent and creditable things that they see, and if they can see nothing to find fault with manufacture lies out of whole cloth.

"I have endured these pests as long as I propose to and shall hereafter bar offenders from camps and prohibit them from accompanying troops on the march."

MRS. ALBERT HAVEL IS VICTIM OF HEAT

Heat has claimed its third victim in Fort Wayne. Mrs. Josephine Havel, wife of Albert Havel, of 2716 Lafayette street, died at the family home Tuesday night at the age of thirty-eight years, following an illness of but eight hours in duration. The attending physician states that death was due to a hemorrhage caused by the woman becoming overheated.

Mrs. Havel was a member of St. Patrick's Catholic church and of the Rosary society of the same congregation. Besides the husband she is survived by four children—Neil, Clarence, Nora and Harold Havel, and three sisters, Mrs. Michael Daley, of Fort Wayne; Mrs. Charles Welch, of South Bend, and Mrs. John Hubler, of Chicago.

SYMPATHETIC YOUTH IN CYCLE ACCIDENT

When Dorothy Lambert, 15 Boltz street, and Hazel Beard, 3215 Oliver street, complained of being tired Tuesday evening, Arthur Monnier, 1016 McKee street, could not allow them to walk home. He loaded them both on his single cylinder motorcycle.

John Hartung was riding toward his home five miles from Fort Wayne on the Covington road on his motorcycle at the same time. The two machines met at the corner of Barr and Wayne streets. There was quite a jumble in the collision which took place.

Both girls were scratched and bruised. Hartung's left leg was bruised. The machines were damaged. The girls were hauled to their homes in the police machine. Doctor Gilpin, who attended the young people, said there were no serious injury.

INDIANA DEMOCRATS CALL IT MERE SCOLD

See Little to Commend in Mr. Hughes' Speech of Acceptance.

Washington, Aug. 2.—Indiana democratic leaders at the capital were inclined to be playful when asked for expressions on the speech of acceptance delivered by Charles E. Hughes, republican candidate for the presidency.

Vice President Marshall said:

"The rules of the code require the second to withhold his shot until the principal shall have fired."

Senator Kern, democratic senate leader, said:

"After reading five or six columns of this dreary essay I had almost abandoned all hope of finding any possible declaration or expression of opinion on any subject. I was delighted, therefore, in the last line of this soul-stirring production, to find the first clear, positive statement, namely, 'I accept the nomination.' All else seems involved in doubt."

Senator Taggart said:

"There is nothing in the speech except scold, scold, scold, and not a word about what he would have done under the same circumstances."

Representative Dixon, dean of the Indiana delegation in the house, said:

"Mr. Hughes devotes nearly the entire speech to criticisms, but he fails to state what he would have done if he had been in office and gives no definite information of his own position. On the tariff he is a standpatter, but upon all other subjects he is satisfied to criticise. His speech will make no rallying cry for republicans."

FURNISHES DATA ON STATE BARGE CANAL

New York Engineer is Aiding the Michigan-Erie Waterway Project.

Hon. T. E. Ellison, Wednesday, received a letter from Frank M. Williams, state engineer and surveyor of the state of New York, endorsing efforts of Fort Wayne men to argue successfully the benefits of the Michigan-Erie canal before the rivers and harbors board. Mr. Williams is furnishing Mr. Ellison with data regarding the construction of the state barge canal of New York and the latter will include this data in his brief to be offered at a hearing before the rivers and harbors board in November.

Cost Is Shown.

The state barge canal of New York will cost one hundred and twenty-five million dollars when completed. It is hoped to open the canal January 1. Construction on the canal was begun eight years ago. Mr. Williams has furnished the Fort Wayne attorney with a synopsis of contracts, showing the differences in costs in building the New York state barge canal. He has also furnished a profile of the entire construction plan of the canal which is now on file in the office of Mr. Ellison.

Shippers Want Canal.

Shippers in New York state are interested in the construction of the Michigan-Erie canal because they can get their boats into Chicago by the routing of the canal through Michigan from Toledo, O. Mr. Williams has been engineer of the state barge canal in New York.

FORT WAYNE BAPTISTS ARE AWARDED PENNANT

Honor Given Sunday School at State Convention at Frankfort.

Franklin, Ind., Aug. 2.—Honor pennants have been awarded by the state Baptist assembly, in session here, to Sunday schools and Baptist Young People's unions, which have maintained certain standards set by the state Baptist Sunday school board, as follows:

Standard Baptist Sunday schools (100 per cent.)—Bethany church, Boonville, Columbia City, Decatur, Gas City, Indianapolis First church, Indianapolis Tuxedo church, Logansport Temple church, Madison, Newcastle, Seymour, Valparaiso. TELLS OF GREAT EXPLOSION.

Harvey Porter, formerly manager of the Empress theatre of this city, but now manager of the show, "In Walked Jimmy," has written to his friends in this city, stating that he arrived at Black Tom Island, New Jersey, Sunday morning just after the second explosion. He said in his letter that the heat was terrible and that the iron and steel was in all manners of shape. One place he saw railroad tracks standing up in the air as high as fifty feet.

He is sending Trenkley & Koerbef of this city a shell which he picked up 300 feet from the damaged buildings.

cars contain explosives, these cars will be excluded.

Officials of some of the railroads threaten to obtain injunctions restraining the commissioners from barring explosives.

Two more bodies were found today floating in New York bay within a few rods of the scene of the explosion. One of the bodies was identified as that of Captain Cornelius Leyden, chief of the Lehigh Valley railroad police and previously reported missing.

The finding and identification of Leyden's body paves the way for the prosecution of thise who may be found responsible for the explosion. In complaints upon which warrants have been issued and served upon four persons, the death of Leyden is made the basis of individual charges of manslaughter. To make out the case it was necessary to have the body found and identified and every effort was made to recover it.

The other body found today, bringing the death list up to six, has not been identified.

Visible and Invisible Church.

In his sermon, which was highly appreciated by those assembled, the speaker pointed out that the Christian church was built upon the foundation of the apostles and the prophets. Jesus Christ, however, being Himself the chief corner stone.

He said in part, "The church grows at all times. It is a living temple of the Almighty God, enlarging even as a building, which needs to have a foundation and a corner stone. Even so the foundation of the church is the teachings of the apostles and the prophets, 'the Word of God.'

"The outward differences of position and wealth are lost in the harmony of the building itself. The teachings of the apostles and prophets are only foundations upon which the Church of God is built. The chief business of the church is to preach the Word of God. There is no confusion possible on this point, without effecting the stability of the church itself.

"The external church organizations are not of perpetual existence, but the Holy Church of Christ is eternal and is continually growing. The churches of Asia Minor and those of northern Africa have passed away. Church organizations have come and gone, but the invisible structure, the real Church of Christ, has remained and even grown in days of adversity. This fact is inspiring to all those who labor in the Lord's vineyard, making them willing to labor and to build under any conditions."

Prof. Herman Hahn presided at the organ and Miss Clara Lapp and Prof. H. German, of Emmaus school, sang a duet at the morning session.

Afternoon Session.

The afternoon session convened at 2 o'clock and Rev. William Moll, pastor of Emmanuel Lutheran church, of this city, and district president, delivered the sermon. This was followed by a general report of the growth of the district since the last annual session held at Cleveland. Roll call and organization of the synod was also conducted at the afternoon session. Rev. J. F. Keller, of Cleveland, is secretary of this organization.

With regard to the operations on the eastern front, the statement says that several Russian attacks against the German positions in the Stokhod sector broke down.

INFLICT HEAVY LOSSES

Italians Tell of Victory Over Austrians in Astice Valley.

Rome, Aug. 2.—(Via London, 4:25 p. m.)—The Austrians suffered a severe deefat in Monday's engagements in the Astico valley, the war office announced today. Their attacks on the Italian lines at Monte Zluggio, Castellatto and Mont Cimone were repulsed with extremely heavy losses for the attacking forces, the official statement declares.

An Italia naerial squadron dropped four tons of high explosives on the Whitehead torpedo and submarine works west of Fiume, in Hungary, yesterday, seriously damaging the plant, the announcement adds.

CLAIM FURTHER PROGRESS

British Assert New Advance Is Made Along River Somme.

London, Aug. 2—(4:05 p. m.)—Further progress has been made by the British troops to the east of Pozieres, in the River Somme region, it was officially announced this afternoon.

The South Shields Gazette says the Dutsch steamship Zeeland, of 1,293 tons gross, while on her way from a Scottish port to a foreign port, has been sunk by a German submarine after the crew had been ordered to take to the boats.

The German government has given a pledge to Holland not to destroy or molest Dutch ships carrying foodstuffs to England, according to a Copenhagen dispatch to the Express. This decision is the result of a visit to Berlin of Cornelius J. K. Van Aals, president of the Overseas Trust, and another Dutch commissioner.

The Express says Van Aalst presented an ultimatum to the authorities in Berlin to the following effect: Unless Germany agree snot to interfere with Dutch ships bound for England with food cargoes, Holland will close her eastern frontier. Otherwise the entente may stop Dutch imports from America and the Dutch colonies.

GERMAN REGULATIONS SEVERE

French Give Poignant Details of Deportations Last Easter.

Paris, Aug. 2.—Poignant details of the deportation at an hour and a half's notice of 25,000 citizens from the French towns of Lillie, Roubaix and Tourcoing by the Germans last Easter, are given in a French yellow book reelased for publication today. The German orders were for the people in certain districts of these towns to assemble in readiness for departure at their front doors, which were to be left open, and none was to leave the house before 8 a. m. The orders stated that "all protests will be useless and any one trying to evade deportation will be pitilessly punished." The victims in all cases were chosen arbitrarily by the officer in charge of the deportin gparty. Each person singled out for deportation was allowed sixty pounds of baggage, which it was recommended should consist of utensils for eating and drinking, a blanket, good shoes and personal linen. If any one exceeded this weight his or her whole baggage was to be thrown aside. When at their destination the deported persons were allowed to write to their relatives once a month.

SUBMARINE NOT YET SIGHTED AT VIRGINIA CAPES

(Continued from Page 1.)

PLANS CAREFULLY GUARDED.

May Dash Directly to Sea or Hide to Await Better Chance.

Baltimore, Md., Aug. 2.—Reported as passing Solomon's Island, Md., at 2:30 o'clock this morning, the next word of the German merchant submarine Deutschland which sailed from this port last evening for Germany is expected to come from some point in lower Chesapeake bay. Solomon's Island is about eighty miles from the Virginia Capes. The Solomon Island dispatch said that the Deutschland was steaming at a speed of about 16 knots an hour; that there was no indication when she would stop and that it seemed she was going right down to the capes.

If this proves true the Deutschland should be sighted at Old Point, Va., or at some point of observation in that of those who wished them bon voyage.

The sailing plans of the Deutschland were a carefully guarded secret, but when she left Baltimore there was a belief that she would proceed direct to Newport News. On the other hand there was an expectation in some quarters that the submersible would seek a quiet cove or inlet somewhere in lower Chesapeake Bay and there await a favorable opportunity to make a dash through the allies' blockade off the Capes.

No Word from Bremen.

No word has been heard from the Bremen, the Deutschland's sister ship, since it left Bremerhaven, according to Paul G. L. Hilken, a member of the Eastern Forwarding company, the American agents of the Deutschland.

Purely as a guess, Mr. Hilken said today, the Bremen may arrive at Baltimore any time after tomorrow. He did not know the date on which she left the German port, he said. He admitted that preparations were going on at the Locust Point pier, just vacated by the Deutschland, to receive another submarine. Mr. Hilken also said his company had cargo stored in every large port on the Atlantic seaboard.

Mr. Hilken talked concerning the line of submarine merchantment which the Deutsch Ozean Rhederei, builders and owners of the Deutschland and Bremen, propose to establish between Germany and America. One of the submersibles of the line will be named the America, he said, and another will be called the Baltimore.

When Start Was Made.

It was just 5:38 o'clock last evening when the lines were thrown off and the diver was towed from its berth amid the cheers of a small crowd which had gathered to see the departure and the blasts of whistles from the water craft surrounding, all of which seemed to mean Godspeed and good luck.

Color Will Hide Boat.

The new sea green coat was acquired in the last few days. In irregular lines across the whaleback were streaks of dirty white, and when the boat reaches waters deep and green it will be impossible to distinguish her, once she submerges.

When seen a few days ago the Deutschland was painted a steel gray.

The crew of the submarine was thinking little of their possible fate while they were receiving final orders from Captain Konig in preparation for the departure.

A smile illuminated the faces of the men and they waved their hats, and those who did not have hats waved their handkerchiefs in response to the cheers neighborhood early this forenoon.

Cheer Their Compatriots.

The crew of the steamship Neckar, interned at this port, which has been standing beside the Deutschland guarding her from curiosity seekers and those who might possibly have had evil design, was lined along the deck of the big ship looking down upon the little one as she left. Their faces, too, beamed with happiness and they were exuberant in their wishes of Godspeed.

The farewells were shouted in German. The Neckar gave another demonstration of best wishes in hoisting signal flags which in the international code meant "home bound, good luck."

Unfurl German Colors.

Then, too, the German colors were unfurled from the stern of the larger ship. It was the first time since the arrival of the submarine that the red, white and black striped emblem has been unfurled to the breeze from the masts of the Neckar.

The first final movement toward the departure of the Deutschland began shortly before 4 o'clock. At that hour there was unusual activity aboard the Neckar. A few seconds later the custom-house boat, detailed to convoy the freighter to the three-mile limit, made its way into the inner basin, followed by the police boat Lannan.

Diver Begins Voyage.

A few minutes before 5 o'clock the small power boat Efco made her way to the end of the slip. The revenue cutter came alongside the tug Thomas F. Timmins and the police boat also backed in beside the custom-house boat. There were conferences between the police officials, officers in the United States custom service and Captain Konig relating to the convoy of the submarine.

At precisely 5:30 the Lannan pulled out of the slip, the Efco backed in and tied close to the Deutschland, the custom-house boat pulled away and finally the Timmins backed in and made fast her lines. Then came the handshaking and the parting words of farewell from the crew of the Deutschland and the crew of the Neckar and the officials of the Eastern Forwarding company who were on the pier. Eight minutes later the Deutschland was being convoyed on her trip to Bremen.

VON HATZFELDT DOESN'T KNOW

Has No Information on Plans for the Deutschland.

Norfolk, Va., Aug. 2.—Prince von Hatzfeldt, counsellor of the German embassy at Washington, came to Norfolk today for a conference with local counsel in the Appam case.

When asked if he knew the submarine Deutschland had left Baltimore the prince said: "So I've heard, but I have nothing to do with her."

"Do you think she will stop at Newport News?" he was asked.

"I do not know," he replied. "I see no reason why she should, but I think that I would stop somewhere inside the three-mile limit."

Prince Hatzfeldt said Germany would continue to fight for the possession of the Appam, which the federal district court has awarded to the English owners.

AMERICANS PRAISED FOR VALOR IN FRANCE

Six Field Ambulance Members Cited in Orders of the Day.

Paris, Aug. 2.—Six members of the American field ambulance corps were cited today in the orders of the day in the French army.

Brooke Leonard Edward, of Philadelphia, is mentioned as having shown "the greatest courage and coolness in seeking the wounded in the advance. His ambulance was damaged by bursting shells."

James Hilton Sponagle, of Gloucester, Mass., is cited for "his remarkable coolness in repairing his motor on the road under violent bombardment and transporting wounded during a period of intense shelling."

Thomas Potter, of New York; Everett Jackson, of Colorado Springs, Col.; Walter Wheeler, of Yorkers, N. Y., and John Clark, of Flushing, N. Y., are each cited separately for the calm intrepidity and devotion with which their carried out their duties amid perilous conditions. All the men named are working in the Verdun region under the direction of Herbert Townsend and Henry White.

HANLY IS PROUD TO CARRY PROHI BANNER

Nominee for Presidency is Out in Statement of Acceptance.

Indianapolis, Aug. 2.- Hon. J. Frank Hanly, former member of congress and governor of Indiana and now the candidate of the prohibition party for president of the United States, has given out the following statement acknowledging the honor conferred upon him by the St. Paul convention, accepting the nomination as a "holy trust" and pledging his best efforts to put up a winning fight in the coming campaign. His statement reads:

To me this year—1916—has been an eventful one.

It has witnessed the severance of the party affiliations and ties of a lifetime; the offer of the nomination for governor of the state—given unsought, and declined, because the party that made it failed to stand up for the essential issue upon which acceptance alone could have been based; my affiliation with another party, in obedience to a vision of duty clear and unmistakable; and now, unsought and undesired, there comes to me matter for new and high decision.

With a generosity all but unequaled and an expression of confidence which may well be thought unmerited, the standard of the party of my new affiliations has been given into my hands and I am bade to take it and bear it as far toward victory as my poor powers of mind and body will permit.

I would that this standard might have been given into other hands—hands more worthy to have borne it on its great way, and that it might have been mine to have followed and to have fought with him, and for it, even in humble place. That would have been a joy, for I know the fighting would have been good, and my lance should have been ready, and before the contest ended, bright with use.

But in my hands the banner is—put there by those authorized to act, and who believed I would accept it and would honorably bear it. So given, I cannot refuse it or fail to carry it as proudly and as best I may.

It comes as a holy trust, and as such it must be accepted. To me it is a call to service such as has not hitherto come to me—a service so high and so great in its opportunity and possible results, that I am awed and humbled by it.

Unless others hold up my hands and aid me, I shall not be able to discharge the trust as I would that it should be discharged, and as those who devolved it upon me hoped and believed it would be.

Gratitude for the honor of leadership is deeply mingled with doubt and uncertainty of my own ability.

But upon this one thing there is no doubt—as to it my mind is clear—I shall not intentionally fail. I shall bear the banner given, where the battle is, and if I lose it, it shall be lost in honest combat, unstained with treachery or fear. Those who would follow it need not look for it elsewhere. It will be where the battle is.

ERUPTIVE TYPHUS CURABLE.

French Physicians Announce Discovery of Efficacious Serum.

Paris, Aug. 2.—A cure for eruptive typhus, the disease which made such terrible ravages in Serbia, has been discovered by Drs. Nicolle and Blaisot.

The physicians described their discovery to the academy of medicine. It is a serum which they found after exhaustive experiments. So far thirty-eight serious cases have been treated by injections, which were followed by rapid recovery in a number of patients. In addition the injections of the serum prevented complications so frequent in the disease and reduced the death rate from 25 to 3 per cent.

SHARP DIFFERENCE SHOWN.

Naval Officers Not in Accord on Proposed Change in Plan.

Washington, D. C., Aug. 2.—High navy officers were heard again today by house conferees seeking information as to promotion changes provided in the naval bill. The hearings have developed sharp differences among officers regarding the wisdom of a senate amendment which would make higher promotions by selection instead of by seniority. Opponents declare the selection plan virtually would re-establish the one-time "plucking" system.

MICHIGAN IS TRYING OUT NEW HEALTH WORK

Clean Up Camp Grounds and Cut Down Vacation Ills is Her Advice.

Lansing, Mich., Aug. 2.—Michigan is undergoing an experiment other states might try in taking effective measures to lessen the number of after-vacation cases of typhoid fever and other ills.

Health officers in various parts of the state, according to a bulletin issued by the Michigan state board of health, are investigating summer resorts and popular camping grounds with a view to making them sanitary.

Investigation of some resorts showed garbage heaps were close to cottages, make-shift toilets were erected close to camps and shallow wells supplied campers with drinking water.

An inquiry from cottage to cottage showed practically every owner was glad of a chance to buy a covered garbage can and pay a neighboring farmer 25 cents each week to carry away the garbage and tin cans.

Many were glad to install efficient dry earth and chemical toilets when the necessity was brought to their notice. Others cheerfully made vaults tight and screened windows.

Wells were carefully inspected, the pits drained and samples of water collected for analysis. Condemned wells were abandoned and the question of good water solved.

To eliminate other undesirable conditions, such as the throwing of refuse into the lake, numerous cards on resort sanitation, furnished by the state board of health, were conspicuously displayed. A satisfactory result was secured with little effort and in two days 150 families were given an added assurance of comfort and health.

Dr. Don D. Knapp, who reported the above case, suggests that state boards of health employ a few experienced sanitary inspectors, furnish them with motorcycles, and send them to the resorts of the states. He says the good they could do would be incalculable, and the appreciation and co-operation they would meet would be most gratifying.

It is claimed the work done at resorts in Michigan, if done in all states, would greatly reduce the vacation toll of death and sickness.

DAILY BIBLE READINGS FOR THE HOME

John 8:12-24.

12. ¶ Then spake Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life.

13. The Pharisees therefore said unto him, Thou bearest record of thyself; thy record is not true.

14. Jesus answered and said unto them, Though I bear record of myself, yet my record is true: for I know whence I came, and whither I go! but ye cannot tell whence I come, and whither I go.

15. Ye judge after the flesh; I judge no man.

16. And yet if I judge, my judgment is true: for I am not alone, but I and the Father that sent me.

17. It is also written in your law, that the testimony of two men is true.

18. I am one that bear witness of myself, and the Father that sent me beareth witness of me.

19. Then said they unto him, Where is thy Father? Jesus answered, Ye neither know me, nor my Father: if ye had known me, ye should have known my Father also.

20. These words spake Jesus in the treasury, as he taught in the temple: and no man laid hands on him; for his hour was not yet come.

21. Then said Jesus again unto them, I go my way, and ye shall seek me, and shall die in your sins: whither I go, ye cannot come.

22. Then said the Jews, Will he kill himself? because he saith, Whither I go, ye cannot come.

23. And he said unto them, Ye are from beneath; I am from above: ye are of this world; I am not of this world.

24. I said therefore unto you, that ye shall die in your sins; for if ye believe not that I am he, ye shall die in your sins.

Mr. Hughes in Acceptance

Mr. Hughes has run true to form. The republican nominee in his address formally accepting party leadership in the race for the presidency did precisely what he had been carded to do. He went to the extreme in his denunciation of President Wilson, assailed every achievement of the democratic administration as an unmitigated blunder, credited it with nothing whatever either of ability or of patriotic purpose, and then offered as an alternative some high-sounding pronouncement of program that jingles well but leaves the reader hopelessly at sea as to precisely what he means. He waved the flag, threw in some panegyrics on Americanism and sweepingly dismissed the whole thing at that. He did not deign to supply the answer.

Mr. Hughes, it is recorded, spoke somewhat more than an hour in notifying the republican party that he accepted the honor at its hands. It is given out, too, that he was enthusiastically received and that his utterances were warmly applauded, as was to have been expected. The stage was set for just such a climax as that, and yet calm and dispassionate analysis of the address, removed from the influence of party enthusiasm and with the glamor of the occasion absent, leaves one amazed to discover how easily platitude can be mistaken for courageous pronouncement, and how readily finely-phrased generality will sometimes be accepted as the utterance of divinely-raised leadership.

By far the larger part of Mr. Hughes' keynote utterance is devoted to our dealings with Mexico, which he characterizes as "a confused chapter of blunders," and he asserts that the Wilson administration "utterly failed to perform its obvious duty to secure protection for the lives and property of our citizens" in Mexico. What should have been done—the precise steps that should have been taken, and the panacea for all our ills in our diplomatic relations which would have been applied had he been in responsible charge of affairs, Mr. Hughes leaves for the public to guess. He does not deign to reveal the secrets of his system in advance. You can take it from Mr. Hughes that Wilson is wrong and Hughes is right, but do not ask the sort of corrective remedy he purposes to apply if you kick Dr. Wilson out and call in Dr. Hughes.

Mr. Hughes' declarations of lofty Americanism are merely ornamental. We do not believe any American citizen questions Mr. Hughes' Americanism, any more than he questions Mr. Wilson's Americanism. That is a question upon which all parties are united, and no party will yield to another its stand for uncompromising and unflinching allegiance to the highest and best in American tradition and the most exalted dreams of America's future. Mr. Hughes sets no new high mark in American patriotism. Mr. Hughes says we are "shockingly unprepared," but he appears to have utterly overlooked the Wilson administration's purpose and progress in remedying this shortcoming. In other topics touched upon the republican nominee does not rise above the plane of the fault-finder. His address is almost wholly negative. From the man who cast aside exalted judicial mantle to accept the leadership of a great political party, something better than this was expected. His address must inevitably prove a disappointment to those who were confidently awaiting the manifestation of constructive leadership.

There are many thoughtful American citizens who have feared the ultimate drop in American export trade would leave this country in very serious industrial condition; that the lessening of foreign orders for American-made products would result in business stagnation that might be terrific in its effects. To all such is cordially commended the report of the federal reserve board for the month just closed. It is here set forth that domestic demand is gradually taking the place of foreign orders, and that, without a hitch, we are getting back on a normal business basis. One of our outstanding failings is that we too often run out more than half way to encounter trouble that we vaguely suspect may be somewhere on the way, and moving in our general direction.

The new president of the Nickel Plate railroad, Mr. J. J. Bernet, and a party of his official associates will pay an official visit to Fort Wayne today, not only for an inspection of the railway property, but to see something of the city as well. The occasion is one in which Fort Wayne is deeply interested, and the coming of President Bernet is highly gratifying. This city is glad to welcome him. It wants to know him better and to co-operate in a continuance of the mutually pleasant and mutually profitable relations it has always enjoyed with this great railroad system of which he is now the head.

Admitting that appearances are often deceptive, the published portraits of General Gonzales, who is slated to succeed Carranza in Mexico, still leaves one with the suspicion that Mexico is taking some prodigious chances in making a change, however unsatisfactory Senor Carranza may have been.

A MODERN SOLOMON.

(South Bend Tribune.)

The decision of Federal Judge Landis in awarding the "Matters baby" to Margaret Ryan will doubtless please most of those who have followed the news reports of this case, so brim full of intense human interest. Few persons, we think, will cling to the belief that the Ryan girl was not the child's mother in view of her complete confession of wrong doing and shame that she might claim her baby. Not only that but her testimony was strengthened by the testimony of the "agent" in the case who confessed also his guilty part in taking the child from its real mother.

The Canadian father of the child may have been doing heroic things in Europe, but nothing he has done could be more heroic or courageous than the sacrifice the child's mother has made. If there is any manhood left in him, should he return, and the trials he is undergoing will develop his manhood, he ought surely appreciate what the girl he has wronged has done and do all that he can to make restitution to her and provide the child with a name. The little one might have been brought up amid wealth and love, for there is no doubt in our minds that Mrs. Matters, too, loved the child, but a higher justice demanded otherwise.

Judge Landis has been called upon to play the part of a modern Solomon and he has done it well.

The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.—Advertisement.

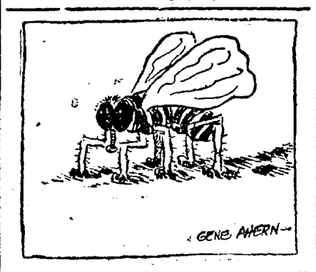
AIN'T NATURE WONDERFUL?

Unnatural History, by Eugene Ahern.

THE FLY

Why is everybody strong on swatting the fly?

Don't you know? Well, Harry, hark! The fly can go and have anything in the world without paying for it. It



works like this: Mr. Fly is shown sitting in a box seat just above the knuckle on the left hind leg of a horse.

He waits till the horse has kicked the dashboard as far as Cleveland or some other remote place, trying to unhook Mr. Fly from his roost.

Then Mr. Fly spots some corn cobs and watermelon rinds in a garbage can up the alley. "My," he says, "I can still taste that white-fish head I had for supper last night; it's so annoying." Then he volplanes down to the coliseum of garbage.

Then he inspects the house and if anyone is sleeping, nothing delights the fly more than prancing all over their lips, which also act as a blotter for his dainty feet. Well, now, don't you understand why fly-swatting is so popular?

No Energy, Breath Bad, Liver Clogged?

A Wineglassful of Tollo Water Will Get Your Liver Going and Make You Feel Fine in Half an Hour.

Your liver is fairly begging you for help! Too much rich food and not enough exercise in the open air. The liver has become clogged and is forcing the bile back into the system. Your skin becomes yellow because the bile is being absorbed into the blood. It upsets the stomach, causing gas to form; your breath gets bad, your tongue coated; you get constipated and your nerves are on edge.

Get a 15 cent bottle of concentrated Tollo Water from the drug store—drink a third of a tumblerful in a glass of plain water before breakfast. In half an hour it will flush out the bile tubes, really bathe the liver, and expel the waste from the system. Your skin will clear up and your breath become pure and sweet.

Continue to drink a wineglassful of Tollo Water before breakfast for several days and your natural, healthy color will return—your energy and strength will come back.

Tollo Water comes from Dawson Springs, the famous Kentucky health resort. It does not act like drugs and oils that force and irritate, leaving you weak and exhausted, but flushes and bathes in Nature's way, giving you more strength and energy every day.

After the skin has become clear and healthy, an occasional wineglassful in a glass of plain water before breakfast will keep your liver active, your bowels regular, your stomach clean and ready to digest anything you want to eat.—Advertisement.

WORST JAIL HE EVER SAW.

Is Statement Made by Dr. H. H. Mitchell After Inspecting Huntington Jail.

Huntington, Ind., Aug. 2.—"I have inspected many jails in various parts of the country, but I do not recall that I have ever inspected a worse one than the Huntington county jail," was the statement made last evening by Dr. H. H. Mitchell, of the department of board of health at Indianapolis. Dr. Mitchell in company with ex-Senator H. M. Purviance visited the county jail on an inspection tour.

"I cannot see anything right about the jail," said Dr. Mitchell. "The sanitary conditions are very bad, and the system of caring for prisoners makes conditions worse. Insane patients, juveniles, criminals convicted and unconvicted are all placed together. There were three insane patients in the jail this evening. I do not censure the sheriff, as it looks to me as though he is doing the best he can with conditions, as they are.

FOR THIRD CONSECUTIVE YEAR

Fleece Thieves Have Raided Farm Near Montpelier.

Montpelier, Ind., Aug. 2.—A. F. Spaulding, of this city, is today offering $25 reward for information leading to the identification of the thieves who for three years past have stolen valuable sheep fleeces from his farm, two miles north of Montpelier.

The third theft occurred some time Monday night, when twenty-nine fleeces were purloined. The thieves used a wagon in which too carry away their booty. The value of the fleeces is placed at $80.

Owing to the fact that the roads north of Montpelier are badly cut up with wagon tracks, it has been found impossible to track the thieves.

REFUSE TO QUIT BLUFFTON JAIL

Murray Young Men Fear to Trust Themselves Out on Bond.

Bluffton, Ind., Aug. 2.—Dan Coleman and Howard Brickley, two Murray young men who are in jail on a charge of stealing a Ford automobile from Homer Clark, sixty chickens and sixty dozen eggs from Leo Marquart, refused freedom from the jail this morning. Friends of the young men had procured bond for them and were intending to give them their liberty temporarily.

Lack of self confidence and fear that they would again go on the warpath was the excuse that the men offered for their desire to stay in jail until the time of their trial.

HENRY ECKER WILL SURVIVE.

Suicide Effort by Man Near Arcola Proves Futile.

Columbia City, Ind., Aug. 2.—Henry Ecker, residing on a farm west of Arcola, will survive, thanks to the prompt efforts of Columbia City physicians after he had swallowed paris green in an attempt at suicide. Ecker "licked" the poison from his hand with his tongue and then calmly lay down to await fatal consequences. His family summoned aid. The man declines to discuss reasons for his act beyond saying that he has had domestic troubles. He fought violently against the ministrations of the physicians, and it was necessary to overpower him before relief could be given.

DR. DRAYER ON PROGRAM.

Fort Wayne Doctor to Address Whitley County Physicians.

Columbia City, Ind., Aug. 2.—Dr. D. S. Linville, secretary of the Whitley County Medical society, has arranged for a meeting of the society at South Whitley, Tuesday, August 8th, where the society will be entertained by South Whitley physicians. Dr. L. P. Drayer, of Fort Wayne, will read the principal paper on "Infantile Paralysis," he having seen one hundred cases. Drs. O. V. Schuman and O. W. Grisier will report their visit to the American Medical association at Detroit.

WOMAN ATTACKED BY DOG.

Mrs. Rachel VanWey Has Narrow Escape in Whitley County.

Columbia City, Ind., Aug. 2.—While attempting to drive some hogs from an oats field yesterday afternoon Mrs. Rachel VanWey, 70 years old, residing in Union township, was attacked by one of the animals in vicious fashion. She was severely bruised and much of her clothing was torn from her, but Mrs. VanWey finally succeeded in escaping without serious injuries.

COUNCILMAN QUITS PLACE.

Kendallville Man Indignant Over Location of a Sidewalk.

Kendallville, Ind., Aug. 2.—Indignant over the location of a sidewalk, W. C. Aumann, a member of the city council here, tendered his resignation to Mayor C. M. Case last evening. The mayor has asked Mr. Aumann to reconsider his action, and he may conclude to do so.

BURNED BY EXPLOSION.

Ashley Man Is Victim of Gasoline Mishap in Store.

Ashley, Ind., Aug. 2.—Calvin Wagner was seriously burned Tuesday afternoon by the unexplained explosion of a gasoline stove in the store of H. R. McKeery in this city. Wagner's injuries were sustained in carrying the flaming stove into the street.

GUSTAVE SPRANDEL DEAD.

KILLED BY DYNAMITE.

Former Fremont Man Meets Death in State of Washington.

Fremont, Ind., Aug. 2.—Arlie Fettehoff, formerly a resident of this place, was killed a few days ago at his home in Battleground, Wash., by an explosion of dynamite which he was using in breaking ground for a new home. News of the tragedy came in a telegram to his mother, Mrs. Mary Fetterhoff, here.

HAS CLOSE CALL FROM DEATH.

Portland, Ind., Aug. 2.—Hugh Skinner, lineman employed in the city electric light department, had a narrow escape from death Monday afternoon, when his left hand came in contact with a wire carrying 2,300 volts of electricity, while working at the top of a pole near the Haynes Milling company plant on East Votaw street. Only the index finger of his left hand was burned, but he was rendered unconscious by the shock, but fortunately was prevented from falling to the ground by his feet catching over the cross-arms of the pole and a guy wire.

VICIOUS DOG IS KILLED.

Delphos, Ohio, Aug. 2.—Police were called to West Sixth street Sunday evening where they took charge of and later disposed of a vicious dog belonging to Robert White, a resident on that street. The animal was killed on the complaint of Gus Fettig after the vicious brute had attacked Fettig's daughter, Miss Pauline, aged nine years, while the little girl was passing the White home. Miss Fettig was bitten twice, once on the hip and once on one of her limbs. About a week ago a son of Mr. Fettig was bitten by the same dog.

DOPE FIEND STEALS MORPHINE.

Peru, Ind., Aug. 2.—Driven by desperation to commit a crime in order to secure the precious drug, some individual Sunday entered the offices of Dr. Lynn and of Dr. McDowell and the drug store of M. W. Hamaker and took the entire stocks of morphine from these places, not molesting the other more valuable tools and stocks which could have been taken.

From the office of Dr. Lynn, in the Farmers' bank, a bottle of morphine, [illegible] tablets, a hypodermic syringe and an ounce of laundanum was taken.

VAN WERT ALSO SUFFERING.

Van Wert, O., Aug. 2.—That Van Wert is suffering from one of the worst ice famines in years was the statement of an official of the local ice company. The company has been entirely unable to supply the unprecedented demand on account of the prolonged hot weather. It is stated that every effort has been made to purchase a supply of artificial ice from outside the city, but that it has been impossible to do so on account of a general demand for ice over the entire middle west.

ICE FAMINE IN HUNTINGTON.

Huntington, Ind., Aug. 2.—No ice deliveries were made Tuesday except to meat markets and other businesses in the business district where it is impossible to get along without ice. The cards that were displayed in the residences were unanswered. The local ice company, however, expects to meet the demand again in a few days.

ICE SCARCE AT COLUMBIA CITY.

Columbia City, Ind., Aug. 2.—The ice situation is becoming more critical daily and there is a strong probability that the town may be without any ice supply within the next few days. The scarcity of labor and cars is what makes the condition so bad. There are places where the ice has been stored, but it is impossible to get it to the city

BANK BOARD IS RE-ELECTED.

Decatur, Ind., Aug. 2.—Stockholders of the Old Adams County bank in annual meeting yesterday re-elected the former board of directors, including C. S. Niblick, G. T. Burk, W. J. Vesey John Niblick, L. C. Waring, C. J. Vogelwede, L. J. Ellingham, F. M. Schirmeyen and E. X. Ehinger.

PASSES AWAY IN NEW MEXICO.

Auburn, Ind., Aug. 2.—Charles Campbell, of this city, is dead in New Mexico, whither he had gone in the hope of checking the ravages of tuberculosis, with which he was afflicted. He was a musician of much ability and was formerly a member of the Auburn band.

DIES AT SOUTH WHITLEY.

South Whitley, Ind., Aug. 2.—Mary Ensley, 8 years old, daughter of Mr. and Mrs. E. E. Ensley, died Tuesday afternoon after an illness that has baffled physicians. The little one had been a patient in Hope hospital at Fort Wayne until a few days ago.

BURGLARS AT WARSAW.

Warsaw, Ind., Aug. 2.—The homes of T. M. LeHew and Herbert Thompson in this city, were entered by burglars Monday night, and some money, a gold watch, a check for $18 and a suit of clothing were the proceeds of the raid. There is no clue.

MIRACLES OF BEAUTY REPLACE OLD SCENES

Inspectors Walk Among Fragrant Flowers Where Tin Cans Once Reigned.

Bowers of beauty and concentrated thrift, wrought by little hands and sunshine, was arrayed before Mayor Hosey and a party of fifty officials and representative citizens in a two hour tour Tuesday afternoon. Mrs. Josephine L. Nesbitt, head of the city beautification campaign, had mapped out the journey so that it led through sections of Fort Wayne well known to those who made the trip.

Duck Alley, with its jumbled, unpainted houses and garbage heaps, was not the same as members of the tour had predicted from its well known record. Children living in the neighborhood had combined to pick out the glass and tin cans and had twined morning glories before the rough sheds and dark houses.

Everywhere through the poorer sections of the city the inspectors caught a glimpse of beautified back yards and velvety lawns. When there was no chance for grass because of the small space and many feet that patter there, the earth had been swept so thoroughly that the cleanliness itself was beautiful.

Along Melita street Old Glory and Fort Wayne flags were hung out in honor of the passing officials. On Bass street Mrs. Winsch, at whose home one of the stops was made and whose back yard, once a cess pool, has been transformed into an inviting park plat, lemonade was served the tourists.

Children along the way, and in some parts of the city they gathered in numbers to exceed the visiting party, would whisper, "There is the Flower Lady," or "It is the Picture Woman," as they pointed to Mrs. Nesbitt. Mrs. Nesbitt has declared her intention of assuming the showing of pictures on the street corners next week if the weather remains cool.

A notable feature about the homes once characterized as "undesirable," was the absence of flies. All the people, through whose territory the tourists passed, have followed the suggestion of driving holes in all tin cans before they are thrown away. No water is allowed to stand in broken vessels and as a result flies and mosquitoes have never had a chance to infest the community.

Many of those who made the flying trip Tuesday learned new things about lawn decoration, they said, for in some cases rare originality was displayed. But as one of the officials put it, "It was not so much the beauty of the old-fashioned flowers and the wonderful red and yellow tomatoes as the fact that Fort Wayne is sure to be known as "Beautiful Fort Wayne" when these children grow up and the doctrine of civic pride is strengthened, which was the grand lesson of the trip."

A test by a Swiss city of the relative efficiency for street lighting of arc and metallic filament lamps was decided in favor of the latter, chiefly because more agreeable to the eyes.

Society

Mrs. Paul Johnson, of Dayton avenue, gave a lovely party on Tuesday evening in compliment to Miss Georgia Wirth, whose wedding takes place this week, and who was showered with gifts of linen to use in her new home. Mrs. Johnson had her home decorated in a most attractive way with many garden flowers, but in the dining room pink and white roses had been selected to fill a tall vase, and thus add to the delight of the company when they partook of the buffet luncheon served them. A musical program was given during the evening by Misses Irene Rohyans, Georgia Wirth, Cecil Dygert and Juliette Lange, who played, and Misses Edith Stemon, Janet Howey, Hazel Jones and the hostess, who sang. Other guests were Misses Irene Bowman, May Bishop, Margaret Wirth, Mamie Jacobs and Mrs. Don Jones, Mrs. Ray Fish, Mrs. Glenn Knauff, and from out of town Misses Olive Weber, of Toledo, and Mrs. Hazel Jones, of Columbus, O.

Mrs. Rollo Pifer and daughters, Anna and Alice, of St. Louis, Mo., arrive in the city on Thursday morning for a visit with her sister, Mrs. Robert Harding, of South Webster street, for a week or ten days. Another daughter of Mrs. Pifer, Isabel, has been here for some days. Mrs. Harding has invited old friends of her sister to meet her with their sewing on Thursday afternoon.

* * *

Miss Ottilie Sander has been honored with two parties this week, both composed of near friends and both being "shower" parties of handkerchiefs. The hostess on Monday afternoon was Miss Winifred Slagle, of Third street. The guests took their sewing, but talked more than they worked as they sat on the porch and sipped cooling drinks and ate several kinds of sweets. Miss Patterson, of Indianapolis, is visiting Miss Slagle and shared honors with Miss Sander. On Tuesday afternoon Mrs. E. C. McBride, of East Leith street, invited a few girls to meet over their thimbles and visit with Miss Sander. A combination of forget-me-not and sweet pea blossoms made a charming decoration for the dining room and gladioluses formed the rest of the decoration. The young ladies spent a merry afternoon.

Miss Inez Davies, of Sharon, Pa., who is visiting Miss Marian Puckett, and Miss Dorothy Redmond, of Saginaw, Mich., who is visiting Miss Elease Fee, were honor guests this afternoon at a porch party Miss Fee gave for eighteen girls at her home in Pontiac street. Last evening a merry picnic supper and dancing at Robison park afterwards was enjoyed by a dozen young people in honor of the same guests. Attending the picnic were, besides Misses Davies and Redmond and Puckett and Fee, Misses Georgia Leedy and Helen Cavalier and Messrs. Raymond Druhot, Melvin Beaver, Kenneth Crighton, Boyd Lipsett, Fleming McKinnie and Bob Hattersley.

Tyndall—Egly.

The wedding of Miss Kathryn Egly, formerly of Berne, and daughter of Mr. and Mrs. C. G. Egly, of that place, and Mr. Dan H. Tyndall, son of Mr. and Mrs. John Tyndall, of Decatur, took place at 12:30 o'clock Wednesday at the home of the bride's brother and his wife, Mr. and Mrs. H. D. Egly, 1029 West Wayne street. Rev. Arthur J. Folsom officiated at the ceremony. The bride's sister, Mrs. Guy Latchaw, of Findlay, O., sang "Because," accompanied by Prof. Latchaw, just as the bride and groom entered the parlor where the double ring ceremony took place. The room was simply decorated with tall standards filled with white hydrangea blossoms and branches of oak leaves. The bride wore a white net gown made in simple style, and she carried a large bouquet of swansonia blossoms and plumosus fern. A luncheon was served at 1 o'clock. The bride's table was in pink roses which formed the center decoration and single flowers in bud vases were placed one at each plate. Only immediate relatives were present at the wedding. Later in the day the bride and groom left for Cleveland and other points of interest and on their return will be with the groom's parents in Decatur, until the first of October, when they will go to housekeeping. For traveling the bride wears a brown velour suit, with hat to match and a flesh color blouse of georgette crtpe. The wedding guests included Mr. and Mrs. John N. Tyndall and son, Ralph; Mr. and Mrs. John Heller and daughter, Fannie, and son Dick, Mr. and Mrs. Henry Heller and Robert and David Heller, Judge and Mrs. D. D. Heller, all of Decatur; Miss Bertha Heller, of Indianapolis; Mr. and Mrs. Guy Latchaw, of Findlay, O., and Mr. and Mrs. C. G. Egly, of Berne. The bride is a young woman who possesses the many graces of beautiful young womanhood, and her soprano voice of lovely quality has given her recognition as a singer in many cities of the state. The groom is in business with the firm of Krick-Tyndall, Decatur, and is a prosperous and highly regarded young man.

FORM A MACHINE GUN COMPANY AT BORDER

Fort Wayne Guardsmen Are Supplying Quota for Organization.

(By Staff Correspondent.)

Llano Grande, Texas, Aug. 2.—Work on the organization of a machine gun company in the Indiana infantry here at the border, is progressing rapidly and before another week is past the new organization will be perfected. Each company is asked to furnish so many men. The men who have been appointed from the Fort Wayne company are Privates Dove, Hunt, Zuercher, Nicholson, Shoemaker and Byrd.

A semi-official report has reached the Fort Wayne boys that payday is only a few hours distant and it started quite an excitement. Most of the boys have been broke for several weeks and have borrowed money from the company's treasury and all have started to figure up how much coin they will have after paying off all their debts.

William Moore Promoted.

Mules and horses are being shipped into camp daily. Each supply wagon has been fully equipped. William Moore, of company E, familiarly known as "Red," has been promoted to stable sergeant.

We are under the command of General Lewis and his headquarters are located on the grounds. A large building, which has been in use here before, is being converted into headquarters for the officers. Camps have been held here at times previous to this and it is rumored that it will be made a permanent camp grounds after the troops now encamped here are sent home.

Llano Grande is about three miles from Mercedes, a typical western village. The population is estimated at two thousand. Just outside the town limits a troop of United States cavalry is encamped.

Our camp is composed of the artillery and infantry from the states of Nebraska, Minnesota and Indiana. The Indiana infatry has twelve companies and one band. Each company is arranged according to alphabetic order, i. e., A B C, etc. At the head of each street a large sign tells the name of the company and the name of the street. Company E has named its street "Wayne street."

Each street is laid out and curved just like a paved street. The boys go out and get palms and place them along the edge. It makes quite a neat appearance.

Home-Sickness Popular Disease.

The boys from Fort Wayne are all in a good physical condition. The most common disease among the boys is home-sickness, but those who have not as yet been seized with this fever lend their efforts towards cheering them up.

It is rumored here that we will do patrol duty all winter. However, rumors come so thick and fast that we have decided to believe none of them. We also heard that we were to be moved nearer the border, but not much credit is given this. The most recent report was that the Fort Wayne boys were to be sent home in about five weeks.

Read German-American bank "ad" for new $5.00 pocket mirror numbers. 2-4

BUILDING PERMITS SHOW CITY'S ADVANCE

Over $80,000 more was put into building improvements in Fort Wayne during the past month than was used in July, 1915, according to the monthly report just finished by Clerk Andrew App. Fifty-seven building permits were issued during July this year with a total valuation of nearly $300,000. The same number of permits were issued for July a year ago, but the total valuation was little over $200,000.

The report shows that 488 permits have been issued this year, which is 13 more than for the first seven months of 1915.

Concert Well Attended.

The band concert at Swinney park was well attended by nearly 3,000 people Tuesday night. Music was by the Elks band.

During July and August we close Saturday nights at 6 p. m., and other nights at 5 p. m. Foster's.

REALTY MEN PLANNING FOR TOUR OF INDIANA

City Planning Will Be Gospel of the Dealers in October Trip.

Annual state tour of realty boards in cities in Indiana by Lee J. Ninde, president of the Indiana Real Estate association, other officers and Fort Wayne realty dealers will be taken during the month of October. The tourists will leave Fort Wayne and make a swing of cities, returning to the city October 11. The tour will last ten days and city planning with its relation to improving realty values will be discussed before the realty boards in many cities.

Brewer With Party.

Scott R. Brewer, executive secretary of the state realty association, residing in Indianapolis, will make the tour together with several of the officers, including J. R. Mitchell, Evansville; J. S. Cruse, Indianapolis; Harvey Watson, Gary; J. S. Kies, Elkhart, and Joseph Bruns, New Albany, vice presidents of the association.

South Bend, Elkhart, Evansville and all cities of the state in which a realty exchange is established will be visited by the realty party. The meeting of the Indiana Real Estate association at Evansville, Nov. 15-17, will be extensively advertised on the tour.

Perry Home from Trip.

Eugene Perry, of the real estate firm of Kilbourne & Perry, has returned from a trip including Detroit, Buffalo and Cleveland and reports building operations active in all of these cities. "The building going on in both Buffalo and Detroit is wonderful," declared Mr. Perry. As he expected he found the industrial growth exceeding the commercial in Detroit.

Mr. Perry got many ideas of construction in connection with some of the larger hotels in the cities visited. Mr. Perry said hotel buildings he inspected proved the fallacy of the contention that lots of ground was necessary. Hotels are being built into [illegible] upward now.

OF INTEREST TO WOMEN

COLLAR OF ORGANDIE

ILLUSTRATING the vogue for wearing vestees directly over the blouse is this model. It is made of white organdie and is drawn into soft folds something in the manner of a fichu. Like many of this season's collars, it is made ornate by the introduction of hemstitching. The picoted ruffle edging the collar is put on in an effective manner. To preserve the pleats when laundering the collar, it is advisable to baste each one in before wetting the fabric. This will take but a few minutes and the result will make the time spent worth while.

The back of the collar is deep and square and is also elaborated with hemstitching, white buttons and picoted ruffling.

While the model is all-white, there are similar ones made up in pretty combinations of yellow and white, pink and white and blue and white.

Collars are very important. By making the right selection of one you can bring a blouse or frock very much up to date.

KEEPING TRACK OF CHINA

IN THESE progressive days inexpensive china is generally rented from a regular dealer if a quantity is required for a large supper or picnic party. In such case there is not likely to be any confusion when the time comes for packing up or sending back the tableware to its owner.

On the other hand, occasion may arise in almost any community when families will be called on to join in providing plates, cups and saucers for some festivity; and in this case it is the wisest of plans to have everything of the sort so marked before hand that no difficulty will be found in sorting out each person's property when the time of using is over. The plan followed in several up-to-date clubs and parishes has the merit of being at once effective and inexpensive. The initials of the owner are marked on each piece underneath with a stick or cheap brush dipped either in a mixture of lampblack and a turpentine varnish, or in some black paint thinned with turpentine. Let it dry on, and it can afterward be removed—if hot soapsuds fail to loosen it sufficiently—with clear turpentine on a cloth. If properly applied and allowed to dry thoroly beforehand, however, the markings should stand perfectly the possible washing necessary at parish house or picnic ground.

A TAPESTRY BAG

IF YOU have an opportunity to buy a piece of good-looking tapestry at a reasonable price, snatch it, for the newest fad is to make a week-end bag of this fabric. You will need a piece of material half a yard long and nine inches wide. Line the material with rubberized silk. Fold the strip in half along the length, up to within three inches of the top. The two tops are held together by means of snap fasteners. A pretty finish is gained by the use of gold braid to edge the bag on all sides. The braid also forms handles for the bag. Inside the bag separate pieces of material should be stitched to form pockets for comb, brush, soap, washcloth and the other articles necessary for one's comfort.

ANSWERS TO CORRESPONDENTS

Cherry Stains

Will you please tell me what will take cherry stains out of a white dress? I am very much worried, as it is a good dress. MRS. J. P.

If you pour boiling water over the dress when the stain is fresh it will probably take it out.

Skirt Length

What is the correct length of skirts at this season of the year? MISS D. H.

Most of the skirts are anywhere from four to eight inches from the ground.

TAFFETA AND NET FOR EVENING

IN SPITE of warm weather, or perhaps because of it, many joyful entertainments are given during the summer evenings. Frequently they are informal, but occasionally they strike a formal note and, consequently, a frock suitable for the event is needed. To fill such a niche, the frock shown is just the thing. Its youthful lines, as well as the clever combination of materials, give the gown distinction.

Peach-colored taffeta forms the nucleus of the frock. The double bands of net edging the pointed flounces are white. Net is also draped over the bodice and is used for the short sleeves.

A gown of this style is particularly appropriate for the stout figure, since the points of the skirt and the surplice line of the bodice detract from the breadth of the body.

A crushed girdle of blue velvet has bows of the net springing out from the back.

FALLING WALL KILLS.

Neal Woodcox Meets Instant Death at Rochester.

Rochester, Ind., Aug. 2.—Neal Woodcox, 55 years old, was instantly killed here yesterday when a brick wall of the M. E. church fell upon him. He was employed with a number of other men in excavating.

CAPTAIN J. E. MILLER RECEIVES ORDERS

Is Asked to Begin Work of Recruiting for Service Immediately.

Captain John E. Miller, formerly in command of company E, received orders Wednesday morning from Major J. T. Johnson, at Fort Benjamin Harrison, to begin the work of recruiting at once. The order reads, "In compliance with general order, No. 81, headquarters central department, you are hereby authorized to open your office and begin recruiting at once."

The general order referred to from the headquarters of the central department is, "Pursuant to instructions of the war department, recruiting for the national guard of Indiana and Iowa, now in service of the United States, will be conducted by the following named national guard officers mustered into the United States service, who will proceed to the stations in the states of Indiana and Iowa designated after their names and report arrival and address by letter to these headquarters:

"Indiana—Major Jesse T. Johnson, Fort Benjamin Harrison; Capt. J. D. Young, Indianapolis; Capt. J. E. Miller, Fort Wayne; Lieut. DeNoyelles Nutter, Terre Haute; Lieut. A. O. Halstead, Monticello.

"The state rendezvous and training camp of Indiana will be located at Fort Benjamin Harrison."

Captain Miller stated Wednesday morning that he is considering several rooms in the Swinney block for the local recruiting station and expects to move into them by Thursday.

Each recruiting officer is allowed one sergeant, one corporal and one private to assist him in his work. Robert Starkle has been appointed sergeant in Fort Wayne and Clarence Grush, corporal. The private has not as yet been selected. These men will go to Fort Benjamin Harrison at once to be mustered into the service.

I. EVANS LIPPINCOTT DIES VERY SUDDENLY

The many friends in Fort Wayne of J. Evans Lippincott and his family will be shocked to learn of the death of Mr. Lippincott, which occurred very unexpectedly on Monday evening at Cambridge Springs, Pa. Mr. Lipipncott had gone to the springs at the advice of his physicians, who were aware of his being a sufferer for some weeks with kidney trouble, but which they expected the baths and treatment of the Cambridge springs to effect relief from, if not a cure. The end came suddenly at the hospital. Mr. Lippincott was in the fifty-fifth year of his age.

The funeral will take place from the Lippincott residence, 320 Resor avenue, Cincinnati, Thursday afternoon at 3:30 o'clock. Mrs. Lippincott and three children survive. Mrs. Lippincott is a daughter of Captain and Mrs. Isaac d'Isay, of this city, both of whom are in Cincinnati. Mrs. d'Isay left several weeks ago because of her son-in-law's illness.

HUGHES PREPARING FOR WESTERN TOUR

New York, Aug. 2.—Charles E. Hughes spent part of his time today shopping in preparation for his western tour beginning Saturday, and which includes a vacation outing at Estes Park, Col. Chairman Willcox will go with the candidate as far as Chicago, where he will confer with leaders and look over the situation in the middlewest. Mr. Willcox plans to devote much of his time at Chicago headquarters.

Tomorrow Willcox will leave for Washington and be the dinner guest of Representative McKinley, of Illinois, afterward attending a reception at which he will meet republican leaders of the house and senate. Plans are indefinite for Mr. Hughes' program after his return to New York, but it was indicated that he might again go over some of the same ground he will cover on this trip west of the Mississippi river.

PLAGUE'S DREAD TOTAL GOES STEADILY HIGHER

New York, Aug. 2.—Forty-one children died and 166 were stricken in the greater city during the last twenty-four hours in the epidemic of infantile paralysis. The seat of the plague shifted to Manhattan borough today and there were more deaths and new cases reported in that borough than at any previous time since the inception of the plague. Reports from nearby cities indicated that the epidemic was far from being under control.

This is the largest number of new cases reported in a single day in the five boroughs, since the epidemic began there have been 4,289 cases reported and 937 deaths.

CHARGED WITH INTOXICATION

Jake Faber and John Brakewell were locked up in the city jail Wednesday afternoon, when a patrolman found them lying across the sidewalk on Lafayette street in a drunken stupor.

GARDNER VICTOR BY 12,000 PLURALITY

Has Big Vote to Spare in Democratic Race in Missouri.

St. Louis, Aug. 2.—Returns today indicated that Frecl D. Gardner had been nominated on the democratic ticket for governor by a plurality of 12,000 in yesterday's state-wide primary, and that John E. Swanger obtained the republican gubernatorial nomination by an especially large plurality.

The returns indicate Judge A. M. Woodson and Fred L. Williams, democrats, were named for the two supreme court places, with James M. Johnson, republican, leading in the race for the judgeship of the first division.

Speaker Champ Clark was renominated in the Ninth district without opposition.

HEAVY REPUBLICAN VOTE.

Topeka, Kas., Aug. 2.—With a vote cast which political leaders and election board officials today judged to be not more than a third of the registration, Kansas came through her fifth state-wide primary yesterday with less than the usual excitement. Probably the feature of the day was the unusually heavy republican vote cast, which leaders declared was caused principally by several spirited contests among candidates for high state offices. W. C. Lansdon early today had a good lead over B. S. Gaitskill in the race for the democratic gubernatorial nomination. In the First congressional district on the democratic ticket Dr. Eva Harding is ahead of Herbert J. Corwine. Governor Capper, who was unopposed, led the republican ticket.

LITERACY TEST DEFEATED.

Oklahoma City, Okla., Aug. 2.—Renomination of all present congressmen and defeat of the proposed literacy test amendment to the state constitution were the outstanding results of yesterday's primary as indicated in partial returns today. Seven of the Oklahoma congressmen are democrats and one a republican. The literacy test was defeated by more than 15,000 votes, it is believed, and eight other amendments met similar fate.

THOUSANDS VISIT PARK ON GIRLS' DAY

Wednesday was Girls' Day at Robison park. Manager Williams could not have chosen a better day than he did, for the weather was ideal and thousands crowded the park for the afternoon when the annual white dress parade was given.

Queen Elizabeth Fisher occupied the throne chair and her three maids of honor rode with her. They were Dorothy Shunk, Elnora Ankenbruck and Hulda Junge.

Late this afternoon the three judges had not as yet decided upon the new queen. Each judge mingled with the conferred and were to decide upon the crowd and made his choice for the various prize winners. Later they winners.

STRIKE STUMBLING BLOCK

Army Appropriation Bill Conferees Adjourn Until Tomorrow.

Washington, Aug. 2.—Conferees on the army appropriation bill today reached a stumbling block which caused adjournment of the committee until tomorrow. The senate committeemen flatly refused to accept an amendment to the revised articles of war submitted by Representative Hay, which would exempt retired army officers from some of the disciplinary provisions of the regulations. Consideration of the appropriations practically has been completed but no announcement of the revised figures has been made.

QUIET IN STRIKE ZONE

No Further Disturbance Develops at Rosiclaire, Ill.

Rosiclaire, Ill., Aug. 2.—Quiet prevails here today in the strike of 2,000 miners. No more deputy sheriffs have been sworn in and unless more serious disturbances occur, it is improbable another appeal for state troops will be made. It was feared today that James Moore, formerly a miner, who was shot in an affray Monday afternoon, would die from the effects of his wounds, said to have been inflicted by striking miners. Seven men have been arrested in connection with the shooting.

MILBURN'S WIDOW DIES.

Succumbs to Cancer at Family Home in Jasper, Ind.

Jasper, Ind., Aug. 2.—Mrs. Richard M. Milburn, 51, widow of the late attorney general of Indiana, died at her home here today of cancer. She had been ill for some time. She is survived by five children.

Mr. Milburn died about a year ago while serving his first term as attorney general. Governor Ralston appointed Evan B. Stotsenberg to fill the vacancy.

Local Council, No. 1427, Knights and Ladies of Security request the presence of all the members at the special initiation to be held in Harmony hall, Thursday evening.

W. J. LONGFIELD IS CLAIMED BY DEATH

Well-Known Young Man Had Long Been Steward of Standard Club.

Following an illness which dates back seven or eight years, William J. Longfield, well known Fort Wayne young man, passed away at 8:20 o'clock

William J. Longfield.

Wednesday morning at the home of his parents, Mr. and Mrs. John Longfield, 224 East Wayne street. Death was due to liver trouble, and came at the age of 34 years.

Although he had been in failing health for several years, his recent sickness was only three months in duration. He had been bedfast but one week. The end came very peacefully with the members of his family at his bedside.

The deceased was born in Fort Wayne, October 21, 1882, and had resided here his entire life. For many years he was employed by the Pennsylvania railroad, but for the past five years he had acted in the capacity of steward for the Standard club. Mr. Longfield was a man who made friends wherever he went and his acquaintanceship in Fort Wayne is very large. Many of his friends were not aware that his condition was serious and the news of his demise will come as a shock to them.

He was forced to use a crutch and cane for many years as the result of an injury which he suffered when he was manager of the well known baseball team known as the Fort Wayne Blues. Eleven years ago he was struck on the hip by a pitched ball. He was taken to a specialist at Philadelphia, but only temporary relief resulted.

Surviving, he leaves the parents, Mr. and Mrs. John Longfield of Fort Wayne, and one brother, Edward J. Longfield, also of this city.

The deceased was a member of the Cathedral of the Immaculate Conception.

AMERICAN PRESSURE IN EUROPE IS HIGH

Washington, Aug. 2.—Ira Nelson Morris, American minister to Sweden, conferred with President Wilson today on conditions in the Scandinavian countries. He said American pressure in Europe had been greatly increased since the outbreak of the present war.

"I have been in a position to note public opinion in Scandinavian countries," said Mr. Morris in a statement later, "and from constant intercourse and association with the diplomats of belligerent countries and other prominent people I feel that both in the Scandinavian countries and in the belligerant nations the pressure of the United States was never any higher than today."

Mr. Morris, accompanied by his wife, plans to leave for Copenhagen Saturday.

MOVES WITHOUT RESTRICTION

McClure Explains His Difficulties With British Government.

London, Aug. 2.—S. S. McClure, the American publisher who ordered to return to the United States when he arrived at Liverpool last week on the American line steamship Philadelphia, is spending the interval in London. The Philadelphia will not sail until tomorrow, owing to the necessity of cleaning her.

Mr. McClure said his difficulties with the British authorities arose over his passport being made out for Switzerland as well as for France and England, and it was suggested that he might go to Germany after visiting the other countries. When this was pointed out to him he volunteered to return to America on the Philadelphia. He is being allowed to move about without restrictions.

HAVE NOT CONFIRMED IT.

Danish Authorities Silent on Sale of West Indies.

London, Aug. 2.—Messages received here today from Copenhagen say the Danish authorities have not confirmed the reports of the sale of the Danish West Indies to the United States. The newspaper, Politiken, says the rigsdag will hold a secret session on Friday, when the government will answer questions on the subject.

WARM DAYS AND COOL NIGHTS IS FORECAST

Temperature Reaches 87 Degrees at 2 O'clock Today.

The hot weather of a week ago has been exiled from Fort Wayne and the forecast for the next week is cool nights and warm days. The sun again showed that his power had not all been utilized last week and today began to send down his warm rays and sent the thermometer up to 87 degrees at 2 o'clock this afternoon. At 1 o'clock the temperature was 86.

Fort Wayne folk experienced another night of comfort Tuesday and no one complained today that it was too warm to sleep. As a matter of fact many were compelled to get up during the night and hunt for the comforts and sheets they discarded last week. The temperature at 3, 4 and 5 o'clock was 61 degrees.

Although rain is promised for the southern part of the state for Thursday, the local weather man states that none will fall here.

A very refreshing breeze from the southeast also added much to the comfort of people in this vicinity Wednesday.

WEEKLY INDIANA CROP AND WEATHER REPORT

Indianapolis, Aug. 2.—The United States weather bureau here today issued the following summary of weather and crop conditions in Indiana for the past week:

The week was marked by excessive warmth, especially over the northern division, where many stations recorded day temperatures of 100 to 104 degrees.

Throughout the state the highest day temperatures averaged 98.4 degrees, and the lowest night temperatures 71.6 degrees—making one of the warmest weeks on record. Sunshine was abundant, and there were only a few showers, very light and scattered, until the last day of the week.

While corn, in general, continued good growth, the drought is now causing considerable rolling, and good rains are needed to prevent damage. This is true of most other growing crops, as well. Oats harvest is being completed with good yields indicated generally, but in some localities the grain is reported light. The yield of wheat varies considerably.

Potatoes and truck were adversely affected by the dry, hot weather, and many meadows and pastures have become brown, especially in northern sections. Tomatoes in the southern parts of the state are ripening.

GALLIVAN WANTS ACTION.

Would Sever Diplomatic Relations With Great Britain.

Washington, Aug. 2. — Representative Gallivan, of Massachusetts, introduced a resolution today proposing that "recommendation be made to the president that diplomatic relations between the United States and Great Britain be terminated at once" because of the exclusion from England of Thomas Hughes Kelly, of New York, treasurer of the Irish relief fund, and "impudent and insulting acts of Great Britain toward American commerce."

As a matter of course the resolution went to the foreign relations committee.

LIGHT ARMORED RAILROAD CAR.

First of Type Delivered to Government by Hammond Concern.

Hammond, Ind., Aug. 2.—The first one of a special design of light armored cars for steam railroad service was delivered to the war department by a Hammond car building plant today. The car was constructed of heavy steel plates and will carry a high powered gun mounted in a gun-well in the oval roof, and twenty machine guns, whose ports in the sides may also be used by sharpshooters.

John Hamm, custodian at the public library, accompanied by a daughter, has gone to Crooked lake for three weeks.

No Sign of Submarine After 21 Hours Elapse

Cape Henry, Va., Aug. 2.—The German merchant submarine Deutschland had not been sighted here at 2:30 o'clock this afternoon, twenty-one hours after she left Baltimore on her return trip to Germany. Marine men believed the boat had stopped somewhere up Chesapeake bay as not more than 17 hours would have been necessary for her to make the trip here, even at a moderate rate of speed.

The last report from the vessel came at 6:30 o'clock this morning when she was sighted at Tangier Island, sixty miles up the bay. At that hour she was under way, and was attended by the tug Thomas F. Timmins.

Shortly after noon today a two-funnelled warship came near the three-mile limit for a short time but later put back to sea. Only one allied warship has been sighted off here during the day.

BROKEN WINDSHIELD INJURES CLERGYMAN

Rev. Mr. Pfotenhauer Cut by Glass When Stone Hits Automobile.

Rev. Fred Pfotenhauer, president of the Missouri synod of the Lutheran church, was injured Wednesday at noon when a stone was thrown through the windshield of his automobile in which he was riding and the broken glass struck his chest. There were two deep wounds and several small cuts from the flying glass fragments.

Rev. Pfotenhauer was with Rev. Jacob Miller, pastor of the St. Paul's Lutheran church, in Rev. Miller's machine. They were starting away from the Emmaus church, on South Broadway, where Rev. Pfotenhauer delivered an address Wednesday morning. A good sized stone crashed through the windshield of the car on the left side of the machine.

The windshield was shattered and pieces of glass struck both men. Rev. Miller was unhurt. Rev. Pfotenhauer is not thought to be seriously injured. The men drove to the police station. A patrolman is working on the case on the assumption that the serious act was a boyish prank or accident. Police think the stone may have come over the top of a nearby house and not have been aimed at the machine. The ministers did not see who threw the stone and can offer no theories for the assault.

BLACK RUST REPORTS SEND WHEAT UPWARD

Chicago, Aug. 2.—Jumps of more than 4½ cents a bushel in the value of wheat took place today as a result of word that black rust damage in Manitoba amounted to a calamity and that the injury to the crop in the Dakotas and Minnesota were increasing. Estimates were current that the prospective yield of wheat in the United States had fallen off 87,000,000 bushels as compared with the outlook on July 1.

Advances in price became sensational in extent in the trading later. The chief reason was that black rust was said to have spread in Canada and to be dangerously threatening in Saskatchewan after having wrought havoc in Manitoba. September wheat here finally touched $1.31⅜, a clear ascent of 7⅛@7¼c above yesterday's finish, and closed at $1.30⅝c, a gain during the session of 6⅞@6½c a bushel.

INDICTMENTS ARE VOTED

Murder Is Charge in San Francisco Bomb Outrage.

San Francisco, Aug. 2.—Indictments charging murder were voted today by the grand jury against five persons now under arrest in connection with the preparedness parade bomb explosion of July 22, according to seemingly authentic reports. Those said to have been indicted are: W. K. Billings, Thomas Mooney, Mrs. Rena Mooney, Israel Weinberg and Edward Nolan.

The indictments were to be returned later today, according to reports.

WANT WILSON IN KENTUCKY.

President Declines to Mix Politics with Lincoln Journey.

Washington, D. C., Aug. 2.—Senator James and Representatives Cantrill and Rouse, of Kentucky, urged President Wilson to open the democratic campaign in Kentucky when he visits Hodgensville, Ky., Sept. 4 to speak at the birthplace of Abraham Lincoln. The president said, however, that he did not wish to connect politics with that trip, but promised to visit Kentucky later in the campaign.

OSTEOPATHS WILL TRY IT.

Kansas City, Aug. 2.—Announcement that osteopathic clinics would be opened in New York city for the treatment of infantile paralysis, a cure for which is offered through that character of treatment was made here today by Dr. R. Kendrick Smith, of Boston, speaking before the annual convention of the American Osteopathic association. The association voted to establish clinics in all states in which the disease has appeared.

GROUP IS UNVEILED.

Washington, D. C., Aug. 2.—Armed peace protecting genius, an allegorical group in marble, was unveiled on the east entrance on the house side of the capitol with formal ceremonies today, Speaker Clark, Representative Slayden of Texas, and Paul Bartlett, the sculptor, spoke. Congress appropriated $75,000 for the statuary in 1908.

UNION WILL DISCUSS A LEVY ON MEMBERS

Cooks and Waiters at Two Restaurants May Be Penalized.

Meeting of the Cooks' and Waiters' union, No. 489, will be held tonight at headquarters, 610 Calhoun street, to discuss assessments to be made on members of the union who remained at their posts during the time the Summit City and Metropolitan restaurants operated with the union cards down. By the rules of the union the cooks and waiters at these places are subject to a levy, although they were finally instrumental in having owners of these restaurants put up house cards again, according to William B. McCord, member of the Cooks' and Waiters' union.

Cooks and waiters from the Summit City and Metropolitan restaurants who kept their jobs during the time these restaurants opposed the union can be assessed sums from $3 to $5, according to McCord, and they will required to pay the assessment or leave the union.

There will be a joint meeting of Bartenders' union, No. 305, and Cooks' and Waiters' union, No. 489, at Bartenders' hall, 619 Calhoun street, Sunday afternoon, to discuss the strike situation. Several members of the International Alliance, with which both unions are affiliated, will be present. Several members of the Indiana State Association of Bartenders may also attend.

INDIANAPOLIS BOND BROKER PASSES AWAY

Indianapolis, Aug. 2.—Joseph Taylor Elliott, 74, vice-president of a large bond brokers' firm here, died at his home today after an illness of two months of diabetes. He was a veteran of the civil war, and was one of the few to escape death on the ill-fated steamboat Sultana, which burned to the water's edge following an explosion of a boiler in the Mississippi river near Memphis, Tenn., while carrying about 1,900 paroled prisoners to the north in 1865. Fully 1,500 lives were lost in the disaster.

Mr. Elliott is survived by a widow and two sons, George B., of this city, and Edgar Elliott, of Chicago.

FOREST FIRES DEAD ESTIMATED AT 500

Toronto, Ont., Aug. 2.—Estimates today of the number of dead in the bush fires in northern Ontario Saturday and Sunday are put at 500 by refugees arriving from the various localities in the fire-swept zone. From many sections known to have been sprinkled with settlers no word has been received at any of the northern towns of refuge and this is taken to mean that all have perished.

A score of refugees, some with burns and all showing signs of suffering, arrived here today with stories of thrilling escapes.

CUBA'S TRADE INCREASES.

Foreign Business of Island Republic Shows Big Gain.

Washington, Aug. 2.—Cuba's foreign trade figures compiled today by the department of commerce show, increased last year by more than one hundred million dollars over 1914. The United States claimed eighty per cent of the island's exports and seventy per cent of its imports. Cuban exports amounted to $254,000,000 of which the United States took $206,000,000. Imports were put at $155,500,000 of which the United States' share was $104,500,000. The united kingdom ranks second among Cuba's customers and Spain third.

SETS NEW RECORD FOR ORE.

Great Lake Movement for Month of July Reaches New Mark.

Detroit, Mich., Aug. 2.—Great lakes ore established a new record in the month of July, loading 9,750,157 tons, which exceeds by 242,581 tons the movement in June which at that time was thought to have set a mark that would stand for the year. Up to August 1, ore shipments for the season aggregated 29,365,724 tons, a gain of more than 5,000,000 tons over 1913, the banner year of the trade. Vessel men predict that the year's movement will approximate 59,000,000 tons.

Rev. and Mrs. Theo. Prinz and son, of Cleveland, are here visiting their parents, Mr. and Mrs. Charles A. Steger, of Lombard avenue.

WARRING FORCES ASK FEDERAL MEDIATION

B. & O. Road and Its Telegraph Operators Unable to Agree.

Baltimore, Aug. 2.—Failing to reach an agreement in their conferences over increases in rates of pay and adjustment of working conditions of telegraphers of the Baltimore & Ohio railroad, J. M. Davis, vice president of operations, and J. J. Dermody, fourth vice president of the railroad telegraphers' organization, today sent a letter to the United States board of mediation, asking the good offices of the federal authorities in adjusting the differences between the company and its employes.

The chief demands of the men are for a flat increase of 15 per cent in the rates of pay, a reduction from 10 hours to 9 hours for a day's work in one trick telegraph offices, and from 10 and 9 hours to 8 hours in two-trick offices. Officials of the railroad said the demands would mean an increase of $500,000 approximately in the yearly pay roll expense.

SHIRK ASKS BOARD TO FIX DAMAGES

General Electric Employe Hurt, Later Paid $120, But Dissatisfied.

Harry Shirk, 32 years old, an employ of the General Electric company, was given a hearing Wednesday afternoon by the state industrial commission, through one of its members at the court house. Shirk asks a settlement fixed by the commission, alleging his hands were burned as he tested transformers while in the employ of the General Electric company March 24, last.

According to E. M. Hulse, attorney for the General Electric company, Shirk was paid approximately $120, but the settlement was unsatisfactory. He was in the hospital ten weeks, his petition alleges. Shirk resides at 1109 Erie street. He asserts he was a student transformer at the time of the accident. Macbeth & Hogg are attorneys for the complainant.

APPEAL TO MITCHEL TO AVERT CAR STRIKE

New York, Aug. 2.—While some of the leaders of the movement to involve all the street car lines in New York in the strike on the Third avenue system, were busy enrolling the employes of other lines into the union, others called on Mayor Mitchel today, informing him of the union's demands and agreed to meet him tomorrow morning with representatives of the street railway corporations in an effort to bring about a settlement. Meantime the New York railways company was making preparations against a strike and already has gathered a force of several hundred professional strike-breakers. The police also were taking full precautions and Police Commissioner Wood has assurances from Gov. Whitman that 10,000 state militia were available to prevent disorder, should the strike prove too big a problem for the police. The mayor, it was said, believes the chances of avoiding a strike are small.

Society

(Continued from Page 6.)

Mr. and Mrs. John Williams and Misses Inez Metcalf, Marie Meyer, Thelma Dinger and Messrs. Guy Roberts, Milton Date and Jack Edwards formed a motoring party to Rome City on Tuesday.

Mr. and Mrs. S. D. Scott and daughters, Helen and Mildred, returned from a three weeks' stay at their country home on Monday and left on Tuesday for their summer cottage at Crooked lake to remain for some time. Mr. and Mrs. Elga Nicholson are their guests for a few days.

Miss Mabel Vernon, of West Berry street, and Mrs. Bauman are to leave on Thursday for Toledo, where they will take a boat and go to Mackinac island. Miss Vernon will visit her brother and his wife in Toledo on her way home.

Miss Gertrude Holland will leave Thursday morning for Mt. Sterling, Ill., for a visit there and afterwards in Missouri points. Miss Holland will be away a month.

BEES NOW HAVE PARALYSIS

Strange Epidemic Breaks Out in Ohio Bee Colonies.

Columbus, Ohio, Aug. 2.—An epidemic resembling paralysis has broken out among the Ohio bee colonies and threatens to reduce materially the state's output of honey, according to an announcement today by N. E. Shaw, state bee inspector. The federal government is sending Dr. E. F. Phillips, its chief bee expert, to the state to investigate the case.

Bees attacked by the disease quit work, go off to a corner of the hive and lie there until they die, says Mr. Shaw.

BASEBALL ATHLETICS

FANS TO GET MORE THAN MONEY'S WORTH

Sunday's Play at League Park to Feature a Double Header.

Sunday afternoon at League park the baseball fans will have a chance to see two games and they will be hummers at that. The first game will be between the Blackbirds and the New Haven club, and the second will feature the Fort Wayne Colored Giants and the Blackbirds. Both of these contests will have a bunch of pep in them for they are teams that class with the best. The New Haven club has won twelve out of fourteen games and bids fair to make it thirteen out of fifteen. The New Haven cracks lost to Garrett Sunday when they had a recruit in the box, but so to make sure that they don't lose again their regular standby will pitch for them. The Colored Giants have been living up to the name they have adopted and when they step out to play Sunday they will be there with only one thought and that is to win. They are importing some out of town players to beat Cleary's bunch. The first game will be called at 2 o'clock.

Vince Robbin's Games.

Along with the preparations for the game Sunday Mart Cleary, president of the Shop league, is preparing for the testimonial games for Vince Robbins Saturday. The ball park has been given to the Shop league for the day and there will be no expense whatsoever and all money taken in will be given to the stricken pitcher, Vince Robbins. Vince a number of years ago was considered the hero around these parts for his brilliant pitching. Many a contest has the stricken man pitched and always came out with the long end of the score hanging to his belt. A number of old Shamrocks have said give Vince a couple of runs and there wasn't a team in the country that could beat him. Why, that man beat the Central league team here twice the year they won the pennant. The score for the first contest was 1 and 1 and the next 4 and 3. Should the fans fail to turn out to the games Saturday it would be one of the biggest black marks to baseball the city has ever experienced. There is something more than baseball behind the games and everyone should feel it.

JOHNSON TAKES TENNIS FINAL

Champion's Fast Attack Beats Armstrong in Four Sets.

Boston, Mass., Aug. 2.—William M. Johnston, of San Francisco, national tennis champion, Tuesday won the final match of the Longwood Cricket club's annual tournament by defeating Joseph J. Armstrong, of Philadelphia, 6-0, 6-3, 2-6, 6-2. By his victory Johnston gained a leg on the trophy, as M. E. McLoughlin, of San Francisco, last year's winner, will not defend.

Johnston's fiery attack overwhelmed Armstrong in the first two sets. Both at the net and in the back court the champion was invincible when going at top speed, but in the third set he tired rapidly as a result of losing seven and a half pounds in his match against Watson M. Washburn under yesterday's broiling sun. In this set he made little effort to get deep drives which Armstrong placed in the far corners, and the Philadelphian ran the set out in short order.

Johnston came back strong in the fourth set, however, with tactics just the opposite of Armstrong's. Johnston went after points by the shortest possible route, while Armstrong seemed content to lay the ball conservatively and trust to his opponent's errors. The Californian had a wide variety of strokes, while Armstrong showed only two that were effective, a backhand slice and a forehand chop.

The Philadelphian went up to the net only seven times, and almost every time he was passed by a lightning shot from Johnston's racquet. Johnston won ten of his service games and lost five, while Armstrong won six and lost ten.

Johnston's name is the first to be engraved on the new Longwood cup, which must be won three times, not necessarily in succession, before it passes out of competition.

SPORT DOPE

We can't recall offhand what town was the "cradle of baseball," but Connie Mack seems to have robbed it.

Far be it from us to let any expert statistician beat us to the fact that it cost Charles Weeghman 20,000 cups of coffee when Tinker forfeited a game to Brooklyn.

Does the fact that Woodrow Wilson plays it prove that golf is a democratic game?

According to a contemporary tact is required in golf. Quite true. One can't be too careful who one swears at.

"Baseball has iron men," a headline screams. Most of the iron usually is found just above the neck.

Bobby Veach, of the Detroit Tigers, is different from most ball players. He was hit on the head with a ball yesterday and it hurt.

The Chicago Cubs have acquired a catcher entitled "Rowdy" Elliott, but he'll have to show some speed to steal J. Evers' stuff.

While all these torrid blasts are blistering the community you can't blame Connie Mack for fighting to hold his nice comfortable cellar.

STALLINGS PRACTICES PSYCHOLOGY ON BRAVES AS THEY SWEEP TOWARD FRONT

Boston Leader's Idea is: By Devious Methods to Instill Into His Men Belief They Can't Lose and Enemy Can't Win.

(By Harold Johnson.)

Psychology plus baseball forms the combination that is sweeping the Boston Braves toward first place in the National league flag marathon.

George Stallings claims the penomena of the mind properly applied with big league diamond ability will spell another pennant for the Back Bay machine just as it did in 1914. He is a student of the practice and appreciates the power of mind over matter. He knows little of the art of conditioning the body. His teams never are ready in the spring because he can't condition them in the south.

The training jaunt to Stallings is a problem of shaping the mental fitness of his troops. He has done it and today he relies more on the mental attitude which he can deduce by patient methods that he does in physical perfection of his athletes.

Right now the big Georgian is shaping the mental attitude of his club for the grueling pennant finish confronting them. Stallings plays more baseball off the field than he does on it. He's the originator of and the firmest believer in the "morning brain meeting," a council of war that is held before every game, and in which a plan of battle is outlined for the next engagement with the enemy.

He started these morning confabs in 1896 when he managed Detroit, and was considered a radical who would never last. Connie Mack took it up when he began to assemble the famous champions of 1910-11-12.

Branch Rickey practiced it with the Browns but Branch didn't have much of a team to practice anything on but patience. Few other managers believe in it. The Braves have a meeting every day of the season, at home or abroad.

At each powwow held this season Stallings has instilled in his men the belief that they can't lose and the enemy can't win. He has sanctioned a repetition of the goat-getting tactics that won the 1914 world's championship for the Braves and relies on them to sweep through to victory despite the dizzy pace maintained by the Brooklyn Dodgers.

MUDGE WINS PRIZE IN GOLF TOURNEY

Minneapolis, Minn., Aug. 2.—Dudley Mudge, Minnesota state champion, won the title of medalist at the trans-Mississippi golf tournament here Tuesday by completing the thirty-six holes of qualifying play in 146. He also aided his three teammates of the Town and Country club, St. Paul, in winning the Brock trophy with an aggregate score of 636.

Mudge, who played the first eighteen holes yesterday at 74 par for the Interlachen club course, bettered this performance, making the round in 72.

Four others of the thirty-two who qualified for the championship flight finished the thirty-six holes under 160. They were James Hubbell, Des Moines, with 154; Kenneth Lindsay, Cedar Rapids, Iowa, 156; Earl Piepho, Cedar Rapids, 157, and J. K. Wentherby, Minneapolis, 157.

The highest score of those who qualified for this event was 168. Harry Long, of Minneapolis, four times trans-Mississippi champion, added 78 to 85 of yesterday, thereby getting into the event.

VARDON HINTS ON GOLF.

Cardinal Rules by Six Times Open Champion of Great Britain.

"Keep your head steady and do not let the left heel turn outward—then the body can only wind up when the arms go back.

"Grip firmest with the thumbs and forefingers; they are not so well adapted as the other fingers to the purpose of taking a strong hold, and they are the most important of all for the golf grip.

"Let the club head lead, the left wrist turning inward, the arms following the club head and the right hip screwing next.

"Don't throw the arms forward as you start to come down as though you were mowing grass. Rather throw them back and let them come around in their own way from that point.

"Let the movement of the right shoulder be steady and rhythmic; it should have nothing in the nature of a sudden drop or jerk.

"Don't be afraid to hit hard; if you are swinging correctly, hard hitting is not pressing.

"Keep your head still until the club has struck the ball."

BRAVES GET PREP CATCHER.

Boston, Mass., Aug. 2—The Boston Nationals, without a catcher as a result of accidents to Gowdy and Tragressor, Tuesday signed Arthur Rice, a local schoolboy. Manager Stallings also made inquiries looking to the acquisition of another backstop. Blackburn, of Providence, was mentioned in this connection. A split thumb is expected to keep Gowdy out of the game for two weeks, and Tragressor's recovery from the effects of a collision with Pitcher Allen is not looked for for several days.

WANT HINKEL AS REFEREE.

Cleveland, O., Aug. 2.—Matt Hinkel, promoter of the Chaney-Kilbane featherweight championship bout, stands good to knock off $500 from the $16,000 roll with which he will stage the fight. Jimmy Dunn, manager for Kilbane, asked Hinkel to referee the battle, with the proviso that should Chaney win the decision he would present Matt with $500. Dunn also sprung a surprise when he offered Henry Bletzer, manager for Chaney, a wager of $5,000 or $10,000 that Kilbane would defeat Chaney.

HITCH IN TRADE TO GIANTS.

New York, Aug. 2.—Just as the Giants hit their gait and the club seems bound for a dash upwards word comes from Louisville that the Colonels are balking at releasing Pitcher Middleton, who was to have been transferred to New York Tuesday. Owner Wathen, of Louisville, feels that his club, which is in the thick of the pennant fight, would be weakened by the loss of Middleton.

Mrs. Lena Rood, of Seattle, with a fortune of $25,000,000, is the richest person in the Pacific northwest.

Harrison Walton, age seventy-four, of Philadelphia, has completed fifty years of service as a public school teacher.

COLONELS GET BILLINGS.

Louisville, Ky., Aug. 2.—Owner O. H. Wathen, of the Louisville American association team, announced Tuesday night that he had purchased Josh Billings, a catcher, from the Cleveland Americans.

Martin Reits, age eighty-seven, of North Point, Pa., is still following the plow on his farm, and one of the team of horses that he is using is thirty years old and still doing good service.

Never Again Or The Morning After

Did you ever go to a picture show and go home with—headache—wake up in the morning with tired, smarting eyes and resolve to see what was the matter with them. Possibly you have and probably you put it off and then forgot it entirely. However, if you knew the cool, restful feeling a comfortable pair of glasses would give, you'd be wearing them now. One of the best features of the glasses made by Meigs, in the Lyric Theater building, is the fact every pair is guaranteed, and why risk eye strain and poor glasses with this service in reach?

RUDISILL PAVING TO BOOST HARRISON HILL

Harrison Hill, the modernly planned addition located on South Calhoun street, has a frontage of seven hundred feet on Rudisill boulevard, and will be materially improved by the paving of this street from Piqua avenue to Broadway, which is now under way. Already many people have anticipated the effect of this improvement in increasing the lot values in Harrison Hill, and have taken advantage of the prices of $22 per front foot with the expectation of securing a handsome increase upon their investment within a comparatively short time. Full details regarding the possibilities of Harrison Hill may be secured from the promoters of this addition, Hilgemann & Schaaf, who are located in the North American building on Clinton street.

SINGLE G MAKES A THREE HEAT RECORD

Steps Off Three Heats for a Record and Wins from Crack Field.

Kalamazoo, Mich., Aug. 2.—The paper mills purse of $10,000 gor 2:08 trotters was the headliner on Wednesday's Grand circuit program. Mabel Trask, Walter Cox's chestnut mare, which won the Merchants' and Manufacturers' $10,000 stake at Detroit last week, was the favorite.

"Pop" Geers himself was expected to pilot St. Frisco today and a great contest was looked for between the veteran and Walter Cox. Geers is slowly recovering from a bad fall at North Randall recently and made his first appearance of the year in the seat yesterday.

A great race was also looked for in the 2:05 pace, purse $1,000. Miss Harris M, which established a new world's record last week for two consecutive heats by a four-year-old mare, was the favorite. The 2:13 trot, with a purse of $1,000, was the other event on the day's card.

Tuesday afternoon Single G. won the free-for-all pace, feature of the Grand circuit races, and in doing so paced the fastest mile ever negotiated during a race on a Michigan mile track. His time for the first mile was 2:00, while the average for the three heats comprising the contest was 2:00 2-3, making it the fastest three heat race ever seen in Michigan. There were seven starters in the pacing classic. The field went away fast and Single G. stepped to the quarter in 29¼ seconds. Hal Boy and R. H. Brett could not stand the pace and broke, the other five racing neck and neck down the back stretch, Single G. leading. The half was made in 1:00½, the three-quarters in 1:30¼. Here Napoleon Direct and Russell Boy went after Gosnell's pacer and it was a magnificent flight of speed down the stretch, Single G. winning the heat by a neck from the Geers horse. In the second heat Single G. led to the half in 1:01¼ and then the pace quickened. Geers was determined and let Napoleon Direct out. Inch by inch he overhauled Single G. and passed him about fifty feet from the wire, winning the heat in 2:01¼. The third heat was another battle, but Single G. was equal to the task this time, and despite the efforts of Russell Boy and Napoleon Direct to overhaul him managed to win the heat and race. The last half was paced in 59¼ seconds. The time for the mile was 2:00¾.

There were three other races during the afternoon. Each was won in straight heats and was easy for the respective favorites. Summaries:

One Minute Talks with Ballplayers

HARRY HOOPER, BOSTON RED SOX:

"Where did I learn to throw? That's easy. I just naturally picked it up when I was a kid on my father's ranch in California. I was just like any other kid—wanted to throw stones and by constant practice, during my spare moments in the fields, became a sort of dead-shot. Oftentimes I would get the range of a rabbit and bowl it over with a stone.

"The training I got as a kid wasn't wasted either for when I broke into baseball I could peg them as well as any of the fellows who had seen years of service.

"A man doesn't have to be a giant to throw a baseball a great distance. If he doesn't try for grandstand pegs he should always keep his arm strong."

AL MAMAUX, PITTSBURG PIRATES:

"Smart oldtimers can always make it tough for youngsters just breaking in. I remember one day when I was the goat for a trick pulled by Roger Bresnahan, then with the Cubs. There were two out and Chicago runners on first and second bases. I was pitching and Bresnahan, who was coaching and talking real friendly like to me, hailed me suddenly as the ball was returned to me.

"'Say, Al, toss me that ball. I want to look at it,' said Roger. I didn't give a second thought but tossed it toward him and I'll be darned if he didn't step to one side and yell to the runners to beat it home. Each advanced a base and would have scored if Jimmy Vlox hadn't run his head off to recover the ball. Believe me that one cured me."

MASONS TO FROLIC AT ROBISON PARK

Blue Lodges Will Unite for a Day of Merriment on August 11.

August 11 has been named the date and Robison park the place for the union picnic of the four Fort Wayne Blue lodges of the Free and Accepted Masons. This includes Wayne lodge, No. 25; Summit City, No. 170; Sol D. Bayless, No. 359, and Home lodge, No. 342. The day of merriment has been arranged for members of the lodge and their families and it is anticipated that thousands will enjoy the event.

C. O. Griffin, chairman; N. R. Wenger, vice chairman; W. J. Adams, secretary, and D. W. Bitner, treasurer, and eight associates compose the committee on arrangements. A sixty-second street car service has been arranged for so that all who wish to go to the park will be very nicely accommodated. The first special car leaves Harrison and Pearl streets at 1 o'clock in the afternoon and a car will depart from this corner every minute for the next half hour. Transportation will be free on these cars.

A big basket dinner will be served the grove at 6 o'clock. Free coffee and drinking cups will be furnished. Tickets will be given to the members for the various concessions at the park so that no one will lack entertainment.

The Shrine band will furnish music for the afternoon and evening. The followig program of athletic events has been arranged by the committee:

Boys' three-legged race, prize, solid watch; men's sack race, prize, cuff buttons; ladies' egg race, prize, silver spoon; fat men's race, prize, box of cigars; boys' dash, prize, base ball gloves; girls' peanut race, prize, "something good;" men's free-for-all dash, prize, thermo bottle; ladies' nail driving contest, prize, hat pin; boys' melon eating contest, prize, league base ball; girls' partnership race (select your partner,) prize, box of candy; boys' sack race, prize, pocket knife; ladies' free-for-all dash, prize, handkerchief; men's jumping contest, prize, fountain pen; boys' handicap, prize, set tennis balls; ladies' throwing contest, prize, silver thimble; men's sack race, prize, box of cigars.

The Moose Picnic.

Preliminary arrangements are being made for a picnic to be given by the Fort Wayne lodge of the Loyal Order of Moose on August 27. The event will be held at the Rathbert grove, on the California road, near stop 10, on the Fort Wayne and Northwestern interurban line. Tricket Giles, supreme secretary of Moosehart, Ill., and Rodney Brandon, secretary of Mooseheart, will be present and give addresses at this time.

Lodge Notes.

Kekionga Review, No. 83, Women's Benefit association of Maccabees, will meet Wednesday evening in the lodge rooms. Candidates are to be initiated and refreshments will be served.

The Daughters of Workmen lodge will not hold any meetings until the first Tuesday in September.

Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.—Advertisement.

Why Do So Many People Wear Glasses Nowadays?

Many people expect the truthful answer would be for style, but just as people are not content to travel on foot or by stage, as in olden times, so the people of today are not content to use their eyes as of old and they get glasses to take off the strain of picture shows, hard work by artificial light and other strains caused by indoor work. There is no way of keeping up with the procession in the strenuous life but having your nerves and health the best. The easiest way is to wear right glasses. This kind is made and guaranteed by Meigs, 1012 Calhoun street.

PAYS HIGH TRIBUTE TO COL. ROOSEVELT

Mr. Hughes Hands Out Some Compliments to Progressive Chieftain.

New York, Aug. 2.—In an address here to the Roosevelt league, Charles E. Hughes reiterated his demand that American rights on land and sea be respected and again assailed the present administration for what he termed its weak and vacillating policy. The nominee took occasion to pay tribute to Col. Roosevelt, declaring that he was proud to have the support of the organization bearing "the name of a great American."

"It bears the name of one who has very recently brought the whole country to a sense of its obligations and aroused a very deep feeling with regard to some of our most important concerns," he said.

Reaffirms Suffrage Stand.

Mr. Hughes reaffirmed his stand for a federal amendment granting woman suffrage, as outlined previously in his letter to Senator Sutherland of Utah. He declared that the question should be settled promptly.

s Mr. Hughes was leaving the meeting he was spoken to by Mrs. William Forse Scott, a leader in the anti-suffrage movement and formerly a member of the executive board of the anti-suffrage organization in New York state.

"I am sorry, Mr. Hughes—very sorry, that a man of your sincerity should support the federal amendment for woman's suffrage," said Mrs. Scott. "You, sir, will have four generations of women against you."

"I am sorry, madame, that we disagree," replied the nominee, and he passed on.

Mr. Hughes' Address.

Mr. Hughes' address was in part as follows: "It is an especial pleasure to meet you this afternoon and to recognize the very deep interest that you feel in this campaign. I am particularly glad to have the support of this organization. It bears the name of a great American. It bears the name of one who has very recently brought the whole country to a sense of its obligation and aroused a very deep feeling with regard to some of our most important concerns. I welcome the support of the Rooseevlt league.

"This is a campaign in which I am sure women can not fail to take a very profound interest. They, if there can be any comparison in such a matter, feel more keenly perhaps than any one else with respect to the national honor and the importance of its maintenance to our proper preparation and our security; and, further, to that organization in our life in all its activities which will give us an America going forward to meet the responsibilities which are sure to be upon us after this war is over.

Does Not Seek Conflict.

"I note that you represent a very strong feeling with regard to our relation to the maintenance of American rights in connection with Mexico. We do not wish in this country to be brought into unnecessary conflict. There is not the slightest danger of that in a just, firm and consistent American policy.

"It is very difficult to satisfy our friends on the other side. If you say that the administration has been weak and the administration has been weak and vacillating, they reply: "That is an old story"—they knew that before. If you say they have been lacking in firmness and consistency, they say 'We are going to be firm to the future, and we are going to turn over a new leaf.'

"Now, my friends, this is the reckoning time. We are all stockholders in a great corporation and the balance sheet is presented in order that we may know what kind of administration of our affairs we have had. We tood over the balance sheet and we find a serious debit balance and we do not trust the administrators that have brought it about.

Expects No Improvement.

"There is an incurable defect of character in the administration with respect to the weakness and vacillation which have characterized it; and we can not expect improvement from that source. We can judge by what has been done and by what has not been done, and we are here together under circumstances, very unexpected to me, to see if we can not have a genuine revival of American sentiment so that we may face the world erect and prepared.

ANGERED CRIPPLE SLAYS HIS FATHER

Franklin, Ind., Aug. 2.—Ralph Barger, 26 years old, a cripple and hunchback, shot and killed his father, Mack Barger, 49 years old, a farmer, at the Barger home north of Whiteland late Tuesday afternoon. The young man fired at his father with a shotgun, following a quarrel. He was brought to Franklin tonight and was placed in the county jail. He declared the shooting was accidental.

Barger, while not showing marged signs of insanity, has always been of a peculiar disposition, often wearing girl's clothing about the farm and even coming to this city in knee length skirts. His father had treated him as a boy.

The encounter followed several previous altercations, the cause of which is not known. Barger seized the shotgun and killed his father before Mrs. Barger could interfere. After the shooting the mother wrested the weapon from her son's hands. Barger disappeared and later was found hiding in a shed.

EVERYTHING READY FOR BOWSER OUTING

Employes to Be Guests of Company at Winona on on Saturday.

Final arrangements are being completed for the annual excursion of the S. F. Bowser company employes, which will be run to Winona lake next Saturday. The entire plant will be shut down for the day, so that everybody may take advantage of the opportunity of a day's outing. The entire expenses of the trip will be borne by the company, and it is expected that several thousands of workmen and their families will be carried by the Pennsylvania to Winona, Saturday.

The first train will leave the station at 8 o'clock, and the second one a half hour later. There will be twenty coaches in all. Many sports and methods of entertainment have been arranged for the occasion and the affair is sure to be an enjoyable one. The Bowser baseball team and the team from Turners, both members of the shop league, will stage a regulation shop league game Saturday morning. In returning, the first section will leave the lake at five o'clock, and the second and hour later.

FRANK KROPP RETIRES

N. Y. Central Veteran of 35 Years Goes on Pension List.

Frank Kropp, who has been in the service of the New York Central railroad for the past thirty-five years, retired yesterday from active work and was added to the pension list of the road. Mr. Kropp recently reached his seventieth year, and under the age limit, goes on the roll of honor. He has been in charge of the freight house team tracks, where freight is received and delivered.

As a token of respect in which he is held, and in recognition of his long services, Mr. Kropp was yesterday presented with a smoking jacket, meerschaum pipe, and complete smoking outfit by the employes of the freight house and office. Mr. Kropp is a native of Germany, and was born in 1846. He fought in the Franco-Russian war of 1870, and was wounded in battle. The vacancy at the freight house will be filled by Edward Carroll.

J. J. BERNET HERE TODAY .

Nickel Plate Head Welcomed by Business Men.

J. J. Bernet, the newly appointed president of the Nickel Plate railway, arrived in Fort Wayne early this afternoon on his first inspection trip over the lines. Accompanying the president were the new directors and the chief officials of the road. The president's train left Chicago this morning at 6:30 o'clock. Immediately after his arrival in this city Mr. Bernet and his party was taken on a sight-seeing trip about the city in automobiles. A banquet will be given at the Anthony hotel tonight in honor of the new president, and many manufacturers and business men have been invited to attend. Mr. Bernet will make a speech outlining the policies of the Nickel Plate road as they affect Fort Wayne. Hon. S. B. Fleming is coming from New York to be present at the banquet.

SPEAKS TO SHOPMEN

Socialist Candidate for U. S. Senator at Noon-Day Meetings.

Jos. Zimmerman, the socialist candidate for the United States senate from Indiana, is making addresses to the men at the various shops about the city during the noon hour. The first meeting was held yesterday at the Western Gas works, and was well attended. The second meeting was held today at the Electric works, and the third and final one will be at the Pennsylvania shops tomorrow.

AUTHORITIES PLAN TO FACE STRIKE CRISIS

Terrific Street Railway War in New York Seems Inevitable.

New York, Aug. 2.—New York state and city authorities are preparing today to deal with a great strike of street railway employes which, if begun, is expected to tie up virtually the whole street railway service of the city. Officers of the Amalgamated Association of Street Railway Men, who are in charge of the efforts to organize the employes in order to enforce a demand for recognition of the union and an increase in pay, said today that they were nearly ready to present their demands to the New York Railways company, operating most of the surface lines in the borough of Manhattan.

Officers of this company are preparing to resist the demands of the men and are establishing dormitories and training new employes in the operation of cars to take the places of strikers.

The threatened tie-up of every car line in Greater New York is to be only the first step in a nation-wide strike of street car men in order to win the union's demand for the right to organize everywhere, it was stated today by Louis Frediger, counsel for the union organizers.

"This is to be a country-wide affair," Mr. Frediger declared. "The organizing of street railway men is progressing rapidly. Attention is to be centered first on New York city."

The per capita wealth of the United States now has almost reached the $2,000 mark.

DAMAGES ASKED FOR CRASH WITH AUTO

Nora and Ed Cutshall Demand $7,000 from Hiram Frazier.

Suits aggregating $7,000 damages have been filed in superior court against Hiram Frazier by Nora, asking $5,000, and Edward Cutshall demanding $2,000 damages, alleging that Frazier, driving an auto at excessive speed, collided with a carriage in which the plaintiffs were riding on the Lima road May 6, 1916. Frazier, it is charged, hit the vehicle from the rear as the driver of the carriage turned out for another vehicle.

Damages are asked for injuries to Mrs. Cutshall when their carriage upset and for damages to the vehicle. The law firm of Harper & Fuelber represents the plaintiffs.

Suit for Divorce.

Eunice Waldron has brought suit in superior court against James W. Waldron for a divorce. The Waldrons were married Jan. 28, 1914, and separated in June, 1916. Cruelty and failure to provide are alleged.

Suit to replevin on a cow involving $50 has been filed by Christian Elett against Christ Humbarger. Emrick & Emrick are attorneys for the plaintiff.

Notes of Courts.

Cruelty and failure to provide are the allegations in a divorce bill of Elsie M. Merriman against Ralph Merriman. The Merrimans were married in 1911. Ryan, Ryan & Aldrich are attorneys for the plaintiff.

Mrs. Priscilla Steel-Cursen, 83, has been granted a divorce from her fifth husband, Silas Cursen, 79. She married Cursen six weeks ago. Tuesday she received $1,000 damages for the death of her fourth husband, George Steel, killed a year ago in an explosion. She charges her last husband with drunkenness. She was denied alimony.

Divorce is Sought.

Maggie B. McKeefer has brought suit in the superior court for a divorce from Thomas E. McKeefer, charging desertion and that he lives in adultery with a woman in Grand Rapids, Mich., and former resident of this city. Three children were born, of which custody is asked. Mr. and Mrs. McKeefer were married March 1, 1898, and separated March 21, 1916. The plaintiff also asks title vested in her to a grocery which McKeefer operated before leaving and to household goods. Howard Hanthorn is attorney for the plaintiff.

Suit is Dismissed.

On motion of the plaintiff the Arcola Equity company's suit on account against Paul H. Trier has been dismissed.

Divorce Is Asked.

Two days of the married relation sufficed for Olive M. and Arthur J. Weber, and Wednesday Mrs. Weber filed suit for divorce from her husband charging cruelty, that he used vile language and that he deserted her. She has not seen the defendant for a year, the complaint says. They were married Nov. 25, 1914, and separated two days later. Vesey & Vesey are attorneys for the plaintiff.

IN JAIL FOR HITTING MOTHER-IN-LAW IN EYE

Colman Brown's mother-in-law thought he had lots of money when he married her daughter, he said. Brown shattered the dream of his mother-in-law when he admitted after his marriage that he did not have money.

Since then Brown's mother-in-law has hectored him, he says. He says he was in no humor to be hectored, Wednesday noon, when he came home tired from work. Mother-in-law did not know that. She hectored him again, he says. Brown hit his mother-in-law in the eye and knocked her down. Her eye is badly swollen.

Mrs. Clara Ebersole, the mother-in-law, who rooms on Berry street, called the police. They went to Brown's home at 226 Rudisill boulevard and arrested Brown. He is in jail awaiting a hearing on a charge of assault and battery preferred by his mother-in-law.

FT. WAYNE STAR LOSES OUT IN FOURTH ROUND

Mulholland Eliminated by Columbia City Man in Tennis Play.

The fourth round of the Northern Indiana Tennis tourney was started again this morning and soon Fort Wayne's hopes of having a man in the play for the finals, go shooting to the stars. Murdoch Mulholland, the high school star, the only Fort Wayne player to survive the play to the fourth round, was eliminated this morning by Phil McNagny, of Columbia City. The younger boy lost before the smashes of the older player and went down to defeat only after a hard fight for honors. McNagny took the contest in straight sets both by the score of 6-1.

The visiting player took shots back to the local lad and seemed to have the boy baffled at the style of play. Mulholland has a fine service and worked to advantage at times, but the smashes to the back court and the net play of the Columbia City player took the match and set the Fort Wayne hopes down to nothing. Mulholland is young and the experience given him in the tourney this year will be of avail to him next year.

Ketchem seems to bid fair for a good place in the finals of the play for the way he's going now seems to indicate that he has a little more than the rest. In the fourth round of play this morning the defeated Dr. R. G. Owens in 4-6, 6-0, 6-3. The doctor started out with a flash and looked to be good for a win but the youth came back with a love set the next play and took the next one after a hard gruelling. The Chicago lad used his California chop to perfection and won many points by it. He plays a fine net game and his overhead smashes give him a good start toward the head of the list.

Haupt lost to Thomas by the score of 6-2, 6-1. Thomas did not have to extend himself to the limit only on a few occasions.

Kiefer, the Cincy lad, who illiminated Clinton Borton in the first round, kept up his work and defeated Van Arsdale in the fourth round, this morning. The play was fast and many plays brought comment from the gallery. The Cincy lad is a left handed player and for that reason he has a wonderful reverse American serve. The ball comes over like a bullet and hardly bounces at all. He plays a fine placing game and whoever illiminates him will have to cover a large amount of the court.

In the doubles play of the first round Hoag-Ketchem started out like whirlwinds and defeated McNagny and Baker, last year's champion double team. The visitors took the champs down in two straight sets, score 6-3, 6-4.

Hendricks-F. Bastian defeated Margold-Hite in the second round of the doubles. The Indianapolis players play together fine and made many brilliant plays during the match. Hendricks is the older of the two and has more experience. He plays a heady game and has a serve that anyone would be proud to call his own. His side partner, F. Bastian, is a youth that bids fair to cop something before many years have passed. The boy plays the game like a veteran, a serve that reminds one of the "Famous Bullet" that is about to come back at Forest Hill next week.

The results of Tuesday afternoon's play are: J. McKay defeated D. Robertson, score, 6-2, 6-4; L. Ritch defaulted to J. Hennessey; Hendricks defeated Troemel, 7-5, 6-4; Hoag defeated J. Miller, 6-1, 6-3; Van Arsdale defeated J. Frank, 6-2, 6-4.

KILLED IN BANDIT ATTACK.

Laredo, Texas, Aug. 2.—Nine constitutionalist soldiers and several bandits were killed when 200 bandits attacked a northbound National Lines train at Gonzales Junction, Mexico, on July 28, according to reports received at Nuevo Laredo today. Seventy-five soldiers aboard the train dispersed the attackers.

LACK OF FUNDS MAY END STRIKE.

Duluth, Minn., Aug. 2.—Lack of funds may end the strike on the Minnesota iron range and defeat the Industrial Workers of the World, according to Miss Elizabeth Gurley Flynn, I. W. W. leader. Miss Flynn said her chief purpose in remaining in Duluth was to canvass laboring men here for 800 destitute families of strikers.

POLICE MAY ORDER SALOON BARTER HALT

Saloon keepers may be ordered by police to stop the practice of giving drinks for articles left with them by strangers. Many of the things taken by petty larceny thieves are traced direct to saloons. The goods have been given over for a few drinks.

Detective Sergeant Brennan was busy Wednesday morning tracing down the contents of a suit case stolen Monday from a room on West Wayne street. The suit case was the property of A. B. Shank, of Hicksville, Ohio. It contained a kit of barber tools. Brennan located the articles in several saloons and barber shops.

Police think that much of their search for stolen goods would be eliminated if some saloon keepers did not offer such a ready market for the stolen articles. If bartenders will not be gracious enough to call police for an investigation when articles are offered in exchange for a few drinks, police may order that the bartering system be stopped.

PIONEER RESIDENT OF COUNTY EXPIRES

Mrs. Anna Kronmiller is Called by Death at Age of 82 Years.

Mrs. Anna Maria Kronmiller, one of the pioneer residents of Allen county, died Wednesday morning at the home of her daughter, Mrs. William Sutter, 615 Fifth street, at the advanced age of 82 years. Death was due to paralysis and followed an illness of three weeks.

Born in Wuertenberg, Germany, she came to the United States with her sister, Mrs. Seeger, over sixty years ago. A few years later she came to Allen county and settled in Lake township, where she resided until a few years ago when she came to Fort Wayne to make her home with her children.

Mrs. Kronmiller was a charter member of the St. John's Lutheran church of Fort Wayne. Her husband and one daughter preceded her in death. She is survived by five children—Mrs. William Sutter, of this city; Mrs. J. D. Butt, of Lake township; George Kronmiller, of Fort Wayne; John, of Lake township, and Charles, of Columbia City. There are also twenty-three grandchildren and fifteen great-grandchildren.

Funeral services Friday afternoon at 1:30 o'clock at the residence of the daughter and at two o'clock at St. John's Lutheran church. Interment at St. John's cemetery.

NEFF

John Henry Neff, a former resident of Fort Wayne, but for the past sixteen years a resident of Los Angeles, Cal., died at that place a few days ago. The body is being brought to Fort Wayne for burial. The deceased was a veteran of the civil war and was well known in this city.

The remains will arrive in Fort Wayne Friday afternoon and funeral services will be held Saturday afternoon at 2 o'clock at the Peltier undertaking parlors. Interment at Lindenwood.

GIESBONE

Mrs. Mary Giesbone, of Wolcottville, died late Tuesday afternoon at a local hospital, following an operation for stomach trouble. She was twenty-two years of age. The husband and one child survive her.

The body was sent to Wolcottville for burial.

BANDTEL.

Mrs. Bertha F. Bandtel, wife of George F. Bandtel, of 304 Masterson avenue, died at 10:45 o'clock Wednesday morning at the family home at the age of forty-six years. Death was due to heart trouble and followed an illness of but two days in duration. She had suffered from heart trouble for several years.

Mrs. Bandtel was born at Vera Cruz, Wells county, Indiana, but had resided in Fort Wayne for the past thirty years. She was a member of the First Evangelical church and of the Ladies' Aid society of the same congregation.

Besides the husband, who is employed at C. C. Schlatter's hardware store, she is survived by three children: Fred, Helen and Bertha, all of Fort Wayne, and one sister, Mrs. William Regenaur, and one brother, Gustave Weber, both of Fort Wayne.

FUNERAL NOTICES.

Bence.—Funeral services for William C. Bence will be held Thursday afternoon at 2 o'clock at the residence, 918 Monroe street, Rev. D. H. Guild officiating. Interment at the I. O. O. F. cemetery, near New Haven. The Ben Hurs will also hold their services.

SOUGHT TO PROVE UNITY OF ALLIES

Asquith Explains Purpose of Economic Conference at Paris.

London, Aug. 2.—5 p. m.)—Premier Asquith, on opening the discussion in the house of commons today on the resolutions of the Paris economic conference, said the British government had entered the conference with two objects in view. The first was to convince the central powers that the entente allies, whatever their views on the economic policy, were resolved to wage war in complete unity and determination in economic as in military spheres. The second was to make preparations for the period following the declaration of peace in view of the known attitude and will of the Germans.

The Germans would start with obvious advantages, the premier continued, through their action in destroying the works and factories in the invaded countries and because of the fact that they had a large maritime fleet safely interned in German and neutral ports, it would be necessary to make preparations for the coming of peace, and the resolutions of the conference represented the general lines upon which these preparations would proceed.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Aug. 2.—Announcement that thousands of acres in Manitoba have been so badly affected by black rust that they would not pay the expense of harvest led to a fresh advance today in wheat values here. Opening prices, which ranged from ⅞c to 2⅜c higher, with September at $1.25⅛ to $1.26 and December at $1.29¼ to $1.30¾, were followed by additional sharp gains.
Predictions of hot dry weather gave corn a lift. After opening ⅞@1c higher, the market reacted a little, but then rose to a further extent than before.
Improved export call strengthened oats.
Lower quotations on hogs carried down provisions.

THE DAY ON WALL STREET.

New York, Aug. 2.—Standard stocks like Union Pacific and U. S. Steel furnished such stability as was shown at today's opening, special issues displaying further irregularities. Motor shares were under pressure with Mexican Petroleum, Industrial Alcohol and Bethlehem Steel, the latter losing 3½ points on its first sale in a week. Gains of material fractions to a point were scored by Baldwin Locomotive, General Electric, Philadelphia company, Inspiration Copper, Beet Sugar and Hide and Leather preferred. In the main rails showed further hesitation.
The uncertain trend of speculative sentiment became more marked, said later under further selling of Motors, a sharp drop in Mexican Petroleum and the contrary movement of other specialties, notably United Fruit, Sugars and United Cigar Stores. Fruit rose three points without stimulating demand for other shipping shares until toward midday, when Marine preferred gained a point. Dealings lacked the breadth and confidence of the preceding day. Bonds were irregular, with numerous future sales of Rock Island fours at a slight concession.

ILLEGAL LIQUOR SALE IN FACTORY CHARGED

Leader of Imported Crew at Western Gas Plant is Arrested.

Fred Fields, of Chicago, vice president of the Manufacturers' Service company and leader of the strike breakers at the Western Gas Construction company plant, was brought into police court Wednesday morning, charged with the illegal sale of intoxicants. He is held under $1,000 bond for trial on August 9.

Arrest of Fields followed testimony of two of the men who were in police court charged with carrying concealed weapons and with being intoxicated. Both men said that all workmen at the plant were served with liquor each night and that the pay for the drink was taken out of their wages at the week end. Fields furnished the beer, they testified.

Chief Lenz ordered the arrest of Fields at once. Bond for Fields was signed by W. G. Kaiser, superintendent of the Western Gas Construction company. In talking with Chief Lenz, Kaiser decried the arrest of Fields as unwarranted.

"The men have a right to keep beer in the plant to drink," Kaiser said. "The men stay there. It is their home. A man can keep beer in his home and give it to his friends. I do that and nobody raises a disturbance. This case is not fair."

Fields asked continuance of his case in order that he might secure services of Judge Kavanaugh, of Cleveland, deputy United States district attorney, he said.

"I have warned the men personally that they must not keep beer in the plant," Chief Lenz said. "They can go out to a saloon and get their drink if they must have it. Fields has no right to sell the liquor."

Other Workmen Fined.

Walter Campbell, molder, and Amos C. Buchman, foreman, are held under $300 bond each to insure their appearance as witnesses against Fields.

Campbell was arrested Tuesday night on a drunk charge. He was fined $5 and costs. Fields paid his fine. Campbell testified that he had worked at Tiffin, O., some time ago as strike-breaker. He said the beer given the men here was furnished by the Manufacturers' Service company. oMney was paid to Fields, he said.

Buchman, 35, was fined $50 and costs for carrying concealed weapons. His fine of $60 was paid by Fields in one-dollar bills. Buchman came to Fort Wayne from Cleveland, he said. He got the gun which police say he was brandishing in a saloon near the gas plant from a man named Harry, he said.

"Each man is served with four pints or two quarts every night," he said when asked by Prosecutor Hoffman about sale of beer at the plant. "We pay 5 cents a pint for the beer. The money is deducted from our pay when we draw our wages."

Fined for Dumping Garbage.

H. Andy Roslocsky was fined $10 and costs because he dumped two barrels of garbage on a lot near Clinton street. Roslocsky hauled the garbage for two squares in leaky barrels. He was trailed by Sanitary Officer Brown, who followed him by the stench. He pleaded guilty to the charge.

"Garbage and hot weather are a terrible combination," Judge Kerr said, as he imposed the fine in order to impress the necessity of care with waste when there is so much danger of disease.

Held for Child Neglect.

Frank Broscoski is held in jail under $500 bond for trial on Aug. 7 on a charge of child neglect. He was arrested in Chicago Tuesday by Detective Sergeant Brennan. He had not contributed towards keeping his children in weeks, Brennan says. His wife will appear in court Monday.

Other Police Court.

Henry Brooks, who caused a sensation in the Lakeside park region when he enjoyed a garbless sleep on one of the bridges Tuesday afternoon, was fined $50 and costs on a charge of indecent exposure. The entire fine must be served at the state farm.

George James, taken from the Wayne hotel [illegible] a state of intoxication Tuesday night, was fined $1 and costs. Ross Hoffman, 16, charged with loitering by his mother, who says he will not work, was given a chance to hunt a job.

BABY BOND'S BIG BROTHER ALSO POPULAR

The $500 bonds of the same issue as the much talked of Baby Bonds, and except for the larger denomination, identical with the Baby Bonds, are proving exceedingly popular among the local business men who prefer the larger investment but who desire the same security and rate of interest of the Baby Bond.

Baby Bonds are in $10 denominations, are secured by first mortgages on local real estate and bear six per cent interest. There are also some $500 bonds with the same security and the same rate of interest. For further details see the Wildwood Sales Company, Shoaff building.

SAY HUGHES' SPEECH IS INEFFECTIVE ONE

Worse Than Pussy-Footing is General View of Administration.

Washington, Aug. 2.—Here in brief is the way political Washington regards the acceptance speech of Charles E. Hughes, republican candidate for the presidency:

President Wilson and his cabinet—Dry, flat and ineffective.

Democrats in congress—Disappointing and unimpressive.

Republicans in congress—Strong, sound, dignified and constructive.

Wherever politicians met yesterday the one subject discussed was Mr. Hughes' speech and the effect it would have upon the voters. The document was read yesterday morning by the president and members of his cabinet and later discussed by them at the usual Tuesday session.

"Worse Than Pussy-Footing."

Postmaster General Burleson, who is the political spokesman of the administration, expressed the views of himself and his colleagues in the following words:

"The speech is worse than pussy-footing. It is a complete lay-down. The people are tired of generalities and expect candidates to be specific in their promises. Mr. Hughes does not say what he would have done in Mexico or what he will do if elected. The speech suits democrats all right."

The administration recognizes as the weakest issue it will have to face in the campaign is that of Mexico. Basically, it is pointed out, Mr. Hughes' platform is that of Mr. Wilson. Both are opposed to a policy of aggression, both declare they have no desire for Mexican territory, and both wish peace in the neighboring country.

Criticism May Prove Helpful.

Mr. Hughes wants protection of American life and property in Mexico and the security of our border from depredations; Mr. Wilson, it is pointed out, has been working precisely for these things. Military intervention in Mexico, the administration asserts, would intensify the hatred of Mexicans for the United States and would be successful only at a heavy cost in life and treasure.

The president has been laboring to restore peace and order through the Mexicans themselves, and has been endeavoring also to put an end to border raids. It is the belief of the president that the commission of Mexicans and Americans to be appointed will develop an agreement between the two countries which will result in the early suppression of border raiders and the establishment of order in a large part of Mexico.

If this can be accomplished by the middle of October—and the president is confident it can be—administration supporters point out that Mr. Hughes' present criticism will be helpful rather than hurtful.

Would Justify Course.

It is not the intention of the democrats to wait to see the result of the commission's labors before justifying the president's policy with the people. The greatest, indeed, the one argument, which will be dinned into the voters' ears, is that as a result of Mr. Wilson's course the country has been kept out of war.

It will be presented by the democrats in the senate and house; by officials of the administration, including members of the cabinet and Solicitor General Davis, and by the president himself in the speech of acceptance he will deliver immediately after the adjournment of congress.

Instead of being criticised for calling the national guard into service and stationing its various units along the frontier, it will be asserted that this was a wise move in the interest of peace.

FAMILY TROUBLES FINALLY SETTLED

Well Known Local Residents Freed From All Former Ailments Through Tanlac.

Another story that glistens and glows with a real concern for others was told here recently by Mrs. Delia Roebuck, a well-known Fort Wayne woman of 2333 South Lafayette street, whose husband is employed at the Pennsylvania railroad shops in this city. In a most frank manner Mrs. Roebuck told of the great relief her husband and herself gained through use of Tanlac, the celebrated new medicine.

"I have suffered with liver trouble for years," she said. "My kidneys also were out of shape and for the past three months my stomach has been in bad condition. The kidney trouble caused terrible pains in my back just below the shoulder blades. My appetite was poor and I didn't sleep well.

"My stomach trouble has vanished since I took Tanlac. There is no belching now and the pains have ceased. My appetite is fine and I sleep like a child. The kidney trouble has also been relieved the pains in my shoulder blades having disappeared.

"My husband had stomach and kidney trouble. His appetite was poor and he was bothered with indigestion. One bottle of Tanlac has restored his appetite and the stomach and kidney troubles have been benefited greatly.

"I heartily indorse Tanlac because this new medicine has certainly helped myself and my husband."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like.

Tanlac is now being introduced and explained in Fort Wayne at the four Meyer drug stores—Wayne and Calhoun streets, Calhoun and Columbia, 1420 Calhoun and Broadway and Taylor streets. Advertisement.

$4,000,000 GAIN IN VALUATIONS SHOWN

State Tax Board, Completing Annual Work, Submits Report on State.

Indianapolis, Aug. 2.—The valuations of personal property and corporations in the state is expected to show a net gain of approximately $4,000,000 over last year, according to the state board of tax commissioners, which adjourned its annual sitting yesterday. But for a gain of approximately $5,000,000 in Marion county alone, the state valuation would have shown a net loss of $889,159.

In forty-six counties of the ninety-one outside of Marion county there was a loss of $10,871,769. In forty-five counties there was a gain of $9,982,610. This shows that the net loss of the state tax revenue sources in ninety-one counties as amounting to $889,159. Marion county's greatest increase, due to an increased valuation of public utilities and other items.

The reports of the board show further that the state average valuation placed on each person's household belongings amount to $39.20; on farm implements, $41.40; horses and mules, a head, $70.10; cattle, a head, $27.40; hogs, a head, $6.10; sheep, a head, $4.50; automobiles, $211.50.

Valuation figures vary widely in different counties. For instance, horses are valued at $100.90 a head in Tippecanoe county and at $49 in Scott county. These discrepancies are explained by resolutions passed by the body just before adjournment. In the two instances named there is said to be a very high grade of horses at Lafayette and near by owing to large numbers of pure-bred animals of a very high order at stock farms, while in Scott county there is an abundance of mules of low value.

Discrepancies Explained.

The resolutions are as follows:

"Be it resolved, That while there are apparent discrepancies in the assessment of certain classes of personal property in the various counties of the state, we are of the opinion that such discrepancies do not work an injustice between the counties as requires the action of this board.

"Our action upon this subject of equalizing the assessments of the counties is, by statute, confined to the raising or lowering of the assessment of all the personal property of one or more of the counties. Approximately nine-tenths of the taxes raised in each county are consumed in the county, and the important thing in the matter of equalization is to have equal assessments within the county. If we should raise or lower the assessment in any county we would probably do more injustice between the taxpayers of that county than we would gain in the attempt to equalize between the counties.

"Be it furthermore resolved, That as each county has represented that the people of the county are satisfied with the local assessment made this year, we deem it to be our duty to let the local assessment of the additional improvements and of the personal property stand as made by the local authorities.

Decide Seventy-three Appeals.

Seventy-three appeals were decided by the tax commissioners in the course of their sessions, which have been in progress since April 3 and which adjourned yesterday at noon. Thirty-one of the appeals were sustained.

MYSTERY VEILS COURSE OF DEUTSCHLAND

SUBMARINE NOT YET SIGHTED AT VIRGINIA CAPES

Little News from Subsea Merchantman Since She Began Her Return Dash from Baltimore Last Night.

Fortress Monroe, Va., Aug. 2.—Eighteen hours after the German merchant submarine Deutschland sailed from Baltimore on her return voyage to Germany she had not been sighted from the Virginia Capes or in Hampton Roads and nothing had been heard from her since 6:30 o'clock this morning when she was reported off Tangier Sound, about sixty miles up Chesapeake Bay.

Although last night she was said to be making 16 knots, she apparently has been proceeding since at a much slower rate of speed. On the trip up the bay after her arrival off the capes only 17 hours was required for the run from Hampton Roads to Baltimore.

But One Allied Warship.

Much surprise was occasioned here by reports brought by passengers on an incoming coastwise steamer that only one allied warship was on guard today off the capes.

At 2 o'clock the Deutschland had not been sighted at the capes. During the early afternoon a two funneled warship came near the three-mile limit for a few moments and then disappeared.

HEADING TOWARD LOWER BAY.

Deutschland Moving at High Speed When Last Reported.

Newport News, Va., Aug. 2.—The German merchant submarine Deutschland was sighted off Tangier Sound at 6 o'clock this morning. She was still heading toward the lower bay at a high rate of speed. Tangier Sound is about 75 miles above the capes.

Two aeroplanes were seen flying over lower Chesapeake bay at Hampton Roads shortly after daybreak this morning. They were not from the Atlantic coast aeronautical station here. It is believed they came from the armored cruiser North Carolina, on neutrality patrol off the Virginia capes. The machines maneuvered back and forth over the water at a moderate altitude.

Passengers arriving today on an Old Dominion liner from New York reported that when the ship approached the Virginia capes only one foreign warship was sighted. They told of seeing an object lying low in the water with two masts visible, toward which the foreign cruiser was heading. It looked like two huge buoys with masts above and some of the passengers thought it might be supporting a net. It lay just outside the three mile limit, where the channel is narrow.

MOOSERS MAY TAKE UP THREE COURSES

Indianapolis, Ind., Aug. 2.—Progressive national leaders began to arrive in Indianapolis today to attend the conference to be held tomorrow to determine the future policies of the party.

According to men prominent in the party in Indiana, three possible proposals may be considered. One of them is to name a presidential candidate; the second is to allow all progressives freedom to vote for any candidate they desire on the national ticket, and the third is said to be a possible attempt to have President Wilson endorsed.

Not more than forty or fifty progressives are expected at the conference, it was said here.

FEDERAL MEDIATORS WILL TAKE UP TASK

Begin Effort to Adjust Long Strike of Garment Workers.

New York, Aug. 2.—Three mediators appointed by the United States department of labor were to confer here today with manufacturers of women's garments and with leaders of the union of their employes in an attempt to end the strike of 45,000 makers of women's clothing which has been in progress for fourteen weeks. If the mediators fail to bring about an agreement it is understood they will start an investigation of the women's garment industry.

The strike situation was complicated today by the action of 150 manufacturers of men's clothes who locked out yesterday 15,000 workers, increasing the number of idle garment workers to 30,000. There are reports that the union of workers on men's garments will call a general strike of 60,000 men. This action would bring the total number of strikers on men and women's garments in this city to 100,000 persons. Fully $100,000,000 in orders for women's clothes are waiting to be filled when the shops reopen. Manufacturers of men's clothing said orders for $150,000,000 worth of men's clothing had been placed for the fall season, and that orders cannot be filled if the lockout leads to a general strike.

PYTHIAN KNIGHTS ON A SIGHT-SEEING TRIP

Portland, Ore., Aug. 2.—The supreme lodge, Knights of Pythias, which opened its twenty-ninth biennial convention here yesterday, continued its sessions today. The better part of the day, however, was to be devoted to a sight-seeing trip up the Columbia river gorge.

Members of the supreme temple, Pythian Sisters, and the grand lodge of Oregon, who are holding their conventions here in conjunction with the supreme lodge, were included in the two parties that left here on the trip. One party went by boat and the other in automobiles over the Columbia river highway. They met at Booneville for a salmon luncheon. On the return trip those who traveled up by automobile will return by boat and the steamer passengers will travel back over the highway.

Tonight the Dramatic Order of Knights of Khorassan parade and ceremonial will be held.

OHIO POLITICIAN DEAD.

dle district of the Missouri Lutheran synod opened Wednesday morning at Emmaus Lutheran church. Rev. F. Pfotenhauer, of Chicago, general president of the Missouri synod, delivered the sermon.

The five hundred delegates to this convention consist of ministers, teachers and lay delegates from all the congregations in the three states of Indiana, Ohio and Kentucky. The noonday meals are being served in the hall of Emmaus church by the Ladies' Aid societies of Emmaus, Emmanuel and Trinity churches. They are being housed in the homes of the members of these three congregations. The convention closes Tuesday, Aug. 8.

Rev. Pfothenhauer, in his sermon, spoke of the growth of the Holy Christian church and chose for his text, Ephesians 2, 19 to 22. In his preliminary remarks the president of the synod said the Holy Christian church is invisible against the so-called visible church, which consists of those who call themselves Christians, and includes people of all creeds. He stated that the visible church considered as an organization is of value only insofar as it really assists in advancing the growth of the holy invisible church.

NO INDICATION OF LENIENCY IS SHOWN

Plans Unchanged as Hour of Casement's Doom Approaches.

London, Aug. 2.—Roger Casement's solicitor, Gavin Duffy, of Dublin, had not received word this morning of any change in the plans for the execution by hanging at 9 o'clock Thursday morning of his client at Pentonville prison.

Premier Asquith had received an extensively signed petition from Ireland, but beyond a formal acknowledgement, he had not further communicated with its originators.

Casement, according to Solicitor Duffy, who sees the condemned man frequently, remains unconcerned. He no longer looks dejected, or depressed, and betrays no emotion as the hour for his execution approaches. He eats well, favoring fruit and iced drinks.

SENATE PLEA IS SENT.

Washington, D. C., Aug. 2.—At President Wilson's direction today the state department cabled to Ambassador Page for presentation to the British foreign office the resolution passed last week by the senate requesting the president to urge that Great Britain extend clemency to Irish political offenders. The resolution, designed chiefly to aid Roger Casement, sentenced to hang tomorrow, was held up by legislative formalities and reached the white house today. Acting Secretary Polk and Ambassador Page would not be instructed to make verbal representations in handing the resolution to the foreign office.

AUTO ACCIDENT FAILS TO DAUNT BRIDEGROOM

Indianapolis, Ind., Aug. 2.—An automobile accident which bruised him considerable was not allowed to interfere with the wedding plans of Leo Faust today. He and members of his family were on the way to the home of Miss Hattie Angrick, the prospective bride, when he says a railroad gateman dropped the gate in front of his automobile after he was on the track. An approaching train made it necessary to run through the gate. It was splintered and the front of the automobile damaged. After receiving emergency treatment from a physician Faust hurried to the home of his bride to be, and, although he was bandaged and his clothes were wrinkled, the ceremony was performed as planned.

BANDIT HUNT FUTILE ONE

No Trace of Brigands Discovered After Report of New Invasion.

AMERICAN TROOPS ON A HURRY CALL

Rush from El Paso to Take Up Search in Early Morning.

El Paso, Tex., Aug. 2.—A thorough search of the territory between Finlay and Fort Hancock by United States regulars failed to disclose any Mexican bandits. This information was contained in reports to Gen. Georgo Bell, Jr. Troops had been sent to the district early today upon receipt of advices that approximately 150 bandits had crossed the Rio Grande.

The cavalry is supported by a battalion of the Twenty-third infantry rushed from El Paso to Fort Hancock early today in response to reports to Gen. George Bell, Jr., commanding the El Paso military district that bandits in large numbers had crossed the Rio Grande in that vicinity.

First reports to General Bell from the cavalry column said three hours' search of the hills disclosed no trace of bandits.

The report of the absence of the bandits was from Captain William Kelly, jr., in command of the two troops of the Eighth cavalry, sent from El Paso. A similar report was received from Pop Allison, civilian scout of Sierra Blanca, who stated that he had combed the hills without finding trace of bandits.

Reports of the presence of bandits were received shortly after midnight from Sergeant Harry F. Smith, commanding an outpost of the Eighth Massachusetts infantry east of Fort Hancock. Smith stated his men had watched the party cross the Rio Grande and move northwest in American territory.

Held in Readiness.

The infantry, transported in motortrucks, is being held at Fort Hancock together with a motorcycle squad also sent from El Paso to reinforce the cavalry should the trail of the bandits be picked up. Reports to General Bell estimated the number of bandits from 50 to 175. One report said the bandits form the main body of which the five who engaged a joint command of Mexican and American cavalrymen below Fort Hancock on Monday were the advance guard.

Previous reports that bandits were in the neighborhood had been brought here Saturday by officers of the First Delaware infantry. They asserted that the troop train on which they were riding en route to Deming, N. M., was fired on in the vicinity of Finlay.

There had been various rumors here through the night of bandit activities in the neighborhood of Fort Hancock. One version had it that a band of a hundred or more Mexicans crossed the line to avenge the deaths of the Mexican cattle thieves shot down Monday in the fight with an Eighth cavalry detachment about six miles from the fort.

JOSEPH ZIMMERMAN AT BROADWAY PARK

Hon. Joseph Zimmerman, candidate for United States senator on the socialist ticket, spoke at 12:30 o'clock Wednesday afternoon to an enthusiastic audience at McCulloch park on Broadway near the Fort Wayne Electric works. He outlined the policy of the party, and stated that the socialists were gaining in numbers in every section of the country.

He will speak at the same place again Wednesday evening at 8 o'clock, and socialist leaders in the city are anticipating an exceedingly large audience to hear the able speaker.

FRENCH SCORE IN NEW BLOW

Paris Claims the Capture of Strongly-Fortified German Position.

TEUTONS PRESSING CLOSER TO VERDUN

Renewed Effort to Take Stronghold Showing Some Progress.

Today's War News Given in Summary

Dealing another powerful blow at the German lines, the French last night took a strongly fortified position between Hemwood and Monacu farm, close to the River Somme northwest of Peronne, according to this afternoon's Paris bulletin. There has been bitter fighting in this sector for several days and a repulse for the French when they advanced in strong force near Monacu farm was claimed yesterday by Berlin. South of the Somme near Estrees a German trench is reported by Paris to have been won in a French attack.

Apparently the Germans are making a renewed effort to force the issue at Verdun, Paris last night reporting heavy attacks east of the Meuse in which the French lines were temporarily penetrated in some sectors. Today the French war office admits that in the continuance of these attacks the French lines have been pushed a little farther back in the Vaux-le-Chapitre wood and at Chenois, northeast of Verdun.

In air fighting along the Somme front, where thirty-three aerial engagements took place yesterday, the French claim notable success. Fifteen German machines were driven out of action, seriously damaged by the French airmen; according to Paris, one of these air craft was seen to fall in flames.

Paris, Aug. 2.—North of the river Somme last night the French troops took a powerfully fortified German work between Hem wood and Monacu farm, it was officially announced by the French war department this afternoon.

On the right bank of the river Meuse, north of the fortress of Verdun, there was a violent series of engagements throughout the night at Vaux-le-Chapitre wood and Chenois, expanding to the east as far as to the south of Damloup. After a series of unsuccessful attacks, some with asphyxiating gas, the Germans gained a little ground in Vaux-le-Chapitre wood and at Chenois. During the actions the French took prisoners 100 Germans, including three officers.

A Russian reconnoitering party, the statement adds, made a bayonet charge in the Champagne region, dispersing a German detachment.

TO DEMOLISHED TRENCHES

Berlin's Version of Operation in Somme Region.

Berlin, Aug. 2.—(Via London, 5:11 p. m.)—On the high road between Maricourt and Clory, in the region of the River Somme, French troops penetrated "To our completely demolished trenches," says the official statement issued today by the German army headquarters. The Germans captured a hill in the salient

D. C. FISHER SUFFERS ATTACK OF PARALYSIS

Improvement Later Reported in Condition of Well-Known Citizen.

D. C. Fisher, 73 years old, one of the best-known Fort Wayne insurance men, suffered a slight stroke of paralysis on Wednesday morning at 9 o'clock at his home, 129 West Jefferson street, leaving his left arm affected. Mr. Fisher also experiences slight difficulty in speaking.

Dr. G. Van Sweringen, who was called in the case, said that later in the morning Mr. Fisher's condition was more favorable. Mr. Fisher had been troubled somewhat with rheumatism in the left knee for a week. Wednesday morning the knee suddenly weakened and he fell to the floor. Partial paralysis had developed in the knee, but it passed away, leaving nothing but the arm and the vocal chords affected.

WILSON UNCHANGED IN SUFFRAGE STAND

President Still Believes It Matter for States to Determine.

Washington, D. C., Aug. 2.—President Wilson has not changed his position that the woman suffrage question should be dealt with by the states, it was announced today at the white house. The statement was brought forth by the announcement yesterday of Charles E. Hughes, the republican nominee, that he favored an amendment to the federal constitution giving the vote to women.

A delegation of suffragists saw the president yesterday and afterward indicated they believed he would make a new statement on the question before the convention of the National American Woman Suffrage association in September. At that time the policy to be pursued in the presidential campaign will be determined by the suffrage association. Today Secretary Tumulty discussed the question with the president and afterward announced that Mr. Wilson's position on the subject was unchanged. This position as outlined several times to suffrage delegations within the last three years is that while he favors votes for women, he is opposed to federal action.

The president voted for woman suffrage in New Jersey last year. It was indicated that today's announcement was final.

WILL START COUNT OF VOTES FROM THE WEST

Rail Men Believe Strike Sentiment Will Be Almost Unanimous.

New York, Aug. 2.—A committee of fifty men continued the counting of the strike vote cast by 400,000 employes on 225 railroad systems in the United States. Timothy Shea, who is in charge of the counting, said he believed the vote would be almost unanimous to quit work if the railway officials persisted in their refusal to grant the demands of the men for an eight hour day and time and a half for overtime.

The counters expect to finish today the counting of the vote in the eastern territory. They will then take up the western vote.

The ballots counted today are mainly votes of the eastern and southern members of the "Big Four" railway brotherhoods. The western and southwestern chairmen will arrive in a few days with the ballots from their respective communities. It is expected that the lowest number of votes cast in favor of the strike will come from the eastern members of the railway unions. Thus far, the largest number of votes in favor of the strike have been cast by the members from the south. An official of the southeastern association of trainmen who is in close touch with the situation, declared today that 99½ per cent of the members of the four orders of railway workers of the south favor the strike. It had been expected that the counting of the votes would be completed by Aug. 7, but at the rate the count is being made it ought to be completed before that, unless there should be some unexpected delay.

LUECKE ASKS APPROVAL OF PLANS FOR MEETING

Martin H. Luecke, democratic chairman of the Twelfth district, left for Indianapolis, Wednesday afternoon, to confer with members of the democratic state central committee relative to approval of plans for the keynote address which John A. M. Adair, of Portland, candidate for governor, will deliver in Fort Wayne, August 19. As soon as approval is secured Mr. Luecke will be ready to announce a program.

Democrats in all counties of the district are marshalling their forces for the approaching Adair meeting and expect to make it one of the biggest ever held at a campaign opening. Meetings will be held in all counties of the district between chairmen and precinct committeemen August 12.

DESPITE ALLIED BLOCKADE.

Merchant Shipping Cleared from U. S. Ports at New Mark.

Washington, D. C., Aug. 2.—Merchant shipping cleared from ports of the United States in the year ending June 30 set a new record, notwithstanding the allied blockade, the closing of the Black sea and the withdrawal of German and Austrian merchant ships from trade. Bureau of navigation reports made public today show the tonnage cleared was 25,500,000, of which 2,500,000 originated in the United States and 23,000,000 was foreign. The previous high-water mark was 24,800,000 tons, cleared in the year ending June 30, 1914.

RAILWAY MEN SHOW FIGHT

Resent Jersey City Ban on Bringing in Cars of Explosives.

MORE BODIES FOUND AFLOAT IN THE BAY

That of Capt. Leyden Paves Way for Prosecutions for Manslaughter.

Jersey City, N. J., Aug. 2.—Agents of the city commissioners today were sent to the terminals of railroads entering this city to put into effect the order of the commission placing a ban on the storage of ammunition in cars upon piers in this city and upon its shipment through this city to steamers going to Europe. This action was taken because of the great explosion of ammunition at Black Tom pier Sunday morning.

The order becomes effective tomorrow afternoon. All the railroads having terminals here have received notice to discontinue moving the war explosives through this city. The order directs that every freight train coming into Jersey City must be halted at the city line where the conductor will be required to show his manifest and if this reveals that any of the doned. M. H. Luecke is general chairman of the movement to build the swimming pool. The committee named to district the city for subscriptions has no doubt of ability to raise the funds.

PLEDGE BLANKS ARE GIVEN 80 ROTARIANS

Will Start Canvass to Get Funds for Municipal Swimming Pool.

Subscription pledges were on Wednesday being placed in the hands of Rotarians and by Thursday eighty members of the Rotary club will have joined a canvass of the city to raise $6,000 to build a municipal swimming pool for Fort Wayne. To simplify the work Rotarians have been given city blocks to solicit with which they are familiar each one being responsible for a certain locality.

Solicitations Started.

Some solicitation was started Wednesday, and it will be continued until Friday noon, when a report at luncheon of the Rotary club at the Commercial club will be heard. Plans to make the campaign a one-day affair were aban-

New Ft. Wayne Battery Reaches Peace Strength

Nicely located in their new quarters in the Empress theater building, Battery D, the local artillery organization, arrived at peace strength at noon Wednesday. Captain John Scheffer is preparing to send in a list of 133 names to the adjutant general tonight. This will warrant the mobilization orders which are expected to be received Thursday evening.

It may be several days before the Fort Wayne boys will leave for Fort Benjamin Harrison, but it is very likely that they will be on their way by Monday noon. However, this is only a supposition, and it may be possible that the battery will leave yet some time this week.

Four men from Huntington passed the examination Wednesday morning and were mustered into service. They are: Charles S. Beard, John H. Reeves, F. L. Gee and H. E. Chesterman.

Wednesday evening will be the regular drill practice night and officers will be chosen. Captain Scheffer announces that he wants every member of the battery present at tonight's meeting. As the men have been mustered in this order is compulsory.

SPEEDERS ARRESTED BESIDE OPEN GRAVE

Chauffeurs for a Funeral Party Taken in Charge at Cemetery.

Chicago, Aug. 2.—Five men were arrested at an open grave in Oak Ridge cemetery yesterday when a motorcycle policeman, who had pursued them into the cemetery, seized them as speeders.

The men arrested were chauffeurs who had driven the mourners to the funeral of Mrs. Henry Howard, of 4828 Langley avenue.

While passing through the village of Bellwood, it is charged, the chauffeurs exceeded the speed limit.

Widower In Collapse.

Constable Henry Ernest pursued the autos and reached the cemetery just as the casket was being lowered into the grave. The funeral was interrupted and Henry Howard, the widower, collapsed, it is said.

When the last rites were finished the constable conducted the party back to Bellwood. Ernst refused to permit the drivers to take the mourners home and appear later to answer the charges, but compelled the party to remain outside the building which serves as the Bellwood general store and courtroom for more than an hour, while Justice of the Peace William Rowe approved the bonds.

The chauffeur of a private car, not hired by the undertaker, paid a $5 fine and went home, but the others announced they would fight the case.

Denies Speeding Charge.

L. V. Gustin, of Boydston Brothers' undertaking establishment, protested to the justice that the road was so rough through Bellwood it was impossible to make more than twelve miles an hour and that no car could make the speed of twenty-five miles charged.

A continuance to Aug. 8 was granted and Gustin hurried back to Chicago, where he placed the matter before Charles M. Hayes, of the Chicago Motor club. Mr. Hayes referred it to State's Attorney Hoyne and asked for an investigation into the actions of the constable.

"I couldn't believe we were under arrest," said Mr. Gustin at night. "I know we were not going faster than ten miles an hour. When we got to the courtroom the constable charged us with making twenty-five miles an hour. Then I heard him whisper to the justice, 'Better change it to fifteen miles an hour.'"

SIGNS TELL WAY TO CATTLEMEN'S PICNIC

Signs three feet long and a foot wide, showing the route by way, either of the Leesburg road or Lincoln highway, to the farm of Arthur Herriman, where a picnic of shorthorn breeders will be held Thursday, have been posted by C. Henry, county agent, who announces there should be no difficulty in finding the place of holding the picnic. These signs will aid those persons who attend the affair, but who make the trip independent of the general party.

Persons taking the Leesburg road will leave the city by West Main street, going to the end and then following the Bass road to the first sign and continue the course from that point as signs direct. Persons taking the Lincoln highway route should leave on Wells street to reach the Lincoln highway. It is estimated that 2,000 persons will attend the picnic at which prominent breeders of shorthorn cattle and members of the faculty of Purdue university will be the speakers.

POLICE NOW GUARD FILTRATION PLANT

Pittsburg, Pa., Aug. 2.—The Pittsburg filtration plant at Aspinwall was under police guard today following the reports that striking white wings and rivers of the Pittsburg street cleaning force were inducing filtration laborers to join the strike. A number of men failed to report for work this moning, and disquieting rumors were in circulation.

The city council has refused the demands of street men for an increase of five cents an hour in wages, and Robert Swan, director of public works, has discharged the 1,100 strikers, employing men to take their places. The strikers are members of the American Federation of Labor.

BORDEN'S ASSETS ARE APPRAISED AT $533

The Hat Merchant's Stock Shrinks in Value Following an Inventory.

George A. Dehm, one of the three persons appointed to appraise the assets of Abe D. Borden, bankrupt hat merchant, at 629 Calhoun street, has filed a report with Sol A. Wood, referee in bankruptcy, showing Borden's assets to be $533 including stock and fixtures of the store. Borden listed assets of $1,575 in his petition in bankruptcy.

Benjamin Wartell, trustee in the bankruptcy, has filed a petition with Mr. Wood asking an order of sale. Mr. Wood has not acted on the petition. According to the appraisement Borden's stock is worth $240, the fixtures and furniture comprising the remainder of the assets. Borden's liabilities are in excess of $2,100.

Denies an Exemption.

Sol A. Wood, referee in bankruptcy, has denied Meyer Edelman, former Fort Wayne ready-to-wear merchant, who filed a bankruptcy petition May 1, an exemption of $600 on the ground that he is not a householder in the state. Edelman's family, Mr. Wood found, resided in the state of New York. Edelman claims the exemption because his daughter came to Fort Wayne and resided with her father two months and his son was here at the time the petition was filed. Edelman set up his store in Fort Wayne in March, 1915, and did busiess at 117 West Berry street.

Village Merchant Bankrupt.

Walter E. Badeau, retailer of notions and dry goods at Stroh, Lagrange county, has filed a voluntary petition in bankruptcy in the United States district court. He lists assets of $2,710 and liabilities of $6,572.84. His stock is valued at $2,000.

FUNSTON ANGERED BY BORDER FAKERS

Will Rid Camps of Writers Who Send Out False Reports.

San Antonio, Aug. 2.—General Funston last night sent to the war department at Washington a telegram announcing his intetio to rid the various nouncing his intention to rid the various guardsmen camps of newspaper corresof conditions in the camps. He referred to such correspondents as "pests," and said he had endured them as long as he purposed to.

An order has been sent to all district commanders along the border covering future action against newspaper men sending out dispatches which may be classed as untruthful. In each instance the offender will be tried by a special court of militia officers from his state. If found guilty he will be ordered from camp.

Sissies Do Kicking.

"The great mass of the guardsmen are standing the hardships of camp life well," said General Funston, "and have no cause for complaint. It is only molycoddles and sissies who kick. These are the ones that tell tales to special correspondents."

The general's telegram, which was sent to the adjutant general, said: "I wish to call attention of the war department of the carnival of lying being indulged in by many of the correspondents who accompanied the state troops to the border.

"While there are honorable exceptions, many of these correspondents are men of no judgment.

"They persistently neglect to say anything about the excellent and creditable things that they see, and if they can see nothing to find fault with manufacture lies out of whole cloth.

"I have endured these pests as long as I propose to and shall hereafter bar offenders from camps and prohibit them from accompanying troops on the march."

MRS. ALBERT HAVEL IS VICTIM OF HEAT

Heat has claimed its third victim in Fort Wayne. Mrs. Josephine Havel, wife of Albert Havel, of 2716 Lafayette street, died at the family home Tuesday night at the age of thirty-eight years, following an illness of but eight hours in duration. The attending physician states that death was due to a hemorrhage caused by the woman becoming overheated.

Mrs. Havel was a member of St. Patrick's Catholic church and of the Rosary society of the same congregation. Besides the husband she is survived by four children—Neil, Clarence, Nora and Harold Havel, and three sisters, Mrs. Michael Daley, of Fort Wayne; Mrs. Charles Welch, of South Bend, and Mrs. John Hubler, of Chicago.

SYMPATHETIC YOUTH IN CYCLE ACCIDENT

When Dorothy Lambert, 15 Boltz street, and Hazel Beard, 3215 Oliver street, complained of being tired Tuesday evening, Arthur Monnier, 1016 McKee street, could not allow them to walk home. He loaded them both on his single cylinder motorcycle.

John Hartung was riding toward his home five miles from Fort Wayne on the Covington road on his motorcycle at the same time. The two machines met at the corner of Barr and Wayne streets. There was quite a jumble in the collision which took place.

Both girls were scratched and bruised. Hartung's left leg was bruised. The machines were damaged. The girls were hauled to their homes in the police machine. Doctor Gilpin, who attended the young people, said there were no serious injuries.

INDIANA DEMOCRATS CALL IT MERE SCOLD

See Little to Commend in Mr. Hughes' Speech of Acceptance.

Washington, Aug. 2.—Indiana democratic leaders at the capital were inclined to be playful when asked for expressions on the speech of acceptance delivered by Charles E. Hughes, republican candidate for the presidency.

Vice President Marshall said:

"The rules of the code require the second to withhold his shot until the principal shall have fired."

Senator Kern, democratic senate leader, said:

"After reading five or six columns of this dreary essay I had almost abandoned all hope of finding any possible declaration or expression of opinion on any subject. I was delighted, therefore, in the last line of this soul-stirring production, to find the first clear, positive statement, namely, 'I accept the nomination.' All else seems involved in doubt."

Senator Taggart said:

"There is nothing in the speech except scold, scold, scold, and not a word about what he would have done under the same circumstances."

Representative Dixon, dean of the Indiana delegation in the house, said:

"Mr. Hughes devotes nearly the entire speech to criticisms, but he fails to state what he would have done if he had been in office and gives no definite information of his own position. On the tariff he is a standpatter, but upon all other subjects he is satisfied to criticise. His speech will make no rallying cry for republicans."

FURNISHES DATA ON STATE BARGE CANAL

New York Engineer is Aiding the Michigan-Erie Waterway Project.

Hon. T. E. Ellison, Wednesday, received a letter from Frank M. Williams, state engineer and surveyor of the state of New York, endorsing efforts of Fort Wayne men to argue successfully the benefits of the Michigan-Erie canal before the rivers and harbors board. Mr. Williams is furnishing Mr. Ellison with data regarding the construction of the state barge canal of New York and the latter will include this data in his brief to be offered at a hearing before the rivers and harbors board in November.

Cost Is Shown.

The state barge canal of New York will cost one hundred and twenty-five million dollars when completed. It is hoped to open the canal January 1. Construction on the canal was begun eight years ago. Mr. Williams has furnished the Fort Wayne attorney with a synopsis of contracts, showing the differences in costs in building the New York state barge canal. He has also furnished a profile of the entire construction plan of the canal which is now on file in the office of Mr. Ellison.

Shippers Want Canal.

Shippers in New York state are interested in the construction of the Michigan-Erie canal because they can get their boats into Chicago by the routing of the canal through Michigan from Toledo, O. Mr. Williams has been engineer of the state barge canal in New York.

FORT WAYNE BAPTISTS ARE AWARDED PENNANT

Standard Young People's unions (100 per cent.)—Bedford, Bluffton, Fairmount, Gas City, Hammond, Petersburg, Scottsburg. Star Young People's unions (80 per cent. or better)—Bethany, Boonville, Brownstown, Bunker Hill, Freedom church, Goshen, Indianapolis First church, Peru First church, Rykers Ridge, Wolcottville.

TELLS OF GREAT EXPLOSION.

Harvey Porter, formerly manager of the Empress theatre of this city, but now manager of the show, "In Walked Jimmy," has written to his friends in this city, stating that he arrived at Black Tom Island, New Jersey, Sunday morning just after the second explosion. He said in his letter that the heat was terrible and that the iron and steel was in all manners of shape. One place he saw railroad tracks standing up in the air as high as fifty feet.

He is sending Trenkley & Koerber of this city a shell which he picked up 200 feet from the damaged buildings.

cars contain explosives, these cars will be excluded.

Officials of some of the railroads threaten to obtain injunctions restraining the commissioners from barring explosives.

Two more bodies were found today floating in New York bay within a few rods of the scene of the explosion. One of the bodies was identified as that of Captain Cornelius Leyden, chief of the Lehigh Valley railroad police and previously reported missing.

The finding and identification of Leyden's body paves the way for the prosecution of thise who may be found responsible for the explosion. In complaints upon which warrants have been issued and served upon four persons, the death of Leyden is made the basis of individual charges of manslaughter. To make out the case it was necessary to have the body found and identified and every effort was made to recover it.

The other body found today, bringing the death list up to six, has not been identified.

Visible and Invisible Church.

In his sermon, which was highly appreciated by those assembled, the speaker pointed out that the Christian church was built upon the foundation of the apostles and the prophets. Jesus Christ, however, being Himself the chief corner stone.

He said in part, "The church grows at all times. It is a living temple of the Almighty God, enlarging even as a building, which needs to have a foundation and a corner stone. Even so the foundation of the church is the teachings of the apostles and the prophets, 'the Word of God.'

"The outward differences of position and wealth are lost in the harmony of the building itself. The teachings of the apostles and prophets are only foundations upon which the Church of God is built. The chief business of the church is to preach the Word of God. There is no confusion possible on this point, without effecting the stability of the church itself.

"The external church organizations are not of perpetual existence, but the Holy Church of Christ is eternal and is continually growing. The churches of Asia Minor and those of northern Africa have passed away. Church organizations have come and gone, but the invisible structure, the real Church of Christ, has remained and even grown in days of adversity. This fact is inspiring to all those who labor in the Lord's vineyard, making them willing to labor and to build under any conditions."

Prof. Herman Hahn presided at the organ and Miss Clara Lapp and Prof. H. German, of Emmaus school, sang a duet at the morning session.

Afternoon Session.

The afternoon session convened at 2 o'clock and Rev. William Moll, pastor of Emmanuel Lutheran church, of this city, and district president, delivered the sermon. This was followed by a general report of the growth of the district since the last annual session held at Cleveland. Roll call and organization of the synod was also conducted at the afternoon session. Rev. J. F. Keller, of Cleveland, is secretary of this organization.

With regard to the operations on the eastern front, the statement says that several Russian attacks against the German positions in the Stokhod sector broke down.

INFLICT HEAVY LOSSES

Italians Tell of Victory Over Austrians in Astice Valley.

Rome, Aug. 2.—(Via London, 4:25 p. m.)—The Austrians suffered a severe defeat in Monday's engagements in the Astico valley, the war office announced today. Their attacks on the Italian lines at Monte Zluggio, Castellatto and Mont Cimone were repulsed with extremely heavy losses for the attacking forces, the official statement declares.

An Italia naerial squadron dropped four tons of high explosives on the Whitehead torpedo and submarine works west of Fiume, in Hungary, yesterday, seriously damaging the plant, the announcement adds.

CLAIM FURTHER PROGRESS

British Assert New Advance Is Made Along River Somme.

London, Aug. 2.—(4:05 p. m.)—Further progress has been made by the British troops to the east of Pozieres, in the River Somme region, it was officially announced this afternoon.

The South Shields Gazette says the Dutsch steamship Zeeland, of 1,293 tons gross, while on her way from a Scottish port to a foreign port, has been sunk by a German submarine after the crew had been ordered to take to the boats.

The German government has given a pledge to Holland not to destroy or molest Dutch ships carrying foodstuffs to England, according to a Copenhagen dispatch to the Express. This decision is the result of a visit to Berlin of Cornelius J. K. Van Aals, president of the Overseas Trust, and another Dutch commissioner.

The Express says Van Aalst presented an ultimatum to the authorities in Berlin to the following effect: Unless Germany agree snot to interfere with Dutch ships bound for England with food cargoes, Holland will close her eastern frontier. Otherwise the entente may stop Dutch imports from America and the Dutch colonies.

GERMAN REGULATIONS SEVERE

French Give Poignant Details of Deportations Last Easter.

Paris, Aug. 2.—Poignant details of the deportation at an hour and a half's notice of 25,000 citizens from the French towns of Lillie, Roubaix and Tourcoing by the Germans last Easter, are given in a French yellow book reelased for publication today. The German orders were for the people in certain districts of these towns to assemble in readiness for departure at their front doors, which were to be left open, and none was to leave the house before 8 a. m. The orders stated that "all protests will be useless and any one trying to evade deportation will be pitilessly punished." The victims in all cases were chosen arbitrarily by the officer in charge of the deportin gparty. Each person singled out for deportation was allowed sixty pounds of baggage, which it was recommended should consist of utensils for eating and drinking, a blanket, good shoes and personal linen. If any one exceeded this weight his or her whole baggage was to be thrown aside. When at their destination the deported persons were allowed to write to their relatives once a month.

SUBMARINE NOT YET SIGHTED AT VIRGINIA CAPES

(Continued from Page 1.)

PLANS CAREFULLY GUARDED.

May Dash Directly to Sea or Hide to Await Better Chance.

Baltimore, Md., Aug. 2.—Reported as passing Solomon's Island, Md., at 2:30 o'clock this morning, the next word of the German merchant submarine Deutschland which sailed from this port last evening for Germany is expected to come from some point in lower Chesapeake bay. Solomon's Island is about eighty miles from the Virginia Capes. The Solomon Island dispatch said that the Deutschland was steaming at a speed of about 16 knots an hour; that there was no indication when she would stop and that it seemed she was going right down to the capes.

If this proves true the Deutschland should be sighted at Old Point, Va., or at some point of observation in that of those who wished them bon voyage.

The sailing plans of the Deutschland were a carefully guarded secret, but when she left Baltimore there was a belief that she would proceed direct to Newport News. On the other hand there was an expectation in some quarters that the submersible would seek a quiet cove or inlet somewhere in lower Chesapeake Bay and there await a favorable opportunity to make a dash through the allies' blockade off the Capes.

No Word from Bremen.

No word has been heard from the Bremen, the Deutschland's sister ship, since it left Bremerhaven, according to Paul G. L. Hilken, a member of the Eastern Forwarding company, the American agents of the Deutschland.

Purely as a guess, Mr. Hilken said today, the Bremen may arrive at Baltimore any time after tomorrow. He did not know the date on which she left the German port, he said. He admitted that preparations were going on at the Locust Point pier, just vacated by the Deutschland, to receive another submarine. Mr. Hilken also said his company had cargo stored in every large port on the Atlantic seaboard.

Mr. Hilken talked concerning the line of submarine merchantmen which the Deutsch Ozean Rhederei, builders and owners of the Deutschland and Bremen, propose to establisa between Germany and America. One of the submersibles of the line will be named the America, he said, and another will be called the Baltimore.

When Start Was Made.

It was just 5:38 o'clock last evening when the lines were thrown off and the diver was towed from its berth amid the cheers of a small crowd which had gathered to see the departure and the blasts of whistles from the water craft surrounding, all of which seemed to mean Godspeed and good luck.

Color Will Hide Boat.

The new sea green coat was acquired in the last few days. In irregular lines across the whaleback were streaks of dirty white, and when the boat reaches waters deep and green it will be impossible to distinguish her, once she submerges.

When seen a few days ago the Deutschland was painted a steel gray.

The crew of the submarine was thinking little of their possible fate while they were receiving final orders from Captain Konig in preparation for the departure.

A smile illuminated the faces of the men and they waved their hats, and those who did not have hats waved their handkerchiefs in response to the cheers neighborhood early this forenoon.

Cheer Their Compatriots.

The crew of the steamship Neckar, interned at this port, which has been standing beside the Deutschland guarding her from curiosity seekers and those who might possibly have had evil design, was lined along the deck of the big ship looking down upon the little one as she left. Their faces, too, beamed with happiness and they were exuberant in their wishes of Godspeed.

The farewells were shouted in German. The Neckar gave another demonstration of best wishes in hoisting signal flags which in the international code meant "home bound, good luck."

Unfurl German Colors.

Then, too, the German colors were unfurled from the stern of the larger ship. It was the first time since the arrival of the submarine that the red, white and black striped emblem has been unfurled to the breeze from the masts of the Neckar.

The first final movement toward the departure of the Deutschland began shortly before 4 o'clock. At that hour there was unusual activity aboard the Neckar. A few seconds later the custom-house boat, detailed to convoy the freighter to the three-mile limit, made its way into the inner basin, followed by the police boat Lannan.

Diver Begins Voyage.

A few minutes before 5 o'clock the small power boat Efco made her way to the end of the slip. The revenue cutter came alongside the tug Thomas F. Timmins and the police boat also backed in beside the custom-house boat. There were conferences between the police officials, officers in the United States custom service and Captain Konig relating to the convoy of the submarine.

At precisely 5:30 the Lannan pulled out of the slip, the Efco backed in and tied close to the Deutschland, the custom-house boat pulled away and finally the Timmins backed in and made fast her lines. Then came the handshaking and the parting words of farewell from the crew of the Deutschland and the crew of the Neckar and the officials of the Eastern Forwarding company who were on the pier. Eight minutes later the Deutschland was being convoyed on her trip to Bremen.

VON HATZFELDT DOESN'T KNOW

Has No Information on Plans for the Deutschland.

Norfolk, Va., Aug. 2.—Prince von Hatzfeldt, counsellor of the German embassy at Washington, came to Norfolk today for a conference with local counsel in the Appam case.

When asked if he knew the submarine Deutschland had left Baltimore the prince said: "So I've heard, but I have nothing to do with her."

"Do you think she will stop at Newport News?" he was asked.

"I do not know," he replied. "I see no reason why she should, but I think that I would stop somewhere inside the three-mile limit."

Prince Hatzfeldt said Germany would continue to fight for the possession of the Appam, which the federal district court has awarded to the English owners.

AMERICANS PRAISED FOR VALOR IN FRANCE

Six Field Ambulance Members Cited in Orders of the Day.

Paris, Aug. 2.—Six members of the American field ambulance corps were cited today in the orders of the day in the French army.

Brooke Leonard Edward, of Philadelphia, is mentioned as having shown "the greatest courage and coolness in seeking the wounded in the advance. His ambulance was damaged by bursting shells."

James Hilton Sponagle, of Gloucester, Mass., is cited for "his remarkable coolness in repairing his motor on the road under violent bombardment and transporting wounded during a period of intense shelling."

Thomas Potter, of New York; Everett Jackson, of Colorado Springs, Col.; Walter Wheeler, of Yorkers, N. Y., and John Clark, of Flushing, N. Y., are each cited separately for the calm intrepidity and devotion with which their carried out their duties amid perilous conditions. All the men named are working in the Verdun region under the direction of Herbert Townsend and Henry White.

HANLY IS PROUD TO CARRY PROHI BANNER

Nominee for Presidency is Out in Statement of Acceptance.

Indianapolis, Aug. 2.—Hon. J. Frank Hanly, former member of congress and governor of Indiana and now the candidate of the prohibition party for president of the United States, has given out the following statement acknowledging the honor conferred upon him by the St. Paul convention, accepting the nomination as a "holy trust" and pledging his best efforts to put up a winning fight in the coming campaign. His statement reads:

To me this year—1916—has been an eventful one.

It has witnessed the severance of the party affiliations and ties of a lifetime; the offer of the nomination for governor of the state—given unsought, and declined, because the party that made it failed to stand up for the essential issue upon which acceptance alone could have been based; my affiliation with another party, in obedience to a vision of duty clear and unmistakable; and now, unsought and undesired, there comes to me matter for new and high decision.

With a generosity all but unequaled and an expression of confidence which may well be thought unmerited, the standard of the party of my new affiliations has been given into my hands and I am bade to take it and bear it as far toward victory as my poor powers of mind and body will permit.

I would that this standard might have been given into other hands—hands more worthy to have borne it on its great way—and that it might have been mine to have followed and to have fought with him, and for it, even in humble place. That would have been a joy, for I know the fighting would have been good, and my lance should have been ready, and before the contest ended, bright with use.

But in my hands the banner is—put there by those authorized to act, and who believed I would accept it and would honorably bear it. So given, I cannot refuse it or fail to carry it as proudly and as best I may.

It comes as a holy trust, and as such it must be accepted. To me it is a call to service such as has not hitherto come to me—a service so high and so great in its opportunity and possible results, that I am awed and humbled by it.

Unless others hold up my hands and aid me, I shall not be able to discharge the trust as I would that it should be discharged, and as those who devolved it upon me hoped and believed it would be.

Gratitude for the honor of leadership is deeply mingled with doubt and uncertainty of my own ability.

But upon this one thing there is no doubt—as to it my mind is clear—I shall not intentionally fail. I shall bear the banner given, where the battle is, and if I lose it, it shall be lost in honest combat, unstained with treachery or fear. Those who would follow it need not look for it elsewhere. It will be where the battle is.

ERUPTIVE TYPHUS CURABLE.

French Physicians Announce Discovery of Efficacious Serum.

Paris, Aug. 2.—A cure for eruptive typhus, the disease which made such terrible ravages in Serbia, has been discovered by Drs. Nicolle and Blaisot.

The physicians described their discovery to the academy of medicine. It is a serum which they found after exhaustive experiments. So far thirty-eight serious cases have been treated by injections, which were followed by rapid recovery in a number of patients. In addition the injections of the serum prevented complications so frequent in the disease and reduced the death rate from 25 to 3 per cent.

SHARP DIFFERENCE SHOWN.

Naval Officers Not in Accord on Proposed Change in Plan.

Washington, D. C., Aug. 2.—High navy officers were heard again today by house conferees seeking information as to promotion changes provided in the naval bill. The hearings have developed sharp differences among officers regarding the wisdom of a senate amendment which would make higher promotions by selection instead of by seniority. Opponents declare the selection plan virtually would re-establish the one-time "plucking" system.

MICHIGAN IS TRYING OUT NEW HEALTH WORK

Clean Up Camp Grounds and Cut Down Vacation Ills is Her Advice.

Lansing, Mich., Aug. 2.—Michigan is undergoing an experiment other states might try in taking effective measures to lessen the number of after-vacation cases of typhoid fever and other ills!

Health officers in various parts of the state, according to a bulletin issued by the Michigan state board of health, are investigating summer resorts and popular camping grounds with a view to making them sanitary.

Investigation of some resorts showed garbage heaps were close to cottages, make-shift toilets were erected close to camps and shallow wells supplied campers with drinking water.

An inquiry from cottage to cottage showed practically every owner was glad of a chance to buy a covered garbage can and pay a neighboring farmer 25 cents each week to carry away the garbage and tin cans.

Many were glad to install efficient dry earth and chemical toilets when the necessity was brought to their notice. Others cheerfully made vaults tight and screened windows.

Wells were carefully inspected, the pits drained and samples of water collected for analysis. Condemned wells were abandoned and the question of good water solved.

To eliminate other undesirable conditions, such as the throwing of refuse into the lake, numerous cards on resort sanitation, furnished by the state board of health, were conspicuously displayed. A satisfactory result was secured with little effort and in two days 150 families were given an added assurance of comfort and health.

Dr. Don D. Knapp, who reported the above case, suggests that state boards of health employ a few experienced sanitary inspectors, furnish them with motorcycles, and send them to the resorts of the states. He says the good they could do would be incalculable, and the appreciation and co-operation they would meet would be most gratifying.

It is claimed the work done at resorts in Michigan, if done in all states, would greatly reduce the vacation toll of death and sickness.

Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.—Advertisement.

DAILY BIBLE READINGS FOR THE HOME

John 8:12-24.

12. ¶ Then spake Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life.

13. The Pharisees therefore said unto him, Thou bearest record of thyself; thy record is not true.

14. Jesus answered and said unto them, Though I bear record of myself, yet my record is true: for I know whence I came, and whither I go! but ye cannot tell whence I come, and whither I go.

15. Ye judge after the flesh; I judge no man.

16. And yet if I judge, my judgment is true: for I am not alone, but I and the Father that sent me.

17. It is also written in your law, that the testimony of two men is true.

18. I am one that bear witness of myself, and the Father that sent me beareth witness of me.

19. Then said they unto him, Where is thy Father? Jesus answered, Ye neither know me, nor my Father: if ye had known me, ye should have known my Father also.

20. These words spake Jesus in the treasury, as he taught in the temple: and no man laid hands on him; for his hour was not yet come.

21. Then said Jesus again unto them, I go my way, and ye shall seek me, and shall die in your sins: whither I go, ye cannot come.

22. Then said the Jews, Will he kill himself? because he saith, Whither I go, ye cannot come.

23. And he said unto them, Ye are from beneath; I am from above: ye are of this world; I am not of this world.

24. I said therefore unto you, that ye shall die in your sins; for if ye believe not that I am he, ye shall die in your sins.

Mr. Hughes in Acceptance

Mr. Hughes has run true to form. The republican nominee in his address formally accepting party leadership in the race for the presidency did precisely what he had been carded to do. He went to the extreme in his denunciation of President Wilson, assailed every achievement of the democratic administration as an unmitigated blunder, credited it with nothing whatever either of ability or of patriotic purpose, and then offered as an alternative some high-sounding pronouncement of program that jingles well but leaves the reader hopelessly at sea as to precisely what he means. He waved the flag, threw in some panegyrics on Americanism and sweepingly dismissed the whole thing at that. He did not deign to supply the answer.

Mr. Hughes, it is recorded, spoke somewhat more than an hour in notifying the republican party that he accepted the honor at its hands. It is given out, too, that he was enthusiastically received and that his utterances were warmly applauded, as was to have been expected. The stage was set for just such a climax as that, and yet calm and dispassionate analysis of the address, removed from the influence of party enthusiasm and with the glamor of the occasion absent, leaves one amazed to discover how easily platitude can be mistaken for courageous pronouncement, and how readily finely-phrased generality will sometimes be accepted as the utterance of divinely-raised leadership.

By far the larger part of Mr. Hughes' keynote utterance is devoted to our dealings with Mexico, which he characterizes as "a confused chapter of blunders," and he asserts that the Wilson administration "utterly failed to perform its obvious duty to secure protection for the lives and property of our citizens" in Mexico. What should have been done—the precise steps that should have been taken, and the panacea for all our ills in our diplomatic relations which would have been applied had he been in responsible charge of affairs, Mr. Hughes leaves for the public to guess. He does not deign to reveal the secrets of his system in advance. You can take it from Mr. Hughes that Wilson is wrong and Hughes is right, but do not ask the sort of corrective remedy he purposes to apply if you kick Dr. Wilson out and call in Dr. Hughes.

Mr. Hughes' declarations of lofty Americanism are merely ornamental. We do not believe any American citizen questions Mr. Hughes' Americanism, any more than he questions Mr. Wilson's Americanism. That is a question upon which all parties are united, and no party will yield to another its stand for uncompromising and unflinching allegiance to the highest and best in American tradition and the most exalted dreams of America's future. Mr. Hughes sets no new high mark in American patriotism. Mr. Hughes says we are "shockingly unprepared," but he appears to have utterly overlooked the Wilson administration's purpose and progress in remedying this shortcoming. In other topics touched upon the republican nominee does not rise above the plane of the fault-finder. His address is almost wholly negative. From the man who cast aside exalted judicial mantle to accept the leadership of a great political party, something better than this was expected. His address must inevitably prove a disappointment to those who were confidently awaiting the manifestation of constructive leadership.

There are many thoughtful American citizens who have feared the ultimate drop in American export trade would leave this country in very serious industrial condition; that the lessening of foreign orders for American-made products would result in business stagnation that might be terrific in its effects. To all such is cordially commended the report of the federal reserve board for the month just closed. It is here set forth that domestic demand is gradually taking the place of foreign orders, and that, without a hitch, we are getting back on a normal business basis. One of our outstanding failings is that we too often run out more than half way to encounter trouble that we vaguely suspect may be somewhere on the way, and moving in our general direction.

The new president of the Nickel Plate railroad, Mr. J. J. Bernet, and a party of his official associates will pay an official visit to Fort Wayne today, not only for an inspection of the railway property, but to see something of the city as well. The occasion is one in which Fort Wayne is deeply interested, and the coming of President Bernet is highly gratifying. This city is glad to welcome him. It wants to know him better and to co-operate in a continuance of the mutually pleasant and mutually profitable relations it has always enjoyed with the great railroad system of which he is now the head.

Admitting that appearances are often deceptive, the published portraits of General Gonzales, who is slated to succeed Carranza in Mexico, still leaves one with the suspicion that Mexico is taking some prodigious chances in making a change, however unsatisfactory Senor Carranza may have been.

A MODERN SOLOMON.

(South Bend Tribune.)

The decision of Federal Judge Landis in awarding the "Matters baby" to Margaret Ryan will doubtless please most of those who have followed the news reports of this case, so brim full of intense human interest. Few persons, we think, will cling to the belief that the Ryan girl was not the child's mother in view of her complete confession of wrong doing and shame that she might claim her baby. Not only that but her testimony was strengthened by the testimony of the "agent" in the case who confessed also his guilty part in taking the child from its real mother.

The Canadian father of the child may have been doing heroic things in Europe, but nothing he has done could be more heroic or courageous than the sacrifice the child's mother has made. If there is any manhood left in him, should he return, and the trials he is undergoing will develop his manhood, he ought surely appreciate what the girl he has wronged has done and do all that he can to make restitution to her and provide the child with a name. The little one might have been brought up amid wealth and love, for there is no doubt in our minds that Mrs. Matters, too, loved the child, but a higher justice demanded otherwise.

Judge Landis has been called upon to play the part of a modern Solomon and he has done it well.

The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.—Advertisement.

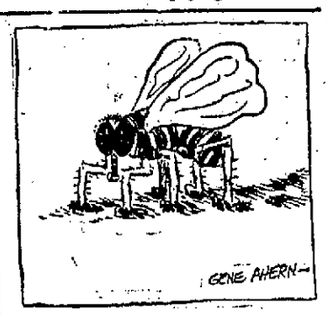
AIN'T NATURE WONDERFUL?

Unnatural History, by Eugene Ahern.

THE FLY

Why is everybody strong on swatting the fly?

Don't you know? Well, Harry, hark! The fly can go and have anything in the world without paying for it. It



works like this: Mr. Fly is shown sitting in a box seat just above the knuckle on the left hind leg of a horse.

He waits till the horse has kicked the dashboard as far as Cleveland or some other remote place, trying to unhook Mr. Fly from his roost.

Then Mr. Fly spots some corn cobs and watermelon rinds in a garbage can up the alley. "My," he says, "I can still taste that white-fish head I had for supper last night; it's so annoying." Then he volplanes down to the coliseum of garbage.

Then he inspects the house and if anyone is sleeping, nothing delights the fly more than prancing all over their lips, which also act as a blotter for his dainty feet. Well, now, don't you understand why fly-swatting is so popular?

No Energy, Breath Bad, Liver Clogged?

A Wineglassful of Tollo Water Will Get Your Liver Going and Make You Feel Fine in Half an Hour.

Your liver is fairly begging you for help! Too much rich food and not enough exercise in the open air. The liver has become clogged and is forcing the bile back into the system. Your skin becomes yellow because the bile is being absorbed into the blood. It upsets the stomach, causing gas to form; your breath gets bad, your tongue coated; you get constipated and your nerves are on edge.

Get a 15 cent bottle of concentrated Tollo Water from the drug store—drink a third of a tumblerful in a glass of plain water before breakfast. In half an hour it will flush out the bile tubes, really bathe the liver, and expel the waste from the system. Your skin will clear up and your breath become pure and sweet.

Continue to drink a wineglassful of Tollo Water before breakfast for several days and your natural, healthy color will return—your energy and strength will come back.

Tollo Water comes from Dawson Springs, the famous Kentucky health resort. It does not act like drugs and oils that force and irritate, leaving you weak and exhausted, but flushes and bathes in Nature's way, giving you more strength and energy every day.

After the skin has become clear and healthy, an occasional wineglassful in a glass of plain water before breakfast will keep your liver active, your bowels regular, your stomach clean and ready to digest anything you want to eat.—Advertisement

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Perosns and Events Twenty-Five Years Ago.

The family of C. W. Orr is at Clear lake for a week's outing.

Judge John Morris is holding court at Wabash today.

Henry Eckert, who has been up in Michigan, on account of his health, is expected to return home tomorrow.

Justice Tancey is at Columbia City today attending the funeral of Pat Travers.

L. O. Hull will return next Wednesday from Topeka, Kas., where he has been with his family for six weeks past.

Dr. S. C. Metcalf and wife and George LaMaster and wife are visiting Martin Metcalf, of Perry township.

A farewell reception will be tendered to Rev. A. Guttmacher at the West Berry street residence of Mr. and Mrs. A. Oppenheim this evening.

William P. Duffy, foreman of the Daily News composing room, has tendered his resignation, to take effect in two weeks.

Morris, Bell, Barrett & Morris, are now at home to their friends and callers at their new offices in the former Old Bank building on East Main street.

The board of review has filed the tax valuation of the county and city, as follows: County, $35,525,835; city, $18,823,865. This represents the total valuation of taxable property.

C. T. Pidgeon, of Cleveland, is a guest at the Wayne. Mr. Pidgeon was for a long time a traveling salesman for Adams & Armstrong, of this city, and he made his headquarters here.

Rev. Moffat will leave this evening for his old home, Madison, Ind., where he will spend his vacation. There will be no services at the First Presbyterian church until Dr. Moffat returns, which will be the first Sunday in September.

Strong men paled and shuddered as they worked by the dim light of lanterns, to remove the timbers of a Nickel Plate freight train wreck at Green Springs, Ohio, last night. It was a wierd scene of death. Pinned into an almost inextricable shape was the lifeless body of Louis Maples, a young Nickel Plate brakeman, of this city, who died while doing his duty as head brakeman of the train.

News of Our Neighbors

WORST JAIL HE EVER SAW.

Is Statement Made by Dr. H. H. Mitchell After Inspecting Huntington Jail.

Huntington, Ind., Aug. 2.—"I have inspected many jails in various parts of the country, but I do not recall that I have ever inspected a worse one than the Huntington county jail," was the statement made last evening by Dr. H. H. Mitchell, of the department of board of health at Indianapolis. Dr. Mitchell in company with ex-Senator H. M. Purviance visited the county jail on an inspection tour.

"I cannot see anything right about the jail," said Dr. Mitchell. "The sanitary conditions are very bad, and the system of caring for prisoners makes conditions worse. Insane patients, juveniles, criminals convicted and unconvicted are all placed together. There were three insane patients in the jail this evening. I do not censure the sheriff, as it looks to me as though he is doing the best he can with conditions, as they are.

FOR THIRD CONSECUTIVE YEAR

Fleece Thieves Have Raided Farm Near Montpelier.

Montpelier, Ind., Aug. 2.—A. F. Spaulding, of this city, is today offering $25 reward for information leading to the identification of the thieves who for three years past have stolen valuable sheep fleeces from his farm, two miles north of Montpelier.

The third theft occurred some time Monday night, when twenty-nine fleeces were purloined. The thieves used a wagon in which too carry away their booty. The value of the fleeces is placed at $80.

Owing to the fact that the roads north of Montpelier are badly cut up with wagon tracks, it has been found impossible to track the thieves.

REFUSE TO QUIT BLUFFTON JAIL

Murray Young Men Fear to Trust Themselves Out on Bond.

Bluffton, Ind., Aug. 2.—Dan Coleman and Howard Brickley, two Murray young men who are in jail on a charge of stealing a Ford automobile from Homer Clark, sixty chickens and sixty dozen eggs from Leo Marquart, refused freedom from the jail this morning. Friends of the young men had procured bond for them and were intending to give them their liberty temporarily.

Lack of self confidence and fear that they would again go on the warpath was the excuse that the men offered for their desire to stay in jail until the time of their trial.

HENRY ECKER WILL SURVIVE.

Suicide Effort by Man Near Arcola Proves Futile.

Columbia City, Ind., Aug. 2.—Henry Ecker, residing on a farm west of Arcola, will survive, thanks to the prompt efforts of Columbia City physicians after he had swallowed paris green in an attempt at suicide. Ecker "licked" the poison from his hand with his tongue and then calmly lay down to await fatal consequences. His family summoned aid. The man declines to discuss reasons for his act beyond saying that he has had domestic troubles. He fought violently against the ministrations of the physicians, and it was necessary to overpower him before relief could be given.

DR. DRAYER ON PROGRAM.

Fort Wayne Doctor to Address Whitley County Physicians.

Columbia City, Ind., Aug. 2.—Dr. D. S. Linville, secretary of the Whitley County Medical society, has arranged for a meeting of the society at South Whitley, Tuesday, August 8th, where the society will be entertained by South Whitley physicians. Dr. L. P. Drayer, of Fort Wayne, will read the principal paper on "Infantile Paralysis," he having seen one hundred cases. Drs. O. V. Schuman and O. W. Grisier will report their visit to the American Medical association at Detroit.

WOMAN ATTACKED BY DOG.

Mrs. Rachel VanWey Has Narrow Escape in Whitley County.

Columbia City, Ind., Aug. 2.—While attempting to drive some hogs from an oats field yesterday afternoon Mrs. Rachel VanWey, 70 years old, residing in Union township, was attacked by one of the animals in vicious fashion. She was severely bruised and much of her clothing was torn from her, but Mrs. VanWey finally succeeded in escaping without serious injuries.

COUNCILMAN QUITS PLACE.

Kendallville Man Indignant Over Location of a Sidewalk.

Kendallville, Ind., Aug. 2.—Indignant over the location of a sidewalk, W. C. Aumann, a member of the city council here, tendered his resignation to Mayor C. M. Case last evening. The mayor has asked Mr. Aumann to reconsider his action, and he may conclude to do so.

BURNED BY EXPLOSION.

Ashley Man Is Victim of Gasoline Mishap in Store.

GUSTAVE SPRANDEL DEAD.

Pioneer Kendallville Man Succumbs After Long Illness.

Kendallville, Ind., Aug. 2.—Gustave Sprandel, 74 years of age, is dead at his home here after an extended illness. He had resided in Kendallville more than fifty years.

KILLED BY DYNAMITE.

Former Fremont Man Meets Death in State of Washington.

Fremont, Ind., Aug. 2.—Arlie Fetterhoff, formerly a resident of this place, was killed a few days ago at his home in Battleground, Wash., by an explosion of dynamite which he was using in breaking ground for a new home. News of the tragedy came in a telegram to his mother, Mrs. Mary Fetterhoff, here.

HAS CLOSE CALL FROM DEATH.

Portland, Ind., Aug. 2.—Hugh Skinner, lineman employed in the city electric light department, had a narrow escape from death Monday afternoon, when his left hand came in contact with a wire carrying 2,300 volts of electricity, while working at the top of a pole near the Haynes Milling company plant on East Votaw street. Only the index finger of his left hand was burned, but he was rendered unconscious by the shock, but fortunately was prevented from falling to the ground by his feet catching over the cross-arms of the pole and a guy wire.

VICIOUS DOG IS KILLED.

Delphos, Ohio, Aug. 2.—Police were called to West Sixth street Sunday evening where they took charge of and later disposed of a vicious dog belonging to Robert White, a resident on that street. The animal was killed on the complaint of Gus Fettig after the vicious brute had attacked Fettig's daughter, Miss Pauline, aged nine years, while the little girl was passing the White home. Miss Fettig was bitten twice, once on the hip and once on one of her limbs. About a week ago a son of Mr. Fettig was bitten by the same dog.

DOPE FIEND STEALS MORPHINE.

Peru, Ind., Aug. 2.—Driven by desperation to commit a crime in order to secure the precious drug, some individual Sunday entered the offices of Dr. Lynn and of Dr. McDowell and the drug store of M. W. Hamaker and took the entire stocks of morphine from these places, not molesting the other more valuable tools and stocks which could have been taken.

From the office of Dr. Lynn, in the Schmoll block a bottle of morphine tablets, a hypodermic syringe and an ounce of laundanum was taken.

VAN WERT ALSO SUFFERING.

Van Wert, O., Aug. 2.—That Van Wert is suffering from one of the worst ice famines in years was the statement of an official of the local ice company. The company has been entirely unable to supply the unprecedented demand on account of the prolonged hot weather. It is stated that every effort has been made to purchase a supply of artificial ice from outside the city, but that it has been impossible to do so on account of a general demand for ice over the entire middle west.

ICE FAMINE IN HUNTINGTON.

Huntington, Ind., Aug. 2.—No ice deliveries were made Tuesday except to meat markets and other businesses in the business district where it is impossible to get along without ice. The cards that were displayed in the residences were unanswered. The local ice company, however, expects to meet the demand again in a few days.

ICE SCARCE AT COLUMBIA CITY.

Columbia City, Ind., Aug. 2.—The ice situation is becoming more critical daily and there is a strong probability that the town may be without any ice supply within the next few days. The scarcity of labor and cars is what makes the condition so bad. There are places where the ice has been stored but it is impossible to get it to the city

BANK BOARD IS RE-ELECTED.

Decatur, Ind., Aug. 2.—Stockholders of the Old Adams County bank in annual meeting yesterday re-elected the former board of directors, including C. S. Niblick, G. T. Burk, W. J. Vesey John Niblick, L. C. Waring, C. J. Vogelwede, L. J. Ellingham, F. M. Schirmeyen and E. X. Ehinger.

PASSES AWAY IN NEW MEXICO.

Auburn, Ind., Aug. 2.—Charles Campbell, son of Mr. and Mrs. Frank Campbell, of this city, is dead in New Mexico, whither he had gone in the hope of checking the ravages of tuberculosis, with which he was afflicted. He was a musician of much ability and was formerly a member of the Auburn band.

DIES AT SOUTH WHITLEY.

South Whitley, Ind., Aug. 2.—Mary Ensley, 8 years old, daughter of Mr. and Mrs. E. E. Ensley, died Tuesday afternoon after an illness that has baffled physicians. The little one had been a patient in Hope hospital at Fort Wayne until a few days ago.

BURGLARS AT WARSAW.

Warsaw, Ind., Aug. 2.—The homes of T. M. LeHew and Herbert Thompson in this city, were entered by burglars Monday night, and some money, a gold watch, a check for $18 and a suit of clothing were the proceeds of the raid. There is no clue.

AUBURN WOMAN IS DEAD.

Auburn, Ind., Aug. 2.—Mrs. Almira Krise, 65 years of age, died yesterday at the home of her son, Charles Krise, in this city after an extended illness from paralysis.

ICE CREAM SOCIAL.

Ice cream social and band concert will be given by the Prairie Grove Cemetery association, Saturday evening, August 5, on the lawn of school No. 8, Wayne township, at the intersection of the Bluffton and Indianapolis roads. It is announced that automobile parties will be given special attention.

The natives of Guatemala are expert toymakers, and it is probable that they will get some of the business formerly taken care of by European nations.

MIRACLES OF BEAUTY REPLACE OLD SCENES

Inspectors Walk Among Fragrant Flowers Where Tin Cans Once Reigned.

Bowers of beauty and concentrated thrift, wrought by little hands and sunshine, was arrayed before Mayor Hosey and a party of fifty officials and representative citizens in a two hour tour Tuesday afternoon. Mrs. Josephine L. Nesbitt, head of the city beautification campaign, had mapped out the journey so that it led through sections of Fort Wayne well known to those who made the trip.

Duck Alley, with its jumbled, unpainted houses and garbage heaps, was not the same as members of the tour had predicted from its well known record. Children living in the neighborhood had combined to pick out the glass and tin cans and had twined morning glories before the rough sheds and dark houses.

Everywhere through the poorer sections of the city the inspectors caught a glimpse of beautified back yards and velvety lawns. When there was no chance for grass because of the small space and many feet that patter there, the earth had been swept so thoroughly that the cleanliness itself was beautiful.

Along Melita street Old Glory and Fort Wayne flags were hung out in honor of the passing officials. On Bass street Mrs. Winsch, at whose home one of the steps was made and whose back yard, once a cess pool, has been transformed into an inviting park plat, lemonade was served the tourists.

Children along the way, and in some parts of the city they gathered in numbers to exceed the visiting party, would whisper, "There is the Flower Lady," or "It is the Picture Woman," as they pointed to Mrs. Nesbitt. Mrs. Nesbitt has declared her intention of assuming the showing of pictures on the street corners next week if the weather remains cool.

A notable feature about the homes once characterized as "undesirable," was the absence of flies. All the people, through whose territory the tourists passed, have followed the suggestion of driving holes in all tin cans before they are thrown away. No water is allowed to stand in broken vessels and as a result flies and mosquitoes have never had a chance to infest the community.

Many of those who made the flying trip Tuesday learned new things about lawn decoration, they said, for in some cases rare originality was displayed. But as one of the officials put it, "It was not so much the beauty of the old-fashioned flowers and the wonderful red and yellow tomatoes as the fact that Fort Wayne is sure to be known as "Beautiful Fort Wayne" when these children grow up and the doctrine of civic pride is strengthened, which was the grand lesson of the trip."

A test by a Swiss city of the relative efficiency for street lighting of arc and metallic filament lamps was decided in favor of the latter, chiefly because more agreeable to the eyes.

CITY'S GROWTH SHOWS IN HARRISON HILL

Harrison Hill, the modernly planned addition located in the angle formed by Calhoun street and Rudisill boulevard, shows the growth of Fort Wayne, and particularly the great southward tendency of this growth, better than any other medium. It has been only a little over a year ago that Harrison Hill was a mere field while today it is regarded as one of the show places of the city. In addition to the extensive land improvements which must be seen to be fully appreciated, there has already been over $125,000 worth of homes erected and contracted for. The improving of this addition is a splendid example of unbroken progress as each development has been carried out on schedule time. Details regarding the future of Harrison Hill may be secured from Hilgemann & Schaaf, North American building.

Mrs. Paul Johnson, of Dayton avenue, gave a lovely party on Tuesday evening in compliment to Miss Georgia Wirth, whose wedding takes place this week, and who was showered with gifts of linen to use in her new home. Mrs. Johnson had her home decorated in a most attractive way with many garden flowers, but in the dining room pink and white roses had been selected to fill a tall vase, and thus add to the delight of the company when they partook of the buffet luncheon served them. A musical program was given during the evening by Misses Irene Rohyans, Georgia Wirth, Cecil Dygert and Juliette Lange, who played, and Misses Edith Siemon, Janet Howey, Hazel Jones and the hostess, who sang. Other guests were Misses Irene Bowman, May Bishop, Margaret Wirth, Mamie Jacobs and Mrs. Don Jones, Mrs. Ray Fish, Mrs. Glenn Knauff, and from out of town Misses Olive Weber, of Toledo, and Mrs. Hazel Jones, of Columbus, O.

Miss Ottilie Sander has been honored with two parties this week, both composed of near friends and both being "shower" parties of handkerchiefs. The hostess on Monday afternoon was Miss Winifred Slagle, of Third street. The guests took their sewing, but talked more than they worked as they sat on the porch and sipped cooling drinks and ate several kinds of sweets. Miss Patterson, of Indianapolis, is visiting Miss Slagle and shared honors with Miss Sander. On Tuesday afternoon Mrs. E. C. McBride, of East Leith street, invited a few girls to meet over their thimbles and visit with Miss Sander. A combination of forget-me-not and sweet-pea blossoms made a charming decoration for the dining room and gladioluses formed the rest of the decoration. The young ladies spent a merry afternoon.

Miss Inez Davies, of Sharon, Pa., who is visiting Miss Marian Puckett, and Miss Dorothy Redmond, of Saginaw, Mich., who is visiting Miss Elease Fee, were honor guests this afternoon at a porch party Miss Fee gave for eighteen girls at her home in Pontiac street. Last evening a merry picnic supper and dancing at Robison park afterwards was enjoyed by a dozen young people in honor of the same guests. Attending the picnic were, besides Misses Davies and Redmond and Puckett and Fee, Misses Georgia Leedy and Helen Cavalier and Messrs. Raymond Druhot, Melvin Beaver, Kenneth Crighton, Boyd Linsett, Fleming McKinnie and Bob Hattersley.

Tyndall—Egly.

The wedding of Miss Kathryn Egly, formerly of Berne, and daughter of Mr. and Mrs. C. C. Egly, of that place, and Mr. Dan H. Tyndall, son of Mr. and Mrs. John Tyndall, of Decatur, took place at 12:30 o'clock Wednesday at the home of the bride's brother and his wife, Mr. and Mrs. H. D. Egly, 1029 West Wayne street. Rev. Arthur J. Folsom officiated at the ceremony. The bride's sister, Mrs. Guy Latchaw, of Findlay, O., sang "Because," accompanied by Prof. Latchaw, just as the bride and groom entered the parlor where the double ring ceremony took place. The room was simply decorated with tall standards filled with white hydrangea blossoms and branches of oak leaves. The bride wore a white net gown made in simple style, and she carried a large bouquet of swansonia blossoms and plumosus fern. A luncheon was served at 1 o'clock. The bride's table was in pink roses which formed the center decoration and single flowers in bud vases were placed one at each plate. Only immediate relatives were present at the wedding. Later in the day the bride and groom left for Cleveland and other points of interest and on their return will be with the groom's parents in Decatur, until the first of October, when they will go to housekeeping. For traveling the bride wears a brown velour suit, with hat to match and a flesh color blouse of georgette crepe. The wedding guests included Mr. and Mrs. John N. Tyndall and son, Ralph; Mr. and Mrs. John Heller and daughter, Fannie, and son Dick, Mr. and Mrs. Henry Heller and Robert and David Heller, Judge and Mrs. D. D. Heller, all of Decatur; Miss Bertha Heller, of Indianapolis; Mr. and Mrs. Guy Latchaw, of Findlay, O., and Mr. and Mrs. C. G. Egly, of Berne. The bride is a young woman who possesses the many graces of beautiful young womanhood, and her soprano voice of lovely quality has given her recognition as a singer in many cities of the state. The groom is in business with the firm of Krick-Tyndall, Decatur, and is a prosperous and highly regarded young man.

FORM A MACHINE GUN COMPANY AT BORDER

Fort Wayne Guardsmen Are Supplying Quota for Organization.

(By Staff Correspondent.)

Llano Grande, Texas, Aug. 2.—Work on the organization of a machine gun company in the Indiana infantry here at the border, is progressing rapidly and before another week is past the new organization will be perfected. Each company is asked to furnish so many men. The men who have been appointed from the Fort Wayne company are Privates Dove, Hunt, Zuercher, Nicholson, Shoemaker and Byrd.

A semi-official report has reached the Fort Wayne boys that payday is only a few hours distant and it started quite an excitement. Most of the boys have been broke for several weeks and have borrowed money from the company's treasury and all have started to figure up how much coin they will have after paying off all their debts.

William Moore Promoted.

Mules and horses are being shipped into camp daily. Each supply wagon has been fully equipped. William Moore, of company E, familiarly known as "Red," has been promoted to stable sergeant.

We are under the command of General Lewis and his headquarters are located on the grounds. A large building, which has been in use here before, is being converted into headquarters for the officers. Camps have been held here at times previous to this and it is rumored that it will be made a permanent camp grounds after the troops now encamped here are sent home.

Llano Grande is about three miles from Mercedes, a typical western village. The population is estimated at two thousand. Just outside the town limits a troop of United States cavalry is encamped.

Our camp is composed of the artillery and infantry from the states of Nebraska, Minnesota and Indiana. The Indiana infantry has twelve companies and one band. Each company is arranged according to alphabetic order, i. e., A B C, etc. At the head of each street a large sign tells the name of the company and the name of the street. Company E has named its street "Wayne street."

Each street is laid out and curved just like a paved street. The boys go out and get palms and place them along the edge. It makes quite a neat appearance.

Home-Sickness Popular Disease.

The boys from Fort Wayne are all in a good physical condition. The most common disease among the boys is home-sickness, but those who have not as yet been seized with this fever lend their efforts towards cheering them up.

It is rumored here that we will do patrol duty all winter. However, rumors come so thick and fast that we have decided to believe none of them. We also heard that we were to be moved nearer the border, but not much credit is given this. The most recent report was that the Fort Wayne boys were to be sent home in about five weeks.

Read German-American bank "ad" for new $5.00 pocket mirror numbers. 2-4

BUILDING PERMITS SHOW CITY'S ADVANCE

Over $80,000 more was put into building improvements in Fort Wayne during the past month than was used in July, 1915, according to the monthly report just finished by Clerk Andrew App. Fifty-seven building permits were issued during July this year with a total valuation of nearly $300,000. The same number of permits were issued for July a year ago, but the total valuation was little over $200,000.

The report shows that 488 permits have been issued this year, which is 13 more than for the first seven months of 1915.

Concert Well Attended.

The band concert at Swinney park was well attended by nearly 3,000 people Tuesday night. Music was by the Elks band.

During July and August we close Saturday nights at 6 p. m., and other nights at 5 p. m. Foster's.

REALTY MEN PLANNING FOR TOUR OF INDIANA

City Planning Will Be Gospel of the Dealers in October Trip.

Annual state tour of realty boards in cities in Indiana by Lee J. Ninde, president of the Indiana Real Estate association, other officers and Fort Wayne realty dealers will be taken during the month of October. The tourists will leave Fort Wayne and make a swing of cities, returning to the city October 11. The tour will last ten days and city planning with its relation to improving realty values will be discussed before the realty boards in many cities.

Brewer With Party.

Scott R. Brewer, executive secretary of the state realty association, residing in Indianapolis, will make the tour together with several of the officers, including J. R. Mitchell, Evansville; J. S. Cruse, Indianapolis; Harvey Watson, Gary; J. S. Kies, Elkhart, and Joseph Bruns, New Albany, vice presidents of the association.

South Bend, Elkhart, Evansville and all cities of the state in which a realty exchange is established will be visited by the realty party. The meeting of the Indiana Real Estate association at Evansville, Nov. 15-17, will be extensively advertised on the tour.

Perry Home from Trip.

Eugene Perry, of the real estate firm of Kilbourne & Perry, has returned from a trip including Detroit, Buffalo and Cleveland and reports building operations active in all of these cities. "The building going on in both Buffalo and Detroit is wonderful," declared Mr. Perry. As he expected he found the industrial growth exceeding the commercial in Detroit.

Mr. Perry got many ideas of construction in connection with some of the larger hotels in the cities visited. Mr. Perry said hotel buildings he inspected proved the fallacy of the contention that lots of ground was necessary. Hotels are being built into space upward now.

Mr. and Mrs. W. F. Geller, of Fort Wayne, will attend the annual convention of the National Association of Master Bakers, which will be held in Salt Lake City, Utah, August 7 to 11. Several other prominent bakers of Fort Wayne are also contemplating making the trip and attend the sessions of the association.

An exclusive special train will carry the delegates from the eastern states to the convention city. This train will leave Chicago at 10 o'clock, Friday, August 4.

Mr. Geller is president of the Indiana Master Bakers' association and also president of the Tri-State association composed of Indiana, Ohio and Michigan.

Buffalo has 8,000 children in vacation schools.

OF INTEREST TO WOMEN

COLLAR OF ORGANDIE

ILLUSTRATING the vogue for wearing vestees directly over the blouse is this model. It is made of white organdie and is drawn into soft folds something in the manner of a fichu. Like many of this season's collars, it is made ornate by the introduction of hemstitching. The picoted ruffle edging the collar is put on in an effective manner. To preserve the pleats when laundering the collar, it is advisable to baste each one in before wetting the fabric. This will take but a few minutes and the result will make the time spent worth while.

The back of the collar is deep and square and is also elaborated with hemstitching, white buttons and picoted ruffling.

While the model is all-white, there are similar ones made up in pretty combinations of yellow and white, pink and white and blue and white.

Collars are very important. By making the right selection of one you can bring a blouse or frock very much up to date.

KEEPING TRACK OF CHINA

IN THESE progressive days inexpensive china is generally rented from a regular dealer if a quantity is required for a large supper or picnic party. In such case there is not likely to be any confusion when the time comes for packing up or sending back the tableware to its owner.

On the other hand, occasion may arise in almost any community when families will be called on to join in providing plates, cups and saucers for some festivity; and in this case it is the wisest of plans to have everything of the sort so marked before hand that no difficulty will be found in sorting out each person's property when the time of using is over. The plan followed in several up-to-date clubs and parishes has the merit of being at once effective and inexpensive. The initials of the owner are marked on each piece underneath with a stick or cheap brush dipped either in a mixture of lampblack and a turpentine varnish, or in some black paint thinned with turpentine. Let it dry on, and it can afterward be removed—if hot soapsuds fail to loosen it sufficiently—with clear turpentine on a cloth. If properly applied and allowed to dry thoroly beforehand, however, the markings should stand perfectly the possible washing necessary at parish house or picnic ground.

A TAPESTRY BAG

IF YOU have an opportunity to buy a piece of good-looking tapestry at a reasonable price, snatch it, for the newest fad is to make a week-end bag of this fabric. You will need a piece of material half a yard long and nine inches wide. Line the material with rubberized silk. Fold the strip in half along the length, up to within three inches of the top. The two tops are held together by means of snap fasteners. A pretty finish is gained by the use of gold braid to edge the bag on all sides. The braid also forms handles for the bag. Inside the bag separate pieces of material should be stitched to form pockets for comb, brush, soap, washcloth and the other articles necessary for one's comfort.

ANSWERS TO CORRESPONDENTS

Cherry Stains

Will you please tell me what will take cherry stains out of a white dress? I am very much worried, as it is a good dress. MRS. J. P.

If you pour boiling water over the dress when the stain is fresh it will probably take it out.

Skirt Length

What is the correct length of skirts at this season of the year? MISS D. H.

Most of the skirts are anywhere from four to eight inches from the ground.

TAFFETA AND NET FOR EVENING

IN SPITE of warm weather, or perhaps because of it, many joyful entertainments are given during the summer evenings. Frequently they are informal, but occasionally they strike a formal note and, consequently, a frock suitable for the event is needed. To fill such a niche, the frock shown is just the thing. Its youthful lines, as well as the clever combination of materials, give the gown distinction.

Peach-colored taffeta forms the nucleus of the frock. The double bands of net edging the pointed flounces are white. Net is also draped over the bodice and is used for the short sleeves.

A gown of this style is particularly appropriate for the stout figure, since the points of the skirt and the surplice line of the bodice detract from the breadth of the body.

A crushed girdle of blue velvet has bows of the net springing out from the back.

CAPTAIN J. E. MILLER RECEIVES ORDERS

Is Asked to Begin Work of Recruiting for Service Immediately.

Captain John E. Miller, formerly in command of company E, received orders Wednesday morning from Major J. T. Johnson, at Fort Benjamin Harrison, to begin the work of recruiting at once. The order reads, "In compliance with general order, No. 81, headquarters central department, you are hereby authorized to open your office and begin recruiting at once."

The general order referred to from the headquarters of the central department is, "Pursuant to instructions of the war department, recruiting for the national guard of Indiana and Iowa, now in service of the United States, will be conducted by the following named national guard officers mustered into the United States service, who will proceed to the stations in the states of Indiana and Iowa designated after their names and report arrival and address by letter to these headquarters:

"Indiana—Major Jesse T. Johnson, Fort Benjamin Harrison; Capt. J. D. Young, Indianapolis; Capt. J. E. Miller, Fort Wayne; Lieut. DeNoyelles Nutter, Terre Haute; Lieut. A. O. Halstead, Monticello.

"The state rendezvous and training camp of Indiana will be located at Fort Benjamin Harrison."

Captain Miller stated Wednesday morning that he is considering several rooms in the Swinney block for the local recruiting station and expects to move into them by Thursday.

Each recruiting officer is allowed one sergeant, one corporal and one private to assist him in his work. Robert Starkle has been appointed sergeant in Fort Wayne and Clarence Grush, corporal. The private has not as yet been selected. These men will go to Fort Benjamin Harrison at once to be mustered into the service.

I. EVANS LIPPINCOTT DIES VERY SUDDENLY

The many friends in Fort Wayne of J. Evans Lippincott and his family will be shocked to learn of the death of Mr. Lippincott, which occurred very unexpectedly on Monday evening at Cambridge Springs, Pa. Mr. Lipipncott had gone to the springs at the advice of his physicians, who were aware of his being a sufferer for some weeks with kidney trouble, but which they expected the baths and treatment of the Cambridge springs to effect relief from, if not a cure. The end came suddenly at the hospital. Mr. Lippincott was in the fifty-fifth year of his age.

The funeral will take place from the Lippincott residence, 320 Resor avenue, Cincinnati, Thursday afternoon at 3:30 o'clock. Mrs. Lippincott and three children survive. Mrs. Lippincott is a daughter of Captain and Mrs. Isaac d'Isay, of this city, both of whom are in Cincinnati. Mrs. d'Isay left several weeks ago because of her son-in-law's illness.

HUGHES PREPARING FOR WESTERN TOUR

New York, Aug. 2.—Charles E. Hughes spent part of his time today shopping in preparation for his western tour beginning Saturday, and which includes a vacation outing at Estes Park, Col. Chairman Willcox will go with the candidate as far as Chicago, where he will confer with leaders and look over the situation in the middlewest. Mr. Willcox plans to devote much of his time at Chicago headquarters.

Tomorrow Willcox will leave for Washington and be the dinner guest of Representative McKinley, of Illinois, afterward attending a reception at which he will meet republican leaders of the house and senate. Plans are indefinite for Mr. Hughes' program after his return to New York, but it was indicated that he might again go over some of the same ground he will cover on this trip west of the Mississippi river.

PLAGUE'S DREAD TOTAL GOES STEADILY HIGHER

New York, Aug. 2.—Forty-one children died and 166 were stricken in the greater city during the last twenty-four hours in the epidemic of infantile paralysis. The seat of the plague shifted to Manhattan borough today and there were more deaths and new cases reported in that borough than at any previous time since the inception of the plague. Reports from nearby cities indicated that the epidemic was far from being under control.

This is the largest number of new cases reported in a single day in the five boroughs, since the epidemic began there have been 4,289 cases reported and 937 deaths.

CHARGED WITH INTOXICATION

Jake Faber and John Brakewell were locked up in the city jail Wednesday afternoon, when a patrolman found them lying across the sidewalk on Lafayette street in a drunken stupor.

GARDNER VICTOR BY 12,000 PLURALITY

Has Big Vote to Spare in Democratic Race in Missouri.

St. Louis, Aug. 2. Returns today indicated that Fred D. Gardner had been nominated on the democratic ticket for governor by a plurality of 12,000 in yesterday's state-wide primary, and that John E. Swanger obtained the republican gubernatorial nomination by an especially large plurality.

The returns indicate Judge A. M. Woodson and Fred L. Williams, democrats, were named for the two supreme court places, with James M. Johnson, republican, leading in the race for the judgeship of the first division.

Speaker Champ Clark was renominated in the Ninth district without opposition.

HEAVY REPUBLICAN VOTE.

Topeka, Kas., Aug. 2.—With a vote cast which political leaders and election board officials today judged to be not more than a third of the registration, Kansas came through her fifth state-wide primary yesterday with less than the usual excitement. Probably the feature of the day was the unusually heavy republican vote cast, which leaders declared was caused principally by several spirited contests among candidates for high state offices. W. C. Lansdon early today had a good lead over B. S. Gaitskill in the race for the democratic gubernatorial nomination. In the First congressional district on the democratic ticket Dr. Eva Harding is ahead of Herbert J. Corwine. Governor Capper, who was unopposed, led the republican ticket.

LITERACY TEST DEFEATED.

Oklahoma City, Okla., Aug. 2.—Renomination of all present congressmen and defeat of the proposed literacy test amendment to the state constitution were the outstanding results of yesterday's primary as indicated in partial returns today. Seven of the Oklahoma congressmen are democrats and one a republican. The literacy test was defeated by more than 15,000 votes, it is believed, and eight other amendments met similar fate.

THOUSANDS VISIT PARK ON GIRLS' DAY

Wednesday was Girls' Day at Robison park. Manager Williams could not have chosen a better day than he did, for the weather was ideal and thousands crowded the park for the afternoon when the annual white dress parade was given.

Queen Elizabeth Fisher occupied the throne chair and her three maids of honor rode with her. They were Dorothy Shunk, Elnora Ankenbruck and Hulda Junge.

Late this afternoon the three judges had not as yet decided upon the new queen. Each judge mingled with the conferred and were to decide upon the crowd and made his choice for the various prize winners. Later they winners.

STRIKE STUMBLING BLOCK

Army Appropriation Bill Conferees Adjourn Until Tomorrow.

Washington, Aug. 2.—Conferees on the army appropriation bill today reached a stumbling block which caused adjournment of the committee until tomorrow. The senate committeemen flatly refused to accept an amendment to the revised articles of war submitted by Representative Hay, which would exempt retired army officers from some of the disciplinary provisions of the regulations. Consideration of the appropriations practically has been completed but no announcement of the revised figures has been made.

QUIET IN STRIKE ZONE

No Further Disturbance Develops at Rosiclaire, Ill.

Rosiclaire, Ill., Aug. 2.—Quiet prevails here today in the strike of 2,000 miners. No more deputy sheriffs have been sworn in and unless more serious disturbances occur, it is improbable another appeal for state troops will be made. It was feared today that James Moore, formerly a miner, who was shot in an affray Monday afternoon, would die from the effects of his wounds, said to have been inflicted by striking miners. Seven men have been arrested in connection with the shooting.

MILBURN'S WIDOW DIES.

Succumbs to Cancer at Family Home in Jasper, Ind.

Jasper, Ind., Aug. 2.—Mrs. Richard M. Milburn, 51, widow of the late attorney general of Indiana, died at her home here today of cancer. She had been ill for some time. She is survived by five children.

Mr. Milburn died about a year ago while serving his first term as attorney general. Governor Ralston appointed Evan B. Stotsenberg to fill the vacancy.

Local Council, No. 1427, Knights and Ladies of Security request the presence of all the members at the special initiation to be held in Harmony hall, Thursday evening.

W. J. LONGFIELD IS CLAIMED BY DEATH

Well-Known Young Man Had Long Been Steward of Standard Club.

Following an illness which dates back seven or eight years, William J. Longfield, well known Fort Wayne young man, passed away at 8:20 o'clock

William J. Longfield.

Wednesday morning at the home of his parents, Mr. and Mrs. John Longfield, 224 East Wayne street. Death was due to liver trouble, and came at the age of 34 years.

Although he had been in failing health for several years, his recent sickness was only three months in duration. He had been bedfast but one week. The end came very peacefully with the members of his family at his bedside.

The deceased was born in Fort Wayne, October 21, 1882, and had resided here his entire life. For many years he was employed by the Pennsylvania railroad, but for the past five years he had acted in the capacity of steward for the Standard club. Mr. Longfield was a man who made friends wherever he went and his acquaintanceship in Fort Wayne is very large. Many of his friends were not aware that his condition was serious and the news of his demise will come as a shock to them.

He was forced to use a crutch and cane for many years as the result of an injury which he suffered when he was manager of the well known baseball team known as the Fort Wayne Blues. Eleven years ago he was struck on the hip by a pitched ball. He was taken to a specialist at Philadelphia, but only temporary relief resulted.

Surviving, he leaves the parents, Mr. and Mrs. John Longfield of Fort Wayne, and one brother, Edward J. Longfield, also of this city.

The deceased was a member of the Cathedral of the Immaculate Conception.

AMERICAN PRESSURE IN EUROPE IS HIGH

Washington, Aug. 2.—Ira Nelson Morris, American minister to Sweden, conferred with President Wilson today on conditions in the Scandinavian countries. He said American pressure in Europe had been greatly increased since the outbreak of the present war.

"I have been in a position to note public opinion in Scandinavian countries," said Mr. Morris in a statement later, "and from constant intercourse and association with the diplomats of belligerent countries and other prominent people I feel that both in the Scandinavian countries and in the belligerent nations the pressure of the United States was never any higher than today."

Mr. Morris, accompanied by his wife, plans to leave for Copenhagen Saturday.

MOVES WITHOUT RESTRICTION

McClure Explains His Difficulties With British Government.

London, Aug. 2.—S. S. McClure, the American publisher who ordered to return to the United States when he arrived at Liverpool last week on the American line steamship Philadelphia, is spending the interval in London. The Philadelphia will not sail until tomorrow, owing to the necessity of cleaning her.

Mr. McClure said his difficulties with the British authorities arose over his passport being made out for Switzerland as well as for France and England, and it was suggested that he might go to Germany after visiting the other countries. When this was pointed out to him he volunteered to return to America on the Philadelphia. He is being allowed to move about without restrictions.

WARM DAYS AND COOL NIGHTS IS FORECAST

Temperature Reaches 87 Degrees at 2 O'clock Today.

The hot weather of a week ago has been exiled from Fort Wayne and the forecast for the next week is cool nights and warm days. The sun again showed that his power had not all been utilized last week and today began to send down his warm rays and sent the thermometer up to 87 degrees at 2 o'clock this afternoon. At 1 o'clock the temperature was 86.

Fort Wayne folk experienced another night of comfort Tuesday and no one complained today that it was too warm to sleep. As a matter of fact many were compelled to get up during the night and hunt for the comforts and sheets they discarded last week. The temperature at 3, 4 and 5 o'clock was 61 degrees.

Although rain is promised for the southern part of the state for Thursday, the local weather man states that none will fall here.

A very refreshing breeze from the southeast also added much to the comfort of people in this vicinity Wednesday.

WEEKLY INDIANA CROP AND WEATHER REPORT

Indianapolis, Aug. 2.—The United States weather bureau here today issued the following summary of weather and crop conditions in Indiana for the past week:

The week was marked by excessive warmth, especially over the northern division, where many stations recorded day temperatures of 100 to 104 degrees.

Throughout the state the highest day temperatures averaged 98.4 degrees, and the lowest night temperatures 71.6 degrees—making one of the warmest weeks on record. Sunshine was abundant, and there were only a few showers, very light and scattered, until the last day of the week.

While corn, in general, continued good growth, the drought is now causing considerable rolling, and good rains are needed to prevent damage. This is true of most other growing crops, as well. Oats harvest is being completed with good yields indicated generally, but in some localities the grain is reported light. The yield of wheat varies considerably.

Potatoes and truck were adversely affected by the dry, hot weather, and many meadows and pastures have become brown, especially in northern sections. Tomatoes in the southern parts of the state are ripening.

GALLIVAN WANTS ACTION.

Would Sever Diplomatic Relations With Great Britain.

Washington, Aug. 2. — Representative Gallivan, of Massachusetts, introduced a resolution today proposing that "recommendation be made to the president that diplomatic relations between the United States and Great Britain be terminated at once" because of the exclusion from England of Thomas Hughes Kelly, of New York, treasurer of the Irish relief fund, and "impudent and insulting acts of Great Britain toward American commerce."

As a matter of course the resolution went to the foreign relations committee.

LIGHT ARMORED RAILROAD CAR.

First of Type Delivered to Government by Hammond Concern.

Hammond, Ind., Aug. 2.—The first one of a special design of light armored cars for steam railroad service was delivered to the war department by a Hammond car building plant today. The car was constructed of heavy steel plates and will carry a high powered gun mounted in a gun-well in the oval roof, and twenty machine guns, whose ports in the sides may also be used by sharpshooters.

John Hamm, custodian at the public library, accompanied by a daughter, has gone to Crooked lake for three weeks.

No Sign of Submarine After 21 Hours Elapse

Cape Henry, Va., Aug. 2.—The German merchant submarine Deutschland had not been sighted here at 2:30 o'clock this afternoon, twenty-one hours after she left Baltimore on her return trip to Germany. Marine men believed the boat had stopped somewhere up Chesapeake bay as not more than 17 hours would have been necessary for her to make the trip here, even at a moderate rate of speed.

The last report from the vessel came at 6:50 o'clock this morning when she was sighted at Tangier Island, sixty miles up the bay. At that hour she was under way, and was attended by the tug Thomas F. Timmins.

Shortly after noon today a two-funnelled warship came near the three-mile limit for a short time but later put back to sea. Only one allied warship has been sighted off here during the day.

BROKEN WINDSHIELD INJURES CLERGYMAN

Rev. Mr. Pfotenhauer Cut by Glass When Stone Hits Automobile.

Rev. Fred Pfotenhauer, president of the Missouri synod of the Lutheran church, was injured Wednesday at noon when a stone was thrown through the windshield of his automobile in which he was riding and the broken glass struck his chest. There were two deep wounds and several small cuts from the flying glass fragments.

Rev. Pfotenhauer was with Rev. Jacob Miller, pastor of the St. Paul's Lutheran church, in Rev. Miller's machine. They were starting away from the Emmaus church, on South Broadway, where Rev. Pfotenhauer delivered an address Wednesday morning. A good sized stone crashed through the windshield of the car on the left side of the machine.

The windshield was shattered and pieces of glass struck both men. Rev. Miller was unhurt. Rev. Pfotenhauer is not thought to be seriously injured. The men drove to the police station. A patrolman is working on the case on the assumption that the serious act was a boyish prank or accident. Police think the stone may have come over the top of a nearby house and not have been aimed at the machine. The ministers did not see who threw the stone and can offer no theories for the assault.

BLACK RUST REPORTS SEND WHEAT UPWARD

Chicago, Aug. 2.—Jumps of more than 4½ cents a bushel in the value of wheat took place today as a result of word that black rust damage in Manitoba amounted to a calamity and that the injury to the crop in the Dakotas and Minnesota were increasing. Estimates were current that the prospective yield of wheat in the United States had fallen off 87,000,000 bushels as compared with the outlook on July 1.

Advances in price became sensational in extent in the trading later. The chief reason was that black rust was said to have spread in Canada and to be dangerously threatening in Saskatchewan after having wrought havoc in Manitoba. September wheat here finally touched $1.31⅜, a clear ascent of 7⅛@7¼c above yesterday's finish, and closed at $1.30⅝c, a gain during the session of 6⅜@6½c a bushel.

INDICTMENTS ARE VOTED

Murder Is Charge in San Francisco Bomb Outrage.

San Francisco, Aug. 2.—Indictments charging murder were voted today by the grand jury against five persons now under arrest in connection with the preparedness parade bomb explosion of July 22, according to seemingly authentic reports. Those said to have been indicted are: W. K. Billings, Thomas Mooney, Mrs. Rena Mooney, Israel Weinberg and Edward Nolan.

The indictments were to be returned later today, according to reports.

WANT WILSON IN KENTUCKY.

President Declines to Mix Politics with Lincoln Journey.

Washington, D. C., Aug. 2.—Senator James and Representatives Cantrill and Rouse, of Kentucky, urged President Wilson to open the democratic campaign in Kentucky when he visits Hodgensville, Ky., Sept. 4 to speak at the birthplace of Abraham Lincoln. The president said, however, that he did not wish to connect politics with that trip, but promised to visit Kentucky later in the campaign.

OSTEOPATHS WILL TRY IT.

Kansas City, Aug. 2.—Announcement that osteopathic clinics would be opened in New York city for the treatment of infantile paralysis, a cure for which is offered through that character of treatment was made here today by Dr. R. Kendrick Smith, of Boston, speaking before the annual convention of the American Osteopathic association. The association voted to establish clinics in all states in which the disease has appeared.

GROUP IS UNVEILED.

Washington, D. C., Aug. 2.—Armed peace protecting genius, an allegorical group in marble, was unveiled on the east entrance on the house side of the capitol with formal ceremonies today. Speaker Clark, Representative Slayden of Texas, and Paul Bartlett, the sculptor, spoke. Congress appropriated $75,000 for the statuary in 1908.

UNION WILL DISCUSS A LEVY ON MEMBERS

Cooks and Waiters at Two Restaurants May Be Penalized.

Meeting of the Cooks' and Waiters' union, No. 489, will be held tonight at headquarters, 610 Calhoun street, to discuss assessments to be made on members of the union who remained at their posts during the time the Summit City and Metropolitan restaurants operated with the union cards down. By the rules of the union the cooks and waiters at these places are subject to a levy, although they were finally instrumental in having owners of these restaurants put up house cards again, according to William B. McCord, member of the Cooks' and Waiters' union.

Cooks and waiters from the Summit City and Metropolitan restaurants who kept their jobs during the time these restaurants opposed the union can be assessed sums from $3 to $5, according to McCord, and they will required to pay the assessment or leave the union.

There will be a joint meeting of Bartenders' union, No. 305, and Cooks' and Waiters' union, No. 489, at Bartenders' hall, 619 Calhoun street, Sunday afternoon, to discuss the strike situation. Several members of the International Alliance, with which both unions are affiliated, will be present. Several members of the Indiana State Association of Bartenders may also attend.

INDIANAPOLIS BOND BROKER PASSES AWAY

Indianapolis, Aug. 2.—Joseph Taylor Elliott, 74, vice-president of a large bond brokers' firm here, died at his home today after an illness of two months of diabetes. He was a veteran of the civil war, and was one of the few to escape death on the ill-fated steamboat Sultana, which burned to the waters edge following an explosion of a boiler in the Mississippi river near Memphis, Tenn., while carrying about 1,900 paroled prisoners to the north in 1865. Fully 1,500 lives were lost in the disaster.

Mr. Elliott is survived by a widow and two sons, George B., of this city, and Edgar Elliott, of Chicago.

FOREST FIRES DEAD ESTIMATED AT 500

Toronto, Ont., Aug. 2.—Estimates today of the number of dead in the bush fires in northern Ontario Saturday and Sunday are put at 500 by refugees arriving from the various localities in the fire-swept zone. From many sections known to have been sprinkled with settlers no word has been received at any of the northern towns of refuge and this is taken to mean that all have perished.

A score of refugees, some with burns and all showing signs of suffering, arrived here today with stories of thrilling escapes.

CUBA'S TRADE INCREASES.

Foreign Business of Island Republic Shows Big Gain.

Washington, Aug. 2.—Cuba's foreign trade figures compiled today by the department of commerce show increased last year by more than one hundred million dollars over 1914. The United States claimed eighty per cent of the island's exports and seventy per cent of its imports. Cuban exports amounted to $254,000,000 of which the United States took $206,000,000. Imports were put at $155,500,000 of which the United States' share was $104,500,000. The united kingdom ranks second among Cuba's customers and Spain third.

SETS NEW RECORD FOR ORE.

Great Lake Movement for Month of July Reaches New Mark.

Detroit, Mich., Aug. 2.—Great lakes ore established a new record in the month of July, loading 9,750,157 tons, which exceeds by 242,581 tons the movement in June which at that time was thought to have set a mark that would stand for the year. Up to August 1, ore shipments for the season aggregated 29,365,724 tons, a gain of more than 5,000,000 tons over 1913, the banner year of the trade. Vessel men predict that the year's movement will approximate 59,000,000 tons.

Rev. and Mrs. Theo. Prinz and son, of Cleveland, are here visiting their parents, Mr. and Mrs. Charles A. Stegner, of Lumbard avenue.

WARRING FORCES ASK FEDERAL MEDIATION

B. & O. Road and Its Telegraph Operators Unable to Agree.

Baltimore, Aug. 2.—Failing to reach an agreement in their conferences over increases in rates of pay and adjustment of working conditions of telegraphers of the Baltimore & Ohio railroad, J. M. Davis, vice president of operations, and J. J. Dermody, fourth vice president of the railroad telegraphers' organization, today sent a letter to the United States board of mediation, asking the good offices of the federal authorities in adjusting the differences between the company and its employes.

The chief demands of the men are for a flat increase of 15 per cent in the rates of pay, a reduction from 10 hours to 9 hours for a day's work in one trick telegraph offices, and from 10 and 9 hours to 8 hours in two-trick offices. Officials of the railroad said the demands would mean an increase of $500,000 approximately in the yearly pay roll expense.

SHIRK ASKS BOARD TO FIX DAMAGES

General Electric Employe Hurt, Later Paid $120, But Dissatisfied.

Harry Shirk, 32 years old, an employ of the General Electric company, was given a hearing Wednesday afternoon by the state industrial commission, through one of its members at the court house. Shirk asks a settlement fixed by the commission, alleging his hands were burned as he tested transformers while in the employ of the General Electric company March 24, last.

According to E. M. Hulse, attorney for the General Electric company, Shirk was paid approximately $120, but the settlement was unsatisfactory. He was in the hospital ten weeks, his petition alleges. Shirk resides at 1109 Erie street. He asserts he was a student transformer at the time of the accident. Macbeth & Hogg are attorneys for the complainant.

APPEAL TO MITCHEL TO AVERT CAR STRIKE

New York, Aug. 2.—While some of the leaders of the movement to involve all the street car lines in New York in the strike on the Third avenue system, were busy enrolling the employes of other lines into the union, others called on Mayor Mitchel today, informing him of the union's demands and agreed to meet him tomorrow morning with representatives of the street railway corporations in an effort to bring about a settlement. Meantime the New York railways company was making preparations against a strike and already has gathered a force of several hundred professional strike-breakers. The police also were taking full precautions and Police Commissioner Wood has assurances from Gov. Whitman that 10,000 state militia were available to prevent disorder, should the strike prove too big a problem for the police. The mayor, it was said, believes the chances of avoiding a strike are small.

Miss Gertrude Holland will leave Thursday morning for Mt. Sterling, Ill., for a visit there and afterwards in Missouri points. Miss Holland will be away a month.

BEES NOW HAVE PARALYSIS

Strange Epidemic Breaks Out in Ohio Bee Colonies.

Columbus, Ohio, Aug. 2.—An epidemic resembling paralysis has broken out among the Ohio bee colonies and threatens to reduce materially the state's output of honey, according to an announcement today by N. E. Shaw, state bee inspector. The federal government is sending Dr. E. F. Phillips, its chief bee expert, to the state to investigate the case.

Bees attacked by the disease quit work, go off to a corner of the hive and lie there until they die, says Mr. Shaw.

FANS TO GET MORE THAN MONEY'S WORTH

Sunday's Play at League Park to Feature a Double Header.

Sunday afternoon at League park the baseball fans will have a chance to see two games and they will be huminers at that. The first game will be between the Blackbirds and the New Haven club, and the second will feature the Fort Wayne Colored Giants and the Blackbirds. Both of these contests will have a bunch of pep in them for they are teams that class with the best. The New Haven club has won twelve out of fourteen games and bids fair to make it thirteen out of fifteen. The New Haven cracks lost to Garrett Sunday when they had a recruit in the box, but so to make sure that they don't lose again their regular standby will pitch for them. The Colored Giants have been living up to the name they have adopted and when they step out to play Sunday they will be there with only one thought and that is to win. They are importing some out of town players to beat Cleary's bunch. The first game will be called at 2 o'clock.

Vince Robbin's Games.

Along with the preparations for the game Sunday Mart Cleary, president of the Shop league, is preparing for the testimonial games for Vince Robbins Saturday. The ball park has been given to the Shop league for the day and there will be no expense whatsoever and all money taken in will be given to the stricken pitcher, Vince Robbins. Vince a number of years ago was considered the hero around these parts for his brilliant pitching. Many a contest has the stricken man pitched and always came out with the long end of the score hanging to his belt. A number of old Shamrocks have said give Vince a couple of runs and there wasn't a team in the country that could beat him. Why, that man beat the Central league team here twice the year they won the pennant. The score for the first contest was 1 and 1 and the next 4 and 3. Should the fans fail to turn out to the games Saturday it would be one of the biggest black marks to baseball the city has ever experienced. There is something more than baseball behind the games and everyone should feel it.

JOHNSON TAKES TENNIS FINAL

Champion's Fast Attack Beats Armstrong in Four Sets.

Boston, Mass., Aug. 2.—William M. Johnston, of San Francisco, national tennis champion, Tuesday won the final match of the Longwood Cricket club's annual tournament by defeating Joseph J. Armstrong, of Philadelphia, 6-0, 6-3, 2-6, 6-2. By his victory Johnston gained a leg on the trophy, as M. E. McLoughlin, of San Francisco, last year's winner, will not defend.

Johnston's fiery attack overwhelmed Armstrong in the first two sets. Both at the net and in the back court the champion was invincible when going at top speed, but in the third set he tired rapidly as a result of losing seven and a half pounds in his match against Watson M. Washburn under yesterday's broiling sun. In this set he made little effort to get deep drives which Armstrong placed in the far corners, and the Philadelphian ran the set out in short order.

Johnston came back strong in the fourth set, however, with tactics just the opposite of Armstrong's. Johnston went after points by the shortest possible route, while Armstrong seemed content to lay the ball conservatively and trust to his opponent's errors. The Californian had a wide variety of strokes, while Armstrong showed only two that were effective, a backhand slice and a forehand chop.

The Philadelphian went up to the net only seven times, and almost every time he was passed by a lightning shot from Johnston's racquet. Johnston won ten of his service games and lost five, while Armstrong won six and lost ten.

Johnston's name is the first to be engraved on the new Longwood cup, which must be won three times, not necessarily in succession, before it passes out of competition.

SPORT DOPE

We can't recall offhand what town was the "cradle of baseball," but Connie Mack seems to have robbed it.

Far be it from us to let any expert statistician beat us to the fact that it cost Charles Weeghman 20,000 cups of coffee when Tinker forfeited a game to Brooklyn.

Does the fact that Woodrow Wilson plays it prove that golf is a democratic game?

According to a contemporary tact is required in golf. Quite true. One can't be too careful who one swears at.

"Baseball has iron men," a headline screams. Most of the iron usually is found just above the neck.

Bobby Veach, of the Detroit Tigers, is different from most ball players. He was hit on the head with a ball yesterday and it hurt.

The Chicago Cubs have acquired a catcher entitled "Rowdy" Elliott, but he'll have to show some speed to steal J. Evers' stuff.

While all these torrid blasts are blistering the community you can't blame Connie Mack for fighting to hold his nice comfortable cellar.

STALLINGS PRACTICES PSYCHOLOGY ON BRAVES AS THEY SWEEP TOWARD FRONT

Boston Leader's Idea is: By Devious Methods to Instill Into His Men Belief They Can't Lose and Enemy Can't Win.

(By Harold Johnson.)

Psychology plus baseball forms the combination that is sweeping the Boston Braves toward first place in the National league flag marathon.

George Stallings claims the penomena of the mind properly applied with big league diamond ability will spell another pennant for the Back Bay machine just as it did in 1914. He is a student of the practice and appreciates the power of mind over matter. He knows little of the art of conditioning the body. His teams never are ready in the spring because he can't condition them in the south.

The training jaunt to Stallings is a problem of shaping the mental fitness of his troops. He has done it and today he relies more on the mental attitude which he can deduce by patient methods that he does in physical perfection of his athletes.

Right now the big Georgian is shaping the mental attitude of his club for the grueling pennant finish confronting them. Stallings plays more baseball off the field than he does on it. He's the originator of and the firmest believer in the "morning brain meeting," a council of war that is held before every game, and in which a plan of battle is outlined for the next engagement with the enemy.

He started these morning confabs in 1896 when he managed Detroit, and was considered a radical who would never last. Connie Mack took it up when he began to assemble the famous champions of 1910-11-12.

Branch Rickey practiced it with the Browns but Branch didn't have much of a team to practice anything on but patience. Few other managers believe in it. The Braves have a meeting every day of the season, at home or abroad.

At each powwow held this season Stallings has instilled in his men the belief that they can't lose and the enemy can't win. He has sanctioned a repetition of the goat-getting tactics that won the 1914 world's championship for the Braves and relies on them to sweep through to victory despite the dizzy pace maintained by the Brooklyn Dodgers.

MUDGE WINS PRIZE IN GOLF TOURNEY

Minneapolis, Minn., Aug. 2.—Dudley Mudge, Minnesota state champion, won the title of medalist at the trans-Mississippi golf tournament here Tuesday by completing the thirty-six holes of qualifying play in 146. He also aided his three teammates of the Town and Country club, St. Paul, in winning the Brock trophy with an aggregate score of 636.

Mudge, who played the first eighteen holes yesterday at 74 par for the Interlachen club course, bettered this performance, making the round in 72.

Four others of the thirty-two who qualified for the championship flight finished the thirty-six holes under 160. They were James Hubbell, Des Moines, with 154; Kenneth Lindsay, Cedar Rapids, Iowa, 156; Earl Piepho, Cedar Rapids, 157, and J. K. Weatherby, Minneapolis, 157.

The highest score of those who qualified for this event was 168. Harry Long, of Minneapolis, four times trans-Mississippi champion, added 78 to 85 of yesterday, thereby getting into the event.

VARDON HINTS ON GOLF.

Cardinal Rules by Six Times Open Champion of Great Britain.

"Keep your head steady and do not let the left heel turn outward—then the body can only wind up when the arms go back.

"Grip firmest with the thumbs and forefingers; they are not so well adapted as the other fingers to the purpose of taking a strong hold, and they are the most important of all for the golf grip.

"Let the club head lead, the left wrist turning inward, the arms following the club head and the right hip screwing next.

"Don't throw the arms forward as you start to come down as though you were mowing grass. Rather throw them back and let them come around in their own way from that point.

"Let the movement of the right shoulder be steady and rhythmic; it should have nothing in the nature of a sudden drop or jerk.

"Don't be afraid to hit hard; if you are swinging correctly, hard hitting is not pressing.

"Keep your head still until the club has struck the ball."

BRAVES GET PREP CATCHER.

Boston, Mass., Aug. 2—The Boston Nationals, without a catcher as a result of accidents to Gowdy and Tragressor, Tuesday signed Arthur Rice, a local schoolboy. Manager Stallings also made inquiries looking to the acquisition of another backstop, Blackburn, of Providence, was mentioned in this connection. A split thumb is expected to keep Gowdy out of the game for two weeks, and Tragressor's recovery from the effects of a collision with Pitcher Allen is not looked for for several days.

WANT HINKEL AS REFEREE.

Cleveland, O., Aug. 2.—Matt Hinkel, promoter of the Chaney-Kilbane featherweight championship bout, stands good to knock off $500 from the $16,000 roll with which he will stage the fight. Jimmy Dunn, manager for Kilbane, asked Hinkel to referee the battle, with the proviso that should Chaney win the decision he would present Matt with $500. Dunn also sprung a surprise when he offered Henry Bletzer, manager for Chaney, a wager of $5,000 or $10,000 that Kilbane would defeat Chaney.

HITCH IN TRADE TO GIANTS.

New York, Aug. 2.—Just as the Giants hit their gait and the club seems bound for a dash upwards word comes from Louisville that the Colonels are balking at releasing Pitcher Middleton, who was to have been transferred to New York Tuesday. Owner Wathen, of Louisville, feels that his club, which is in the thick of the pennant fight, would be weakened by the loss of Middleton.

Never Again Or The Morning After

Did you ever go to a picture show and go home with—headache—wake up in the morning with tired, smarting eyes and resolve to see what was the matter with them. Possibly you have and probably you put it off and then forgot it entirely. However, if you knew the cool, restful feeling a comfortable pair of glasses would give, you'd be wearing them now. One of the best features of the glasses made by Meigs, in the Lyric Theater building, is the fact every pair is guaranteed, and why risk eye strain and poor glasses with this service in reach?

SINGLE G MAKES A THREE HEAT RECORD

Steps Off Three Heats for a Record and Wins from Crack Field.

Kalamazoo, Mich., Aug. 2.—The paper mills purse of $10,000 gor 2:08 trotters was the headliner on Wednesday's Grand circuit program. Mabel Trask, Walter Cox's chestnut mare, which won the Merchants' and Manufacturers' $10,000 stake at Detroit last week, was the favorite.

"Pop" Geers himself was expected to pilot St. Frisco today and a great contest was looked for between the veteran and Walter Cox. Geers is slowly recovering from a bad fall at North Randall recently and made his first appearance of the year in the seat yesterday.

A great race was also looked for in the 2:05 pace, purse $1,000. Miss Harris M, which established a new world's record last week for two consecutive heats by a four-year-old mare, was the favorite. The 2:13 trot, with a purse of $1,000, was the other event on the day's card.

Tuesday afternoon Single G. won the free-for-all pace, feature of the Grand circuit races, and in doing so paced the fastest mile ever negotiated during a race on a Michigan mile track. His time for the first mile was 2:00, while the average for the three heats comprising the contest was 2:00 2-3, making it the fastest three heat race ever seen in Michigan. There were seven starters in the pacing classic. The field went away fast and Single G. stepped to the quarter in 29½ seconds. Hal Boy and R. H. Brett could not stand the pace and broke, the other five racing neck and neck down the back stretch, Single G. leading. The half was made in 1:00½, the three-quarters in 1:30½. Here Napoleon Direct and Russell Boy went after Gosnell's pacer and it was a magnificent flight of speed down the stretch, Single G. winning the heat by a neck from the Geers horse. In the second heat Single G. led to the half in 1:01¼ and then the pace quickened. Geers was determined and let Napoleon Direct out. Inch by inch he overhauled Single G. and passed him about fifty feet from the wire, winning the heat in 2:01¼. The third heat was another battle, but Single G. was equal to the task this time, and despite the efforts of Russell Boy and Napoleon Direct to overhaul him managed to win the heat and race. The last half was paced in 59¼ seconds. The time for the mile was 2:00¾.

There were three other races during the afternoon. Each was won in straight heats and was easy for the respective favorites. Summaries:

RUDISILL PAVING TO BOOST HARRISON HILL

Harrison Hill, the modernly planned addition located on South Calhoun street, has a frontage of seven hundred feet on Rudisill boulevard, and will be materially improved by the paving of this street from Piqua avenue to Broadway, which is now under way. Already many people have anticipated the effect of this improvement in increasing the lot values in Harrison Hill, and have taken advantage of the prices of $22 per front foot with the expectation of securing a handsome increase upon their investment within a comparatively short time. Full details regarding the possibilities of Harrison Hill may be secured from the promoters of this addition, Hilgemann & Schaaf, who are located in the North American building on Clinton street.

One Minute Talks with Ballplayers

HARRY HOOPER, BOSTON RED SOX:

"Where did I learn to throw? That's easy. I just naturally picked it up when I was a kid on my father's ranch in California. I was just like any other kid—wanted to throw stones and by constant practice, during my spare moments in the fields, became a sort of dead-shot. Oftentimes I would get the range of a rabbit and bowl it over with a stone.

"The training I got as a kid wasn't wasted either for when I broke into baseball I could peg them as well as any of the fellows who had seen years of service.

"A man doesn't have to be a giant to throw a baseball a great distance. If he doesn't try for grandstand pegs he should always keep his arm strong."

AL MAMAUX, PITTSBURG PIRATES:

"Smart oldtimers can always make it tough for youngsters just breaking in. I remember one day when I was the goat for a trick pulled by Roger Bresnahan, then with the Cubs. There were two out and Chicago runners on first and second bases. I was pitching and Bresnahan, who was coaching and talking real friendly like to me, hailed me suddenly as the ball was returned to me.

"'Say, Al, toss me that ball. I want to look at it,' said Roger. I didn't give a second thought but tossed it toward him and I'll be darned if he didn't step to one side and yell to the runners to beat it home. Each advanced a base and would have scored if Jimmy Viox hadn't run his head off to recover the ball. Believe me that one cured me."

MASONS TO FROLIC AT ROBISON PARK

Blue Lodges Will Unite for a Day of Merriment on August 11.

August 11 has been named the date and Robison park the place for the union picnic of the four Fort Wayne Blue lodges of the Free and Accepted Masons. This includes Wayne lodge, No. 25; Summit City, No. 170; Sol D. Bayless, No. 359, and Home lodge, No. 342. The day of merriment has been arranged for members of the lodge and their families and it is anticipated that thousands will enjoy the event.

C. O. Griffin, chairman; N. R. Wenger, vice chairman; W. J. Adams, secretary, and D. W. Bitner, treasurer, and eight associates compose the committee on arrangements. A sixty-second street car service has been arranged for so that all who wish to go to the park will be very nicely accommodated. The first special car leaves Harrison and Pearl streets at 1 o'clock in the afternoon and a car will depart from this corner every minute for the next half hour. Transportation will be free on these cars.

A big basket dinner will be served the grove at 6 o'clock. Free coffee and drinking cups will be furnished. Tickets will be given to the members for the various concessions at the park so that no one will lack entertainment.

The Shrine band will furnish music for the afternoon and evening. The folowig program of athletic events has been arranged by the committee:

The Daughters of Workmen lodge will not hold any meetings until the first Tuesday in September.

Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.—Advertisement.

Last Sunday morning an auto containing five persons from Montpelier, Ind., were driving down the Huntington road and having crossed the bridge where the Hayden road begins, they attempted to back up to go in that direction. They backed off the bridge into the creek, demolishing the auto and severely injured a young lady, who was of the party. A team of horses pulled the wreck out and several autos that were detained at the time rendered assistance.

While cutting oats last week a horse belonging to Charles Trick and one owned by Sam Henry dropped dead in the field.

Andy Rehm, Frank Hesper, John Parrish and Kenneth Parrish, of Honduras, were visitors at the Koons home last Sunday.

Why Do So Many People Wear Glasses Nowadays?

Many people expect the truthful answer would be for style, but just as people are not content to travel on foot or by stage, as in olden times, so the people of today are not content to use their eyes as of old and they get glasses to take off the strain of picture shows, hard work by artificial light and other strains caused by indoor work. There is no way of keeping up with the procession in the strenuous life but having your nerves and health the best. The easiest way is to wear right glasses. This kind is made and guaranteed by Meigs, 1012 Calhoun street.

PAYS HIGH TRIBUTE TO COL. ROOSEVELT

Mr. Hughes Hands Out Some Compliments to Progressive Chieftain.

New York, Aug. 2.—In an address here to the Roosevelt league, Charles E. Hughes reiterated his demand that American rights on land and sea be respected and again assailed the present administration for what he termed its weak and vacillating policy. The nominee took occasion to pay tribute to Col. Roosevelt, declaring that he was proud to have the support of the organization bearing "the name of a great American."

"It bears the name of one who has very recently brought the whole country to a sense of its obligations and aroused a very deep feeling with regard to some of our most important concerns," he said.

Reaffirms Suffrage Stand.

Mr. Hughes reaffirmed his stand for a federal amendment granting woman suffrage, as outlined previously in his letter to Senator Sutherland of Utah. He declared that the question should be settled promptly.

As Mr. Hughes was leaving the meeting he was spoken to by Mrs. William Forse Scott, a leader in the anti-suffrage movement and formerly a member of the executive board of the anti-suffrage organization in New York state.

"I am sorry, Mr. Hughes—very sorry, that a man of your sincerity should support the federal amendment for woman's suffrage," said Mrs. Scott. "You, sir, will have four generations of women against you."

"I am sorry, madame, that we disagree," replied the nominee, and he passed on.

Mr. Hughes' Address.

Mr. Hughes' address was in part as follows: "It is an especial pleasure to meet you this afternoon and to recognize the very deep interest that you feel in this campaign. I am particularly glad to have the support of this organization. It bears the name of a great American. It bears the name of one who has very recently brought the whole country to a sense of its obligation and aroused a very deep feeling with regard to some of our most important concerns. I welcome the support of the Roosevelt league.

"This is a campaign in which I am sure women can not fail to take a very profound interest. They, if there can be any comparison in such a matter, feel more keenly perhaps than any one else with respect to the national honor and the importance of its maintenance to our proper preparation and our security; and, further, to that organization in our life in all its activities which will give us an America going forward to meet the responsibilities which are sure to be upon us after this war is over.

Does Not Seek Conflict.

"I note that you represent a very strong feeling with regard to our relation to the maintenance of American rights in connection with Mexico. We do not wish in this country to be brought into unnecessary conflict. There is not the slightest danger of that in a just, firm and consistent American policy.

"It is very difficult to satisfy our friends on the other side. If you say that the administration has been weak and vacillating, they reply: "That is an old story"—they knew that before. If you say they have been lacking in firmness and consistency, they say 'We are going to be firm to the future, and we are going to turn over a new leaf.'

"Now, my friends, this is the reckoning time. We are all stockholders in a great corporation and the balance sheet is presented in order that we may know what kind of administration of our affairs we have had. We took over the balance sheet and we find a serious debit balance and we do not trust the administrators that have brought it about.

Expects No Improvement.

"There is an incurable defect of character in the administration with respect to the weakness and vacillation which have characterized it; and we can not expect improvement from that source. We can judge by what has been done and by what has not been done, and we are here together under circumstances, very unexpected to me, to see if we can not have a genuine revival of American sentiment so that we may face the world erect and prepared.

ANGERED CRIPPLE SLAYS HIS FATHER

Franklin, Ind., Aug. 2.—Ralph Barger, 26 years old, a cripple and hunchback, shot and killed his father, Mack Barger, 49 years old, a farmer, at the Barger home north of Whiteland late Tuesday afternoon. The young man fired at his father with a shotgun, following a quarrel. He was brought to Franklin tonight and was placed in the county jail. He declared the shooting was accidental.

Barger, while not showing marged signs of insanity, has always been of a peculiar disposition, often wearing girl's clothing about the farm and even coming to this city in knee length skirts. His father had treated him as a boy.

The encounter followed several previous altercations, the cause of which is not known. Barger seized the shotgun and killed his father before Mrs. Barger could interfere. After the shooting the mother wrested the weapon from her son's hands. Barger disappeared and later was found hiding in a shed.

SHOP AND RAILROAD NEWS

EVERYTHING READY FOR BOWSER OUTING

Employes to Be Guests of Company at Winona on on Saturday.

Final arrangements are being completed for the annual excursion of the S. F. Bowser company employes, which will be run to Winona lake next Saturday. The entire plant will be shut down for the day, so that everybody may take advantage of the opportunity of a day's outing. The entire expenses of the trip will be borne by the company, and it is expected that several thousands of workmen and their families will be carried by the Pennsylvania to Winona, Saturday.

The first train will leave the station at 8 o'clock, and the second one a half hour later. There will be twenty coaches in all. Many sports and methods of entertainment have been arranged for the occasion and the affair is sure to be an enjoyable one. The Bowser baseball team and the team from Turners, both members of the shop league, will stage a regulation shop league game Saturday morning. In returning, the first section will leave the lake at five o'clock, and the second and hour later.

FRANK KROPP RETIRES

N. Y. Central Veteran of 35 Years Goes on Pension List.

Frank Kropp, who has been in the service of the New York Central railroad for the past thirty-five years, retired yesterday from active work and was added to the pension list of the road. Mr. Kropp recently reached his seventieth year, and under the age limit, goes on the roll of honor. He has been in charge of the freight house team tracks, where freight is received and delivered.

As a token of respect in which he is held, and in recognition of his long services, Mr. Kropp was yesterday presented with a smoking jacket, meerschaum pipe, and complete smoking outfit by the employes of the freight house and office. Mr. Kropp is a native of Germany, and was born in 1846. He fought in the Franco-Russian war of 1870, and was wounded in battle. The vacancy at the freight house will be filled by Edward Carroll.

J. J. BERNET HERE TODAY.

Nickel Plate Head Welcomed by Business Men.

J. J. Bernet, the newly appointed president of the Nickel Plate railway, arrived in Fort Wayne early this afternoon on his first inspection trip over the lines. Accompanying the president were the new directors and the chief officials of the road. The president's train left Chicago this morning at 6:30 o'clock. Immediately after his arrival in this city Mr. Bernet and his party was taken on a sight-seeing trip about the city in automobiles. A banquet will be given at the Anthony hotel tonight in honor of the new president, and many manufacturers and business men have been invited to attend. Mr. Bernet will make a speech outlining the policies of the Nickel Plate road as they affect Fort Wayne. Hon. S. B. Fleming is coming from New York to be present at the banquet.

SPEAKS TO SHOPMEN

Socialist Candidate for U. S. Senator at Noon-Day Meetings.

Jos. Zimmerman, the socialist candidate for the United States senate from Indiana, is making addresses to the men at the various shops about the city during the noon hour. The first meeting was held yesterday at the Western Gas works, and was well attended. The second meeting was held today at the Electric works, and the third and final one will be at the Pennsylvania shops tomorrow.

J. T. Crawford, traveling passenger agent for the C. R. I. and P. railroad, was in the city today on business for the company.

Ed. Mossbammer, of the punch press department at the General Electric works, is taking a weeks' vacation.

MORE MEN NEEDED

Despite the fact that about a hundred men have already been brought in from outside the city to increase the force, the trucking gang in the Pennsylvania freight house is still inadequate to handle the enormous business, and more men will probably be imported, as the local market will not supply the demand. The pay is twenty-one cents an hour.

SAFETY COMMITTEE MEETS

The Pennsylvania safety committee held its regular monthly meeting in the claim agent's office Wednesday afternoon at 2 o'clock. Nothing but the usual routine business was scheduled to be transacted.

AUTHORITIES PLAN TO FACE STRIKE CRISIS

Terrific Street Railway War in New York Seems Inevitable.

New York, Aug. 2.—New York state and city authorities are preparing today to deal with a great strike of street railway employes which, if begun, is expected to tie up virtually the whole street railway service of the city. Officers of the Amalgamated Association of Street Railway Men, who are in charge of the efforts to organize the employes in order to enforce a demand for recognition of the union and an increase in pay, said today that they were nearly ready to present their demands to the New York Railways company, operating most of the surface lines in the borough of Manhattan.

Officers of this company are preparing to resist the demands of the men and are establishing dormitories and training new employes in the operation of cars to take the places of strikers.

The threatened tie-up of every car line in Greater New York is to be only the first step in a nation-wide strike of street car men in order to win the union's demand for the right to organize everywhere, it was stated today by Louis Frediger, counsel for the union organizers.

"This is to be a country-wide affair," Mr. Frediger declared. "The organizing of street railway men is progressing rapidly. Attention is to be centered first on New York city."

The per capita wealth of the United States now has almost reached the $2,000 mark.

DAMAGES ASKED FOR CRASH WITH AUTO

Nora and Ed Cutshall Demand $7,000 from Hiram Frazier.

Suits aggregating $7,000 damages have been filed in superior court against Hiram Frazier by Nora, asking $5,000, and Edward Cutshall demanding $2,000 damages, alleging that Frazier, driving an auto at excessive speed, collided with a carriage in which the plaintiffs were riding on the Lima road May 6, 1916. Frazier, it is charged, hit the vehicle from the rear as the driver of the carriage turned out for another vehicle.

Damages are asked for injuries to Mrs. Cutshall when their carriage upset and for damages to the vehicle. The law firm of Harper & Fuelber represents the plaintiffs.

Suit for Divorce.

Eunice Waldron has brought suit in superior court against James W. Waldron for a divorce. The Waldrons were married Jan. 28, 1914, and separated in June, 1916. Cruelty and failure to provide are alleged.

Suit to replevin on a cow involving $50 has been filed by Christian Elett against Christ Humbarger. Emrick & Emrick are attorneys for the plaintiff.

Notes of Courts.

Howard Hoke has brought suit in superior court against Leo Rosenberg and Harry E. Boughers to foreclose a mortgage for $4,650 and for appointment of a receiver. L. J. Hartzell is the plaintiff's lawyer.

Georgiana Burrett, asking for a divorce from George Burrett in superior court, alleges cruel treatment. They were married December 16, 1906, and separated Tuesday. Ryan, Ryan & Aldrich are attorneys for the plaintiff.

Cruelty and failure to provide are the allegations in a divorce bill of Elsie M. Merriman against Ralph Merriman. The Merrimans were married in 1911. Ryan, Ryan & Aldrich are attorneys for the plaintiff.

Mrs. Priscilla Steel-Cursen, 83, has been granted a divorce from her fifth husband, Silas Cursen, 79. She married Cursen six weeks ago. Tuesday she received $1,000 damages for the death of her fourth husband, George Steel, killed a year ago in an explosion. She charges her last husband with drunkenness. She was denied alimony.

Divorce is Sought.

Maggie B. McKeefer has brought suit in the superior court for a divorce from Thomas E. McKeefer, charging desertion and that he lives in adultery with a woman in Grand Rapids, Mich., and former resident of this city. Three children were born, of which custody is asked. Mr. and Mrs. McKeefer were married March 1, 1898, and separated March 21, 1916. The plaintiff also asks title vested in her to a grocery which McKeefer operated before leaving and to household goods. Howard Hanthorn is attorney for the plaintiff.

Suit is Dismissed.

On motion of the plaintiff the Arcola Equity company's suit on account against Paul H. Trier has been dismissed.

Divorce Is Asked.

Two days of the married relation sufficed for Olive M. and Arthur J. Weber, and Wednesday Mrs. Weber filed suit for divorce from her husband charging cruelty, that he used vile language and that he deserted her. She has not seen the defendant for a year, the complaint says. They were married Nov. 25, 1914, and separated two days later. Vesey & Vesey are attorneys for the plaintiff.

Henry Schoenherr was granted permit to build a $500 addition to his garage at 707 Lafayette street; John J. Jessup will erect a frame dwelling at 3161 Hoagland avenue, and Charles Dalmon will build a $400 addition to his home, 1914 Harrison avenue.

VARNISHING DAY.

All furniture about the police station smelled of varnish Wednesday. Desks, chairs and benches were given a coat of the enamel. Work of remodeling the offices of Chief Lenz and Matron Winch is nearing completion and it is expected that the rooms will be ready for occupancy by Monday.

IN JAIL FOR HITTING MOTHER-IN-LAW IN EYE

Colman Brown's mother-in-law thought he had lots of money when he married her daughter, he said. Brown shattered the dream of his mother-in-law when he admitted after his marriage that he did not have money.

Since then Brown's mother-in-law has hectored him, he says. He says he was in no humor to be hectored, Wednesday noon, when he came home tired from work. Mother-in-law did not know that. She hectored him again, he says. Brown bit his mother-in-law in the eye and knocked her down. Her eye is badly swollen.

Mrs. Clara Ebersole, the mother-in-law, who rooms on Berry street, called the police. They went to Brown's home at 226 Rudisill boulevard and arrested Brown. He is in jail awaiting a hearing on a charge of assault and battery preferred by his mother-in-law.

FT. WAYNE STAR LOSES OUT IN FOURTH ROUND

Mulholland Eliminated by Columbia City Man in Tennis Play.

The fourth round of the Northern Indiana Tennis tourney was started again this morning and soon Fort Wayne's hopes of having a man in the play for the finals, go shooting to the stars. Murdoch Mulholland, the high school star, the only Fort Wayne player to survive the play to the fourth round, was eliminated this morning by Phil McNagny, of Columbia City. The younger boy lost before the smashes of the older player and went down to defeat only after a hard fight for honors. McNagny took the contest in straight sets both by the score of 6-1.

The visiting player took shots back to the local lad and seemed to have the boy baffled at the style of play. Mulholland has a fine service and worked to advantage at times, but the smashes to the back court and the net play of the Columbia City player took the match and set the Fort Wayne hopes down to nothing. Mulholland is young and the experience given him in the tourney this year will be of avail to him next year.

Ketchem seems to bid fair for a good place in the finals of the play for the way he's going now seems to indicate that he has a little more than the rest. In the fourth round of play this morning he defeated Dr. R. G. Owens in 4-6, 6-0, 6-3. The doctor started out with a flash and looked to be good for a win but the youth came back with a love set the next play and took the next one after a hard gruelling. The Chicago lad used his California chop to perfection and won many points by it. He plays a fine net game and his overhead smashes give him a good start toward the head of the list.

Haupt lost to Thomas by the score of 6-2, 6-1. Thomas did not have to extend himself to the limit only on a few occasions.

Kiefer, the Cincy lad, who illiminated Clinton Borton in the first round, kept up his work and defeated Van Arsdale in the fourth round this morning. The play was fast and many plays brought comment from the gallery. The Cincy lad is a left handed player and for that reason he has a wonderful reverse American serve. The ball comes over like a bullet and hardly bounces at all. He plays a fine placing game and whoever illiminates him will have to cover a large amount of the court.

In the doubles play of the first round Hoag-Ketchem started out like whirlwinds and defeated McNagny and Baker, last year's champion double team. The visitors took the champs down in two straight sets, score 6-3, 6-4.

Hendricks-F. Bastian defeated Margold-Hite in the second round of the doubles. The Indianapolis players play together fine and made many brilliant plays during the match. Hendricks is the older of the two and has more experience. He plays a heady game and has a serve that anyone would be proud to call his own. His side partner, F. Bastian, is a youth that bids fair to cop something before many years have passed. The boy plays the game like a veteran, a serve that reminds one of the "Famous Bullet" that is about to come back at Forest Hill next week.

The results of Tuesday afternoon's play are: J. McKay defeated D. Robertson, score, 6-2, 6-4; L. Ritch defaulted to J. Hennessey; Hendricks defeated Troemel, 7-5, 6-4; Hoag defeated J. Miller, 6-1, 6-3; Van Arsdale defeated J. Frank, 6-2, 6-4.

KILLED IN BANDIT ATTACK.

Laredo, Texas, Aug. 2.—Nine constitutionalist soldiers and several bandits were killed when 200 bandits attacked a northbound National Lines train at Gonzales Junction, Mexico, on July 28, according to reports received at Nuevo Laredo today. Seventy-five soldiers aboard the train dispersed the attackers.

LACK OF FUNDS MAY END STRIKE.

Duluth, Minn., Aug. 2.—Lack of funds may end the strike on the Minnesota iron range and defeat the Industrial Workers of the World, according to Miss Elizabeth Gurley Flynn, I. W. W. leader. Miss Flynn said her chief purpose in remaining in Duluth was to canvass laboring men here for 800 destitute families of strikers.

POLICE MAY ORDER SALOON BARTER HALT

Saloon keepers may be ordered by police to stop the practice of giving drinks for articles left with them by strangers. Many of the things taken by petty larceny thieves are traced direct to saloons. The goods have been given over for a few drinks.

Detective Sergeant Brennan was busy Wednesday morning tracing down the contents of a suit case stolen Monday from a room on West Wayne street. The suit case was the property of A. B. Shank, of Hicksville, Ohio. It contained a kit of barber tools. Brennan located the articles in several saloons and barber shops.

Police think that much of their search for stolen goods would be unnecessary if some saloon keepers did not offer such a ready market for the stolen articles. If bartenders will not be gracious enough to call police for an investigation when articles are offered in exchange for a few drinks, police may order that the bartering system be stopped.

PIONEER RESIDENT OF COUNTY EXPIRES

Mrs. Anna Kronmiller is Called by Death at Age of 82 Years.

Mrs. Anna Maria Kronmiller, one of the pioneer residents of Allen county, died Wednesday morning at the home of her daughter, Mrs. William Sutter, 615 Fifth street, at the advanced age of 82 years. Death was due to paralysis and followed an illness of three weeks.

Born in Wuertenberg, Germany, she came to the United States with her sister, Mrs. Seeger, over sixty years ago. A few years later she came to Allen county and settled in Lake township, where she resided until a few years ago when she came to Fort Wayne to make her home with her children.

Mrs. Kronmiller was a charter member of the St. John's Lutheran church of Fort Wayne. Her husband and one daughter preceded her in death. She is survived by five children—Mrs. William Sutter, of this city; Mrs. J. D. Butt, of Lake township; George Kronmiller, of Fort Wayne; John, of Lake township, and Charles, of Columbia City. There are also twenty-three grandchildren and fifteen great-grandchildren.

Funeral services Friday afternoon at 1:30 o'clock at the residence of the daughter and at two o'clock at St. John's Lutheran church. Interment at St. John's cemetery.

NEFF.

John Henry Neff, a former resident of Fort Wayne, but for the past sixteen years a resident of Los Angeles, Cal., died at that place a few days ago. The body is being brought to Fort Wayne for burial. The deceased was a veteran of the civil war and was well known in this city.

The remains will arrive in Fort Wayne Friday afternoon and funeral services will be held Saturday afternoon at 2 o'clock at the Peltier undertaking parlors. Interment at Lindenwood.

GIESBONE

Mrs. Mary Giesbone, of Wolcottville, died late Tuesday afternoon at a local hospital, following an operation for stomach trouble. She was twenty-two years of age. The husband and one child survive her.

The body was sent to Wolcottville for burial.

BANDTEL.

Mrs. Bertha F. Bandtel, wife of George F. Bandtel, of 304 Masterson avenue, died at 10:45 o'clock Wednesday morning at the family home at the age of forty-six years. Death was due to heart trouble and followed an illness of but two days in duration. She had suffered from heart trouble for several years.

Mrs. Bandtel was born at Vera Cruz, Wells county, Indiana, but had resided in Fort Wayne for the past thirty years. She was a member of the First Evangelical church and of the Ladies' Aid society of the same congregation.

Besides the husband, who is employed at C. C. Schlatter's hardware store, she is survived by three children: Fred, Helen and Bertha, all of Fort Wayne, and one sister, Mrs. William Regenaur, and one brother, Gustave Weber, both of Fort Wayne.

FUNERAL NOTICES.

Bence.—Funeral services for William C. Bence will be held Thursday afternoon at 2 o'clock at the residence, 918 Monroe street, Rev. D. H. Guild officiating. Interment at the I. O. O. F. cemetery, near New Haven. The Ben Hurs will also hold their services.

SOUGHT TO PROVE UNITY OF ALLIES

Asquith Explains Purpose of Economic Conference at Paris.

London, Aug. 2.—5 p. m.)—Premier Asquith, on opening the discussion in the house of commons today on the resolutions of the Paris economic conference, said the British government had entered the conference with two objects in view. The first was to convince the central powers that the entente allies, whatever their views on the economic policy, were resolved to wage war in complete unity and determination in economic as in military spheres. The second was to make preparations for the period following the declaration of peace in view of the known attitude and will of the Germans.

The Germans would start with obvious advantages, the premier continued, through their action in destroying the works and factories in the invaded countries and because of the fact that they had a large maritime fleet safely interned in German and neutral ports, it would be necessary to make preparations for the coming of peace, and the resolutions of the conference represented the general lines upon which these preparations would proceed.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Aug. 2.—Announcement that thousands of acres in Manitoba have been so badly affected by black rust that they would not pay the expense of harvest led to a fresh advance today in wheat values here. Opening prices, which ranged from ⅞c to 2⅜c higher, with September at $1.25⅛ to $1.26 and December at $1.29¼ to $1.30¾, were followed by additional sharp gains.
Predictions of hot dry weather gave corn a lift. After opening ⅞@1c higher, the market reacted a little, but then rose to a further extent than before.
Improved export call strengthened oats.
Lower quotations on hogs carried down provisions.

Poultry—Market irregular; broilers, 21@23c; fowls and turkeys not quoted; dressed firm; broilers, 21@30c; fowls, 17½@22c; turkeys, 23c.

THE DAY ON WALL STREET.

New York, Aug. 2.—Standard stocks like Union Pacific and U. S. Steel furnished such stability as was shown at today's opening, special issues displaying further irregularities. Motor shares were under pressure with Mexican Petroleum, Industrial Alcohol and Bethlehem Steel, the latter losing 3½ points on its first sale in a week. Gains of material fractions to a point were scored by Baldwin Locomotive, General Electric, Philadelphia company, Inspiration Copper, Beet Sugar and Hide and Leather preferred. In the main rails showed further hesitation.
The uncertain trend of speculative sentiment became more marked, said later under further selling of Motors, a sharp drop in Mexican Petroleum and the contrary movement of other specialties, notably United Fruit, Sugars and United Cigar Stores. Fruit rose three points without stimulating demand for other shipping shares until toward midday, when Marine preferred gained a point. Dealings lacked the breadth and confidence of the preceding day. Bonds were irregular, with numerous future sales of Rock Island fours at a slight concession.

ILLEGAL LIQUOR SALE IN FACTORY CHARGED

Leader of Imported Crew at Western Gas Plant is Arrested.

Fred Fields, of Chicago, vice president of the Manufacturers' Service company and leader of the strike breakers at the Western Gas Construction company plant, was brought into police court Wednesday morning, charged with the illegal sale of intoxicants. He is held under $1,000 bond for trial on August 9.

Arrest of Fields followed testimony of two of the men who were in police court charged with carrying concealed weapons and with being intoxicated. Both men said that all workmen at the plant were served with liquor each night and that the pay for the drink was taken out of their wages at the week end. Fields furnished the beer, they testified.

Chief Lenz ordered the arrest of Fields at once. Bond for Fields was signed by W. G. Kaiser, superintendent of the Western Gas Construction company. In talking with Chief Lenz, Kaiser decried the arrest of Fields as unwarranted.

"The men have a right to keep beer in the plant to drink," Kaiser said. "The men stay there. It is their home. A man can keep beer in his home and give it to his friends. I do that and nobody raises a disturbance. This case is not fair."

Fields asked continuance of his case in order that he might secure services of Judge Kavanaugh, of Cleveland, deputy United States district attorney, he said.

"I have warned the men personally that they must not keep beer in the plant," Chief Lenz said. "They can go out to a saloon and get their drink if they must have it. Fields has no right to sell the liquor."

Other Workmen Fined.

Walter Campbell, molder, and Amos C. Buchman, foreman, are held under $300 bond each to insure their appearance as witnesses against Fields.

Campbell was arrested Tuesday night on a drunk charge. He was fined $5 and costs. Fields paid his fine. Campbell testified that he had worked at Tiffin, O., some time ago as strike-breaker. He said the beer given the men here was furnished by the Manufacturers' Service company. oMney was paid to Fields, he said.

Buchman, 35, was fined $50 and costs for carrying concealed weapons. His fine of $60 was paid by Fields in one-dollar bills. Buchman came to Fort Wayne from Cleveland, he said. He got the gun which police say he was brandishing in a saloon near the gas plant from a man named Harry, he said.

"Each man is served with four pints or two quarts every night," he said when asked by Prosecutor Hoffman about sale of beer at the plant. "We pay 5 cents a pint for the beer. The money is deducted from our pay when we draw our wages."

Fined for Dumping Garbage.

H. Andy Roslocsky was fined $10 and costs because he dumped two barrels of garbage on a lot near Clinton street. Roslocsky hauled the garbage for two squares in leaky barrels. He was trailed by Sanitary Officer Brown, who followed him by the stench. He pleaded guilty to the charge.

"Garbage and hot weather are a terrible combination," Judge Kerr said, as he imposed the fine in order to impress the necessity of care with waste when there is so much danger of disease.

Held for Child Neglect.

Frank Broscoski is held in jail under $500 bond for trial on Aug. 7 on a charge of child neglect. He was arrested in Chicago Tuesday by Detective-Sergeant Brennan. He had not contributed towards keeping his children in weeks, Brennan says. His wife will appear in court Monday.

Other Police Court.

Henry Brooks, who caused a sensation in the Lakeside park region when he enjoyed a garbless sleep on one of the bridges Tuesday afternoon, was fined $50 and costs on a charge of indecent exposure. The entire fine must be served at the state farm.

George James, taken from the Wayne hot... a state of intoxication Tuesday night, was fined $1 and costs. Ross Hoffman, 16, charged with loitering by his mother, who says he will not work, was given a chance to hunt a job.

BABY BOND'S BIG BROTHER ALSO POPULAR

The $500 bonds of the same issue as the much talked of Baby Bonds, and except for the larger denomination, identical with the Baby Bonds, are proving exceedingly popular among the local business men who prefer the larger investment but who desire the same security and rate of interest of the Baby Bond.

Baby Bonds are in $10 denominations, are secured by first mortgages on local real estate and bear six per cent interest. There are also some $500 bonds with the same security and the same rate of interest. For further details see the Wildwood Sales Company, Shoaff building.

SAY HUGHES' SPEECH IS INEFFECTIVE ONE

Worse Than Pussy-Footing is General View of Administration.

Washington, Aug. 2.—Here in brief is the way political Washington regards the acceptance speech of Charles E. Hughes, republican candidate for the presidency:

President Wilson and his cabinet—Dry, flat and ineffective.

Democrats in congress—Disappointing and unimpressive.

Republicans in congress—Strong, sound, dignified and constructive.

Wherever politicians met yesterday the one subject discussed was Mr. Hughes' speech and the effect it would have upon the voters. The document was read yesterday morning by the president and members of his cabinet and later discussed by them at the usual Tuesday session.

"Worse Than Pussy-Footing."

Postmaster General Burleson, who is the political spokesman of the administration, expressed the views of himself and his colleagues in the following words:

"The speech is worse than pussy-footing. It is a complete lay-down. The people are tired of generalities and expect candidates to be specific in their promises. Mr. Hughes does not say what he would have done in Mexico or what he will do if elected. The speech suits democrats all right."

The administration recognizes as the weakest issue it will have to face in the campaign is that of Mexico. Basically, it is pointed out, Mr. Hughes' platform is that of Mr. Wilson. Both are opposed to a policy of aggression; both declare they have no desire for Mexican territory, and both wish peace in the neighboring country.

Criticism May Prove Helpful.

Mr. Hughes wants protection of American life and property in Mexico and the security of our border from depredations; Mr. Wilson, it is pointed out, has been working precisely for these things. Military intervention in Mexico, the administration asserts, would intensify the hatred of Mexicans for the United States and would be successful only at a heavy cost in life and treasure.

The president has been laboring to restore peace and order through the Mexicans themselves, and has been endeavoring also to put an end to border raids. It is the belief of the president that the commission of Mexicans and Americans to be appointed will develop an agreement between the two countries which will result in the early suppression of border raiders and the establishment of order in a large part of Mexico.

If this can be accomplished by the middle of October—and the president is confident it can be—administration supporters point out that Mr. Hughes' present criticism will be helpful rather than hurtful.

Would Justify Course.

It is not the intention of the democrats to wait to see the result of the commission's labors before justifying the president's policy with the people. The greatest, indeed, the one argument, which will be dinned into the voters' ears, is that as a result of Mr. Wilson's course the country has been kept out of war.

It will be presented by the democrats in the senate and house; by officials of the administration, including members of the cabinet and Solicitor General Davis, and by the president himself in the speech of acceptance he will deliver immediately after the adjournment of congress.

Instead of being criticised for calling the national guard into service and stationing its various units along the frontier, it will be asserted that this was a wise move in the interest of peace.

FAMILY TROUBLES FINALLY SETTLED

Well Known Local Residents Freed From All Former Ailments Through Tanlac.

Another story that glistens and glows with a real concern for others was told here recently by Mrs. Delia Roebuck, a well-known Fort Wayne woman of 2333 South Lafayette street, whose husband is employed at the Pennsylvania railroad shops in this city. In a most frank manner Mrs. Roebuck told of the great relief her husband and herself gained through use of Tanlac, the celebrated new medicine.

"I have suffered with liver trouble for years," she said. "My kidneys also were out of shape and for the past three months my stomach has been in bad condition. The kidney trouble caused terrible pains in my back just below the shoulder blades. My appetite was poor and I didn't sleep well.

"My stomach trouble has vanished since I took Tanlac. There is no belching now and the pains have ceased. My appetite is fine and I sleep like a child. The kidney trouble has also been relieved the pains in my shoulder blades having disappeared.

"My husband had stomach and kidney trouble. His appetite was poor and he was bothered with indigestion. One bottle of Tanlac has restored his appetite and the stomach and kidney troubles have been benefited greatly.

"I heartily indorse Tanlac because this new medicine has certainly helped myself and my husband."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like.

$4,000,000 GAIN IN VALUATIONS SHOWN

State Tax Board, Completing Annual Work, Submits Report on State.

Indianapolis, Aug. 2.—The valuations of personal property and corporations in the state is expected to show a net gain of approximately $4,000,000 over last year, according to the state board of tax commissioners, which adjourned its annual sitting yesterday. But for a gain of approximately $5,000,000 in Marion county alone, the state valuation would have shown a net loss of $889,159.

In forty-six counties of the ninety-one outside of Marion county there was a loss of $10,871,769. In forty-five counties there was a gain of $9,982,610. This shows that the net loss of the state tax revenue sources in ninety-one counties as amounting to $889,159. Marion county's greatest increase, due to an increased valuation of public utilities and other items.

The reports of the board show further that the state average valuation placed on each person's household belongings amount to $39.20; on farm implements, $41.40; horses and mules, a head, $70.10; cattle, a head, $27.40; hogs, a head, $6.10; sheep, a head, $4.50; automobiles, $211.50.

Valuation figures vary widely in different counties. For instance, horses are valued at $100.90 a head in Tippecanoe county and at $49 in Scott county. These discrepancies are explained by resolutions passed by the body just before adjournment. In the two instances named there is said to be a very high grade of horses at Lafayette and near by owing to large numbers of pure-bred animals of a very high order at stock farms, while in Scott county there is an abundance of mules of low value.

Discrepancies Explained.

The resolutions are as follows:

"Be it resolved, That while there are apparent discrepancies in the assessment of certain classes of personal property in the various counties of the state, we are of the opinion that such discrepancies do not work an injustice between the counties as requires the action of this board.

"Our action upon this subject of equalizing the assessments of the counties is, by statute, confined to the raising or lowering of the assessment of all the personal property of one or more of the counties. Approximately nine-tenths of the taxes raised in each county are consumed in the county, and the important thing in the matter of equalization is to have equal assessments within the county. If we should raise or lower the assessment in any county we would probably do more injustice between the taxpayers of that county than we would gain in the attempt to equalize between the counties.

"Be it furthermore resolved, That as each county has represented that the people of the county are satisfied with the local assessment made this year, we deem it to be our duty to let the local assessment of the additional improvements and of the personal property stand as made by the local authorities.

Decide Seventy-three Appeals.

Seventy-three appeals were decided by the tax commissioners in the course of their sessions, which have been in progress since April 3 and which adjourned yesterday at noon. Thirty-one of the appeals were sustained.
